

Areas qualifying as a STEM major:

Agronomy and Crop Science	Natural Resources Management	Computer System Administration	Medical Radiologic Technology
Animal Sciences	Physical Sciences, General	Data Management Technology	Medicine (Pre-Medicine)
Astronomy	Physics	Information Science	Nuclear Medicine Technology
Atmospheric Sciences and Meteorology	Science Education	Management Information Systems	Nursing, Practical/Vocational (LPN)
Biochemistry and Biophysics	Wildlife and Wildlands Management	Mathematics Education	Nursing, Registered (BS/RN)
Biology, General	Zoology	Mathematics, General	Optometry (Pre-Optometry)
Cell/Cellular Biology	Computer Science and Mathematics Majors/Occupations	Statistics	Osteopathic Medicine
Chemistry	Actuarial Science	Webpage Design	Pharmacy (Pre-Pharmacy)
Ecology	Applied Mathematics	Medical and Health Majors/Occupations	Physical Therapy (Pre-Physical Therapy)
Environmental Science	Business/Management Quantitative Methods, General	Athletic Training	Physician Assisting
Food Sciences and Technology	Computer and Information Sciences, General	Chiropractic (Pre-Chiropractic)	Respiratory Therapy Technology
Forestry	Computer Network/Telecommunications	Dentistry (Pre-Dentistry)	Surgical Technology
Genetics	Computer Science and Programming	Emergency Medical Technology	Veterinarian Assisting/Technology
Geological and Earth Sciences	Computer Software and Media Application	Food and Nutrition	Veterinary Medicine (Pre-Vet)
Horticulture Science		Health/Medical Technology, General	Engineering and Technology
Marine/Aquatic Biology		Medical Laboratory Technology	
Microbiology and Immunology			
Natural Resources Conservation, General			

Majors/Occupations	Biomedical Engineering	Communication Engineering	Industrial Production Technologies
Aeronautical/Aerospace Engineering Technology	Chemical Engineering	Electrical/Electronics Engineering Technology	Mechanical Drafting/CAD Technology
Aerospace/Aeronautical Engineering	Civil Engineering	Electromechanical/Biomedical Engineering Technology	Mechanical Engineering
Agricultural/Bioengineering	Civil Engineering Technology	Engineering (Pre-Engineering), General	Mechanical Engineering Technology
Architectural Drafting/CAD Technology	Computer Engineering Technology	Engineering Technology, General	Military Technologies
Architectural Engineering	Construction Engineering/Management	Environmental Control Technologies	Nuclear Engineering
Architectural Engineering Technology	Construction/Building Technology	Environmental Health Engineering	Quality Control and Safety Technologies
Architecture, General	Drafting/CAD Technology, General	Industrial Engineering	Surveying Technology
Automotive Engineering Technology	Electrical, Electronic, General	Video Game Designer	Coding
Automotive technicians	Forensic Science Technician	Video Game Development	Web Design
Cost estimator	Web Developer	Game Design	Gaming
Computer/Information researcher	Accountant	Lab Technicians	Information Technology
Information Technology	Computer Systems Analyst	Computer Systems Administrator	Cyber Security
Information Security	Computer Networks	Computer Support Specialist	Product Technology
Software Developer	psychologist	Science Technician	Medical Technicians
Wildlife biologists	Financial Analyst	Therapists	Health Aides
Urban/regional planners	Database Administrator		Installing/Maintaining Networks
			Transportation planners
