GCI Communication Corp.

1.2 GENERAL DEFINITIONS

ACCESS LINE - (See Exchange Access Line)

ACTUAL COST - is defined as cost of labor and materials, including the charges for supervision and other overhead.

AIR LINE MILEAGE - is the shortest distance between the points involved.

ANONYMOUS CALL REJECTION - an Enhanced Custom Calling Feature that allows a subscriber to reject incoming calls from callers who have intentionally blocked all of the associated caller identification information. If the incoming call is anonymous, it is routed to a recorded announcement. The Anonymous Call Rejection subscriber does not receive any indication that calls are being rejected.

APPLICANT - is the person making application to the Utility for service.

BASE RATE AREA - is that section of an exchange area within which base rates apply and which usually contains the more compact continuous development.

BATTERY POWER - is direct current electrical energy furnished on the customer's premises by means of a circuit from the central office or other source of supply to a private branch exchange system or other equipment requiring separate electrical energy.

BURIED CABLE OR BURIED WIRE - is a cable or wire designed for use in underground construction and utilized in extending the Utility's telephone plant. As used herein buried refers to direct buried cable or wire as opposed to underground cable which refers to cable or wire in a conduit system.

BUSINESS COMPLEX - is business service provided on a line basis, utilizing hunt group services, or on a trunk basis.

BUSINESS CUSTOMER - is a single, recognizable business entity whose access line(s) are designated by the Local Exchange Carrier as a business line(s). (N)

1.2 GENERAL DEFINITIONS (Cont'd)

BUSINESS COMPLEX PREMIUM - is business service provided on a line or trunk basis, utilizing hunt group services, to be terminated on a key system or PBX system when the customer requests Centrex type optional features.

BUSINESS SERVICE - is exchange service furnished to individuals engaged in business, firms, partnerships, corporations, agencies, shops, works, tenants of office buildings, fraternal lodges, churches, clubs, other organizations of a similar nature and individuals practicing a profession or operating a business who have no offices other than their residence and where the use of the service is principally or substantially of a business, professional, or occupational nature.

BUSINESS SIMPLE - is business service provided without any associated hunt group services.

CALL BLOCK - an Enhanced Custom Calling Feature that allows a subscriber to designate their truncated main directory name and number as private and prevent delivery to a called party using Caller ID.

CALL BLOCK - PER CALL - an Enhanced Custom Calling Feature inherent in basic service that allows a subscriber to designate their truncated main directory name and number as private and prevent delivery to a called party using Caller ID. On a per call basis, the customer dials the per call blocking activation code of *67 (or 1167 for rotary or pulse-dialing phones) which prevents their name and telephone number from being displayed.

CALL BLOCK - PER LINE - an Enhanced Custom Calling Feature that continually designates a customer's directory name and number as private and prevents delivery to a called party using Caller ID. On a per call basis, the customer may dial the per call unblocking activation code of *82 (or 1182 for rotary or pulse-dialing phones) which allows delivery of their truncated main directory name and number to a called party using Caller ID.

1.2 GENERAL DEFINITIONS - (Cont'd)

CALLER ID - an Enhanced Custom Calling Feature that allows a subscriber to view the truncated main directory name and telephone number of an incoming call before answering. After the first ring, the central office sends the name and telephone number of the calling party as well as the current month, day, hour and minute. Caller ID requires a telephone set or a separate display unit capable for recognizing and displaying the calling telephone number sent from the central office.

CENTRAL OFFICE - is a switching unit in a telephone system which provides service to the general public, having the necessary equipment and operating arrangements for terminating and interconnecting customer lines and trunks.

CENTREX - see Section 1.3.

CHANNEL - is a path for communications between two or more stations or Utility offices, furnished in such a manner as the Utility may elect, whether by wire, radio or a combination thereof.

CHANNEL MILEAGE FACILITY - is a rate element associated with private line service. It relates to the cable and wire facilities between wire centers, measured in miles, utilized in a private line configuration.

CHANNEL MILEAGE TERMINATION - is a rate element associated with private line service. It relates to the central office equipment terminations between wire centers utilized in a private line configuration.

CHANNEL TERMINATION - is a rate element associated with private line service. It relates to the facilities and termination between the customer designated premises and the serving wire center utilized in a private line configuration.

CLASS OF SERVICE - is the various categories of service generally available to the customer: business, residence, public and semi-public.

1.2 GENERAL DEFINITIONS - (Cont'd)

COIN BOX SERVICE (PUBLIC AND SEMI-PUBLIC SERVICE) - See Public Telephone Service and Semi-Public Telephone Service definitions.

COMMON CONTROL SWITCHING ARRANGEMENT (CCSA) - A switched service network designed for customers having extensive private communications requirements. All stations associated with a customer's network may dial each other regardless of location and without using exchange and toll facilities. Off-network access via local or WATS lines may also be provided.

COMMON CHARGES - The charges listed in this section are common to all Company service areas. Service area specific charges are found in the appropriate rate sections. (N)
(N)

COMMUNICATIONS SYSTEM - is channels and other facilities which are capable, when not connected to exchange telecommunications service, of two-way communications between customer-provided terminal equipment or Utility stations.

CONTIGUOUS EXCHANGES - are two exchanges whose boundaries adjoin.

CONTINUOUS PROPERTY - is a property owned or leased by a customer where all portions may be served without crossing a public thoroughfare or the property of another. The property of a customer when divided by a public thoroughfare is considered to be continuous provided the customer furnishes at his expense a pedestrian underground or enclosed pedestrian overhead passageway suitable for telephone circuits between the portions of the property separated by the public thoroughfare.

CONTINUOUS PROPERTY SERVICE - is a rate element associated with a communications path connecting two customer designated premises within the same building or within the same continuous property.

CONTINUOUS REDIAL - an Enhanced Custom Calling Feature that, when activated, directs the central office to place a call to the telephone number of the last outgoing call from their telephone. The central office will redial the telephone number whether or not the original call was answered, unanswered or busy. If the redialed number is busy, the central office will monitor the status of that line for up to 30 minutes. When the line becomes available, the Continuous Redial subscriber will be signaled with a distinctive ring. When the subscriber lifts the handset, the call will be automatically dialed. (L)

CUSTOMER - is the person in whose name service is furnished as evidenced by the signature on the application or contract for that service, or in the absence of a signed instrument, by the receipt and payment of bills regularly issued in his name regardless of the identity of the actual user of the service. See also Subscriber. (L)

CUSTOMER OWNED AND MAINTAINED EQUIPMENT (COAME) - any device, apparatus or wiring provided by the customer for which complete ownership and maintenance responsibility resides with the customer. The Utility's liability is limited to interconnection in accordance with the rules and regulations outlined elsewhere in this tariff or as provided under a separate written agreement.

DID INTERCEPT - calls which cannot reach their destination, may be intercepted and diverted to a station attendant, a recording or some other place.

DID RETRANSLATION - A DID numbers block, or part thereof, will be retranslated routing a particular DID number(s) to a different number(s) in the same wire center or to an alternate wire center within GCI's exchange area and then to the customer.

DIGICALL - Service that provides enhanced switched digital voice and data communication service that originates in the local exchange company's electronic switching equipment and operated over standard telephone lines.

DATE OF PRESENTATION - is the date upon which a bill or notice is mailed or delivered to the customer, or if not mailed, the date upon which that bill or notice is presented to the customer by a representative of the Utility.

1.2 GENERAL DEFINITIONS - (Cont'd)

EXCHANGE SERVICE - See Local Service.

EXTENDED AREA SERVICE - is interexchange telephone service furnished at flat or message rates between one or more exchanges.

FACILITIES - are instrumentalities, supplemental equipment, apparatus, wiring, poles, cables and other materials and mechanisms necessary to, or furnished in connection with, telephone service.

FLAT RATE SERVICE - is exchange service furnished at a fixed periodic charge.

FOREIGN ATTACHMENT - is equipment attached or connected to Utility equipment not owned or authorized by the Utility for use with the telephone service furnished.

GRADE OF SERVICE - refers to the number of parties served on a telephone line such as one-party, two-party, four-party.

HARM - electrical hazards to Utility personnel, damage to Utility equipment, malfunction of Utility billing equipment, and degradation of service to persons other than the user of Customer Owned Equipment, his calling or called party.

INDIVIDUAL LINE SERVICE - See One-Party Service.

INSTALLATION CHARGE - is an initial non-recurring charge made to cover all or a portion of the cost associated with the installation of telephone facilities.

INSTRUMENTALITIES - are the telephone equipment instruments, switching devices and associated equipment, including drop wire, located on a customer's premises.

INTER-RING LINK - in a customer's ATLAS configuration, the Inter-Ring Link is the transmission facility that connects like Data Links between customer designated locations. The maximum length of an Inter-Ring Link is twenty-five miles between Data Links. The Inter-Ring Link connects Data Links of a point-to-point circuit or multiple Data Links in an multi-point configuration. The Inter-Ring Link is a rate element applied per 5 mpbs channel utilized.

KEY TELEPHONE SYSTEM - A system in which the telephones have multiple buttons permitting the user to select outgoing or incoming ventral office phone lines directly. With a key system you don't have to dial 9 to get an outside line.

KEY TELEPHONE SERVICE - is exchange service furnished by means of assemblies of one or more individual or PBX station lines, including at least one key telephone set arranged for cutoff, holding, intercommunicating, pickup and signaling within the capacity of the equipment. All stations in the assembly are key telephone stations.

LAST CALL RETURN - an Enhanced Custom Calling Feature where the subscriber directs the central office to redial the telephone number of the last incoming call to their telephone. The subscriber can return a call without knowing the telephone number of the calling party. This feature does not work for private telephone numbers. (N)
(N)

LIFELINE SERVICE - is a service that offers a reduction in the local residential monthly recurring service charges. Lifeline service is available to qualifying residential customers of the Company and is applicable only to their principal residence.

LINE EXTENSION - is the outside plant required in addition to existing facilities to render telephone service, exclusive of instrumentalities.

LINE INSULATION TEST - (LIT) A test performed from the central office, which measures resistance and voltages on local lines to find faults.

LINKUP ASSISTANCE - is a service that offers a discount of the applicable non-recurring new service connection charges. Linkup assistance is available to qualifying residential customers of the Company.

LOCAL EXCHANGE - That exchange in which the primary station is located.

LOCAL MESSAGE - is a communication between a calling station and any other exchange station within the local service area of the calling station.

LOCAL PRIVATE LINE - is a line located wholly within an exchange, furnished for the customer's own use for communication or signalling between points on that line.

LOCAL SERVICE - is telephone service furnished between customer's stations located within the same local service area.

1.2 GENERAL DEFINITIONS - (Cont'd)

LOCAL SERVICE AREA - is the area within which telephone service is furnished under a specific schedule of rates. This area may include one or more exchanges without the application of toll charges.

(L)

MESSAGE - is a completed customer telephone call.

(L)

MILITARY SERVICE - is a digital subscriber service (DSS) that is provided to a military entity.

MINIMUM CONTRACT PERIOD - is the minimum length of time for which a customer is obligated to pay for service, facilities and equipment, whether or not retained by the customer for such minimum length of time.

MOVE AND CHANGE CHARGES - are the initial non-recurring charges made to cover in whole or part the cost of changes in location or type of instrumentalities or in wiring on a customer's premises at the request of the customer, where there is no interruption to service, other than that incident to the work involved, and where such changes are not required for the proper maintenance of the equipment or service.

NETWORK INTERFACE - is the point of interconnection on a customer's premises between Utility communications facilities and customer terminal equipment.

NETWORK NODE - is a piece of electronic equipment that serves as a multiplexer and converts the electrical signal presented by the LAN to optical signals.

NON-CONTIGUOUS EXCHANGES - are two exchanges whose boundaries do not adjoin.

NON-LISTED NUMBER - the telephone number and associated information pertaining to a subscriber who has requested that the information not appear in the white pages listing but be made available to a directory assistance service

NON-PUBLISHED NUMBER - the telephone number and associated information pertaining to a subscriber who has requested that the information not appear in the white pages listings and not be made available to a directory assistance service.

1.2 GENERAL DEFINITIONS - (Continued)

SEMI-PUBLIC TELEPHONE SERVICE - is exchange service designed for use of the customer and the public at locations somewhat public in character and involving a stipulated charge for each outgoing local message. A coin collecting device is provided for immediate collection of charges for each outgoing local and toll message.

SERVICE CONNECTION CHARGES - See Installation Charge

SINGLE LINE SERVICE - is a grade of exchange service furnished by means of central office line arranged to service one station location only, although additional stations may be connected to the line.

SPECULATIVE PROJECT - is an undertaking of a speculative nature which, in the opinion of the Utility, appears to involve risk of failure.

STATION - is a telephone on a customer's premises.

SUBSCRIBER - is the person in whose name service is furnished as evidenced by the signature on the application or contract for that service, or in the absence of a signed instrument, by the receipt and payment of bills regularly issued in his name regardless of the identity of the actual user of the service. See also Customer.

SUBURBAN AREA - is that portion of the exchange located outside of the base rate area.

SUPERSEDURE - is the transfer of service, including the telephone number, from one customer to another with the express consent of the relinquishing customer and with the agreement of the new customer to assume the responsibility for all charges outstanding. This arrangement requires continuous billing, with no change in type or location of equipment.

SUPPLEMENTAL EQUIPMENT - is equipment furnished to meet the special needs or convenience of customer.

TARIFF - are the rates, charges, rules and regulations adopted and filed by the Utility and approved by the Alaska Public Utilities Commission.

Original Sheet No. 31**RECEIVED**

FEB 08 2001

State of Alaska
Regulatory Commission of Alaska**GCI Communication Corp.****1.2 GENERAL DEFINITIONS - (Cont'd)**

TELEPHONE NUMBER ONLY - this term is used in reference to the Telephone Number Reservation Service. Under this service a customer may reserve a "Telephone Number Only" for his or her future use without necessarily reserving the physical line associated with the telephone number in the past. (N)

TELEPHONE SERVICE - consists of both local and toll service. The services provided by GCI under this Tariff are limited to Local Service. (N)

TEMPORARY DISCONNECT - is a temporary discontinuation of service without complete termination of the service, made at the request of the customer or on the initiative of the Utility, in which the facilities and telephone number are held available for resumption of service.

TEMPORARY SERVICE - is service to premises or enterprises, the temporary nature of which can be determined in advance from the known limited duration of the contemplated operations, such as construction or exploration projects with their related housing and miscellaneous camp service facilities, summer or winter resorts, amusement or sports concerns, fairs, exhibit structures or places, and other enterprises of like limited duration.

Service estimated to be for a term less than the normal location life to premises or enterprises normally permanent in nature.

TERMINATION CHARGE - is the charge applicable when an agreement for service is terminated by the customer before the expiration of the minimum agreement period.

TIE LINE - a dedicated telephone circuit connecting two private branch exchange systems for the purpose of interconnecting the stations of one system with the stations of the other.

TOLL LINE - is a line between two or more exchange or toll stations over which service is furnished on a toll message rate basis.

TOLL RATE - is the initial period charge prescribed for toll messages based upon the duration of the initial period and distance between exchanges. (L)

(L) - Moved to sheet No. 32. (L)

RECEIVED**FEB 9 2001**State of Alaska
Regulatory Commission of Alaska**GCI Communication Corp.****1.2 GENERAL DEFINITIONS - (Cont'd)**

TOLL MESSAGE - is a completed call between two exchange stations located in different local service area, between two toll stations, or between a toll station and an exchange station.

(L)

TOLL SERVICE - is telephone service between exchanges or locations for which a toll rate is charged.

(L)

TRADE NAME - is the name or style under which concern conducts its business and by which it is generally known to the public.

TRUNK LINE - is a telephone circuit between two central offices or between a private branch exchange and a Utility central office.

TYPE OF SERVICE - refers to flat rate service, message rate service or semi-public service.

UNDERLYING CARRIER - any utility acting as an agent for GCI Communication Corp. (GCI).

USER - the user of a service regardless of the identity or location of the subscriber or customer of the service.

UTILITY - is the public utility named herein, GCI Communication Corp. d/b/a General Communication, Inc., and d/b/a GCI.

VIRTUAL CHANNEL TERMINATION - is a rate element associated with private line service. It relates to the facilities and terminations connecting two or more customer designated premises on a directly connected basis without passing through a telephone company wire center.

WATS - Wide Area Telecommunications Service is a discounted long distance telephone service offered by some common carriers. The service is offered on a dedicated basis as either an inbound service (in-wats) and as an outbound service (out-wats).

1.3 CENTREX FEATURE DEFINITIONS

Access to ETN/ESN through MSN - provides the capability to access the Electronic Tandem Network (ETN)/Electronic Switched Network (ESN) through the Meridian Switched Network (MSN). This feature is supported only by dual-tone multi-frequency sets.

Access to Paging - allows an attendant to gain access to customer-provided loudspeaker paging equipment to summon a particular person over speakers located throughout the customer's premises.

Access to Special Service Facilities - provides attendant or Centrex station access to foreign exchange line, tie trunks and WATS lines by dialing an access code. Access to these special service facilities is subject to class-of-service restrictions.

Account Code Acceptance and Recording - allows an Centrex user to enter a billing number into the SMDR record for charge-back purposes. This account code may be from two to fourteen digits in length. The length is the same for all stations in an Centrex group.

Activation/Deactivation of Call Forwarding Universal/Intragroup -allows an attendant to activate, deactivate, and program Call Forwarding for Centrex stations equipped with the Call Forwarding Universal/Call Forwarding Intragroup feature.

Attendant Call Detail Entry - allows the attendant to enter cost allocation information into the SMDR record.

Attendant Conference - this feature extends the maximum number of attendant conference conferees from 6 to 30.

Authorization Codes - assigns codes used to identify callers for billing purposes, to assign a Network Class of Service, and to control network access.

Authorization Code Immediate Dialing - provides for the removal of the seven second pause between the authorization code and the secondary dial tone.

Authorization-Verification and Recording - allows Centrex group attendants to validate authorization codes.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Autobaud - allows a Data Unit to configure itself automatically to match the data rate of a user's asynchronous data terminal equipment (DTE).

Autodial - allows an attendant to dial frequently called numbers by depressing the Autodial feature key, which is programmed with the same number.

Auto Answer Back - allows any incoming call to the primary directory number of the set to be automatically answered after four seconds. Conversation takes place through a hands-free unit. When the calling party hangs up, the call is automatically disconnected.

Automatic Call Distribution (ACD) - allows the Centrex customer to process large volumes of incoming calls by distributing them equally among a designated group of answering positions.

Automatic Dial - allows a station user to call a frequently dialed number by pressing the assigned feature key. The user is permitted to change the assigned number stored against the feature key. The feature is assigned to the feature key through the Service Order system.

Automatic Line - provides an automatic connection between a calling station that goes off-hook and a predetermined location.

Automatic Recall - this feature provides a ringing tone to remind the attendant that a call queued to another number in the attendant's console group has not been answered. After answering the recall, the attendant can automatically re-extend the call to the same station.

Automatic Route Selection - trunk route lists are automatically searched for an idle outgoing trunk.

Busy Verification-Stations - allows an attendant to determine whether stations are busy or idle.

Busy Verification-Trunks - allows an attendant to determine whether trunks are busy or idle.

Call Back Queuing - provides a station user who encounters an all-trunk-busy condition with the option of being notified when a trunk becomes idle, and of then being automatically connected to the called number using the CBQ feature.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Call Forward All Calls - allows incoming calls from outside the Centrex group to be automatically routed to a Centrex user or to the attendant in the same Centrex group.

Call Forward/Automatic Dial Display - this feature provides an issue display of the number currently programmed for the Call Forward or Automatic Dial feature on Business Set phones equipped with visual display.

Call Forward Busy Line - allows incoming calls from outside the Centrex group to a busy station line to be automatically routed to a preselected station line or to the attendant in the same Centrex group.

Call Forward Don't Answer - allows incoming calls from outside the Centrex group to be automatically routed to a preselected station line or to the attendant on the same Centrex group when a called station is not answered after a preset number of ringing cycles.

Call Forward Enhancements (Multi and Screening) - this feature provides Call Forward Enhancements. The Multi feature option allows the termination of further calls on the base station if a call has been forwarded and allows the user to forward multiple calls. This feature may be employed with Call Forward All Calls, Call Forward Busy Line and Call Forward Don't Answer. The Screening feature allows a remote station to whom the base station has programmed Call Forwarding to transfer a call back to the base station regardless of the state of Call Forwarding activation. This is allowed only for the remote station to whom the base station has forwarded calls.

Call Forward Group Don't Answer - this option allows Call Forward Don't Answer to be assigned on an individual hunt group basis. Calls to idle hunt group stations ring for a predetermined amount of time before being forwarded to the next station in the hunt sequence, to a directory number ("DN") within the same hunt group, or to an DN outside the hunt group.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Call Forward Validation - provides a means of verifying that a new line has been successfully forwarded at the time that Call Forwarding is activated.

Call Hold - this feature allows a subscriber to manually hold a call on the loop either manually by depressing a key, or automatically by pressing another key.

Call Park - provides a station user with the capability to park a call against his/her directory number. The parked call may be retrieved from any Centrex station by first requesting Call Park Retrieve and then dialing the directory number of the station against which the call was parked.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Call Park Recall Timer - provides a separate timer for each call parked by an attendant. The timer defines the maximum time period that a call can spend in the parking lot. If the call is not retrieved or abandoned within the defined time, the call is unparked and the attendant is recalled.

Call Pick-up - allows a Centrex station to answer calls incoming to another Centrex station within a predetermined Call Pick-up group. A Call Pick-up group is a group of stations with Call Pick-up assigned and which are linked together using one of the Centrex stations as a linking member.

Call Selection - allows an attendant to answer incoming calls using either of the following methods: in the order they are received, regardless of the incoming call type; or by manually selecting a specific incoming call type.

Call Transfer - allows a subscriber to transfer an incoming call to another number.

Call Waiting - provides an incoming call which encounters a busy Centrex Set with audible ringing, while the called station user receives call waiting notification. The called station user can either acknowledge the new caller and place the existing party on hold, or abandon one of the calls and be recalled by the other.

Call Waiting Exempt - this feature can be assigned to a line to exempt it from being interrupted by either the Call Waiting or Call Waiting Originating features.

Call Waiting Intragroup - can be assigned to any line that has the basic Call Waiting feature.

Call Waiting - Originating - this feature permits a station user to impose Call Waiting on a busy station. A line option is available to exempt a called station from Call Waiting Originating.

Camp-On - allows an attendant to extend an incoming call to a busy station. When the busy station becomes idle, it automatically rings and is connected to the waiting call.

Camp-On with Music - provides music while calling party is waiting for a busy station to become idle. Purchase of a music option from Package No. 8 is also required with this feature.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Class of Service Restrictions--Fully Restricted - denies access from the restricted station line to the exchange network and to the attendant.

Class of Service Restrictions--Semi-Restricted - allows access from the restricted station line to only the attendant.

Class of Service Restrictions--Toll Restricted - enables station lines to be either toll denied or assigned toll diversion to the attendant.

Class of Service Restrictions--Unrestricted - this feature allows stations to access the exchange network, the MTS network or any other service accessible by dialing.

Code Calling Line Termination - allows an attendant to access customer-provided code call equipment by dialing an access code and a called party code.

Conference (Maximum 6 Conferees) - allows an attendant to establish a six-port conference call (not including the attendant.)

Customer Group Transparency - allows transparency of feature operation across Centrex group boundaries (i.e. calls between different Centrex groups can be defined as intra-group calls).

Customer Premises Announcement for Uniform Call Distribution Group (UCDGRP)
Applications - provides for a pre-recorded announcement from a customer owned and maintained outboard announcement machine located on the customer's premises in the Uniform Call Distribution Group (UCDGRP) environment. Translations in the host central office will tie the UCDGRP calling parties to the announcement through the digital network.

Custom/Enhanced Call Waiting - combination of the two calling features, Call Waiting and Cancel Call Waiting, sold as a package.

(N)
(N)

Customized Message - provides for a customized announcement from the utility's central office of up to 15 seconds in length, and pre-recorded by the customer, that will be heard by an incoming caller when the called station in a Centrex group is busy or does not answer within a specified period of time.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Cut-Through Dialing for Centrex Lines and Attendant Console/Private Network Arrangement - implements Cut-Through Dialing of Centrex sets, attendant consoles, trunks, Centrex Business Sets, and Data Units.

Cut-Through Dialing and Through Dialing Interaction - used to decrease the workload of attendants in Centrex groups where access to certain routes is restricted to the attendant. Through the use of this feature, the attendant can gain access to a restricted route and then release the call to the station users, who dials the remaining digits to complete the call.

Cut-Through Dialing /Private Network Arrangement - allows the central office switch to process calls in cut-through mode. Cut-Through Dialing has two basic characteristics of interest with respect to this feature: call progress tones from distant switches in the network are returned to the caller; the digits dialed by the caller directly control selection of routes used to complete the call.

Delayed Operation - allows an attendant to place a call for a calling station while the calling station waits on-hook. When the called station answers, the attendant can recall the calling station by depressing the signal source key. On answering, the calling station and the called station are connected.

Denied Incoming (DIN) - the line cannot receive calls from outside the customer group. This will include all calls incoming via trunks, except those trunk groups flagged as intragroup only. The attendant cannot complete incoming calls to the station if the call originates outside the customer group unless DIN is modified by a Terminating Restriction Code.

Dial Call Waiting - permits a station user to impose Call Waiting on a busy station by dialing the Call Waiting feature activation code followed by the station directory number. If the called station is busy, the caller is call waited. This feature allows a station user the flexibility to choose whether he/she wants to impose the Call Waiting on a busy station.

Direct Inward System Access - allows selected outside callers to dial from the switched network directly into the central office and to gain access to network facilities without attendant assistance.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Directed Call Park - allows calls directed to a main station line with the directed Call Park feature to be received from any station by dialing an access code and the directory number against which the call is parked.

Directed Call Pick-up-Barge-In - allows calls directed to a main station line with the directed Call Pick-up feature to be answered by any main station line in the group. This is accomplished by dialing an access code followed by the extension number of the main station line to which the call was directed. If the main station has already answered, a three-way connection is established.

Directed Call Pick-up-Non Barge-in - allows a main station user to pick-up an unanswered call to another main station line equipped with directed Call Pick-Up by dialing a special answer code plus the number of the main station line being rung. If the main station line being rung has already been answered, busy tone will be returned to the main station line user dialing the answer code and station line number.

DISA-Remove Authorization Code Timeout - provides the datafillable option of providing Direct Inward System Access (DISA) subscribers with immediate dial tone for entering designation digits.

Disconnect Time-Out - holds a terminating Data Unit in an unavailable state for a datafillable amount of time after call takedown.

Display of Queued Calls - provides an attendant with a visual display of queued calls. (M)

Display Called/Calling Number - provides the Centrex business Set user with visual feedback concerning the called number during the origination, termination, programming, and feature activation operations.

Enhanced Dial Plan - enables the Centrex customer group dial plan to be customized to meet user's unique requirements.

ESN Answer Supervision Generation - allows a Centrex customer to use the DMS-100 Audio Tone Detector to detect an answer, by voice detection, on trunks that do not return answer supervision. (M)

Enhanced Call Waiting - combination of the two calling features, Call Waiting and Cancel Call Waiting, sold as a package.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

ESN Basic-Network Class of Service - calls between the nodes of a central office network carry central office Network Class of Service values encoded as part of the network signals. These NCOS values are used to determine call privileges for calls traversing the network.

ESN Basic-Network Information Signals - network information signaling is designed for exclusive use between switches equipped with the central office signaling package and within a customer's private network.

ESN Detail Recording-Customer Dialed Account Recording - allows assignment of an account code to Centrex stations.

Executive Busy Override - allows a Centrex user to gain access to a busy station by flashing the hook-switch during busy tone and then dialing a feature code.

Expensive Route Warning Tone - provides a warning tone to the caller that indicated the selection of an expensive route.

Feature Code Access - provides an alternate method of accessing Centrex features other than through the use of feature keys.

Feature Display - provides the Centrex user with visual feedback on user-entered data and on incoming call information.

Flexible Intercept - allows for the automatic rerouting of calls that cannot be completed because of imposed restrictions, equipment, or dialing irregularities.

For Operator Number Identification Lines - allows for the creation of an SMDR record for calls placed by Centrex station lines that are assigned the ONI option.

Foreign Exchange Trunk Analog - provides a PBX customer with access to a remote central office.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Foreign Exchange Trunk Digital Two-Way - provides a PBX or a Class 5 central office customer with access to a remote Class 5 central office through dedicated foreign exchange trunks.

Generic Announcement - provides a standard announcement from the utility's central office that will be heard by an incoming caller when the called station in a Centrex group is busy or does not answer within a specified time. Several generic announcements are available, and the customer may select one.

Group Intercom - enables a Centrex user to terminate on a member of a predesignated group by using abbreviated dialing.

Held Calls - allows a Centrex user to hold an established call on any directory number on the Centrex Set. The user may then originate or receive another call on any other idle directory number.

Immediate Notification of Priority Queued Calls - allows an attendant to be alerted to a queued emergency call while the attendant is active on a call, position busy, or programming a feature.

Individual Business Line - this feature allows the Business Set subscriber the appearance of a POTS line as one of the directory number keys on the set. The line has a POTS dialing plan. A customer group is associated with the number. However to the subscriber, it is in all respects separate from the customer group. All calls originating on the key are direct outward dial calls including calls within the customer group.

Intercom - allows a Centrex user to directly terminate on a predesignated set by depressing the intercom key on the Centrex Set.

Interposition Calls and Transfers - allows an attendant to call and to speak to another attendant and to transfer a call to another attendant.

Keyboard Dialing - provides a means for data terminating equipment (DTE) users to establish a data call by using the terminal keyboard of the DTE instead of a conventional keypad.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Large Conference - extends the maximum number of attendant conferees from six to thirty.

Last Number Redial - allows a Centrex user to redial the last number called by depressing a single key rather than redialing the entire number.

Lockout - denies an attendant the ability to reenter a call unless the attendant is recalled by a station user or by Automatic Redial.

Loudspeaker and Radio Paging Access - allows Centrex stations and attendants to access customer-provided loudspeaker paging equipment to summon a particular person, using speakers located throughout the customer's premises.

Make Set Busy - allows directory number appearances, excluding private business lines and Multiple Appearance Directory Number (MADN) group members and call terminations (such as call waiting calls, camp-on, and busy override) to be made busy to incoming calls.

Make Set Busy Intragroup - allows the Make Set Busy feature to be applied in the Datapath environment on an intragroup basis.

Malicious Call Hold - allows a Centrex user to hold a connection within the switching unit, enabling the call to be traced back to the originating party.

Meet Me Conference/6-way - provides a 6-party conference bridge and directory number for conferees to dial at a specified time to hold a conference.

Meet Me Conference - extends the maximum number of meet me conferees from 6 to 30.

Message Waiting - this feature provides a subscriber with a visual indication that a message is being held at the message center.

Message Waiting Lamp - provides visual indication that a message is being held at the message center.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Message Waiting Stuttered Dial Tone for Message Waiting - allows a Centrex station user to be notified of a message waiting. Stuttered dial tone is used for Centrex stations without message waiting lamps.

Modem Pooling - Modem pools are groups of similar modems each one wired to a specific data unit. The modem reacts to the data unit and functions as if it were connected to the data terminal equipment. Inbound Modem Pooling provides the analog modem required when a data unit is called either by a modem or another data unit over analog.

Multiple Listed Directory Numbers - a customer may have many listed directory numbers. To handle this efficiently, each number has a unique Incoming Call Identification lamp so that the attendant can answer each call appropriately.

Multiple Appearance Directory Number - a directory number that is assigned to more than one Centrex Business Set user is called a Multiple Appearance Directory Number (MADN). The Centrex Business Sets that are assigned this number are called a MADN group. MADN groups can be comprised of up to 32 Centrex Business Set stations, and can be configured in either a Single Call Arrangement or a Multiple Call Arrangement.

Music on Hold (Customer Provided) - provides for an incoming call holding on a Centrex station to receive music from a source provided by the customer.

Music on Hold (Utility Provided) - provides for an incoming call holding on a Centrex station to receive music while holding. The music is provided from the host central office.

Network Class of Service - the Network Class of Service assigned to individual Centrex stations are used to determine call privileges for calls using the network.

Network Speed Calling - allows a customer to define a list of network speed calling numbers. The NSC list is defined by using the Table Editor of a Maintenance and Administrative Position. The NSC list may only be changed or added to from the Maintenance and Administrative Position.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Off Hook Queuing - allows a Centrex station user to wait off-hook when a call cannot be completed because an idle outgoing trunk is not immediately available among the inexpensive route set.

Permanent Hold - allows a station to hold one active call against its directory number without attendant assistance. When Permanent Hold is active, other calls cannot be originated or terminated and other features cannot be activated by either station.

Position Busy - allows the attendant to make the console unavailable to additional queued calls. The attendant can still originate calls and use or program the features available while the console is in the Position Busy state.

Preset Conference - allows a Centrex station, a trunk, or an attendant console to establish a preset conference with up to 30 conferees. This is achieved by dialing a specific directory number.

Privacy Release - allows single call arrangement Multiple Access Directory Numbers to establish a conference call among up to thirty MADN lines and an outside number.

Query Time and Date - provides the current time and date on a Centrex Display Set.

Random Conditional Routing - provides the capability to distribute calls over several lists of trunk groups on a percentage basis when the Automatic Route Selection feature is provided.

Random Make Busy - when activated, this feature makes a line busy to incoming calls. This feature is used in connection with DNH hunt groups so that the hunt skips a line with Random Make Busy activated.

Release Upon Completion of Dialing - allows an attendant to extend a call to a trunk, then release the call after the dialing is completed and before outpulsing to the trunk is completed.

Ring Again - Business Set Activated - allows a Centrex Business Set to monitor a busy directory number and to notify the user when the called station becomes free.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Ring Again - Customized - permits a main station user who attempts an intercommunication call to a busy main station line to be automatically connected to that line when both called and calling lines are subsequently idle.

Ring Again - Hunt Groups - allows a Centrex station user who encounters a busy station to be notified when the busy station becomes idle and to be automatically placed in a ring again mode.

Secondary Number - enables Centrex Business Sets to have a second telephone number assigned to a customer specified button on the set.

Secrecy - allows the attendant to talk to a called party (destination) without the calling party (source) hearing the conversation. When the attendant releases from the call, the source and the destination are connected.

Serial Call - allows an attendant to extend a call to more than one station. When a caller wants to be extended to another station following a call to a called station, the attendant requests the caller to stay off-hook when the first call is finished. The attendant then extends the caller to the other station. In this way, the caller does not have to dial the listed directory number again.

Short Hunt - provides the capability for incoming calls to hunt over a set of directory number appearances on a Centrex Set in each of an idle directory number on which to terminate.

Six-Port Conference - with this feature the user can establish a conference call of up to 30 parties. Any of the other parties may be external to the switch. The user establishes the conference call by successfully dialing the individual parties and adding them to the conference call.

Speed Call - allows an attendant to dial frequently dialed numbers by depressing a speed call key and dialing one or two digits instead of all digits in the number. The frequently dialed number may be a directory number, an authorization code, an account code, or an access code.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Speed Call-Long List - allows a user to place calls to a previously designated list of frequently dialed numbers. This is achieved by dialing a Speed Calling code plus an asterisk plus one or two digits instead of all digits of the desired number. The desired number may be a directory number, authorization code, account code or access code. The group long list has two digit codes and can be accessed by a number of users. However, only the controller can add to, change, or delete numbers from the list.

Speed Calling-Individual Short List - allows a user to place calls to a previously designated list of frequently dialed numbers by dialing fewer digits than are in the regular directory number.

Speed Calling-Business Set Activated - allows a Business Set user to access up to three different speed call lists by pressing speed call keys or dialing access codes.

Station Call Park - allows the user to park calls against any directory number in the Centrex group. The parked call may be retrieved from any station by dialing the feature access code for retrieval plus the directory number.

Station Controlled Conference - extends the maximum number of station controlled conferences from 6 to 30.

Station Controlled Conference - allows the Centrex user to establish a conference call consisting of more than three conferees (maximum of six conferees) without the assistance of the attendant. The conferees can include lines in the same Centrex group, lines belonging to another Centrex group, and stations reached through trunks.

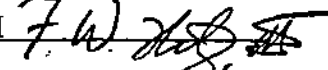

Station Message Detail Recording - an arrangement to provide a record, consisting of the calling number, the called number, date, time of day, duration of call, and the type of facility used. The magnetic tape record will be provided to customers requiring message detail for cost allocation and telecommunications system management purposes. SMDR will only be provided where the Utility's message billing process has been arranged to provide this optional feature. The magnetic tape density, number of tracks and record format will be that used by the program and data processing system in use by the accounting center furnishing the tape.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Supervisory Console - allows an attendant to call a supervisor for assistance and to extend a call to a supervisor for subsequent call handling. It also allows the supervisor to monitor the progress of an attendant and to give assistance while the attendant is handling a call.

System Night Service-Fixed - with this feature, calls that are normally routed through the attendant during the day are routed to the predesignated locations at night. The predesignated route to be used can be an individual directory number or a hunt group.

System Night Service-Flexible - this feature allows the attendant to program night service routes for each incoming call identification classification assigned to the customer group.

System Night Service-Trunk Answer From Any Station (TFAS) - this feature allows any station in the customer group to answer an incoming call by dialing a code. The code is dialed when the TFAS coding device sounds.

Three Way Conference/Transfer - allows a Centrex user to include a third party in a call and then to optionally transfer the call to the third party.

Through Dialing - allows the attendant to select the trunk facility for a station in the same customer group and to send dial tone to the station user. The station user then dials the called number. This feature is usually used to override station restrictions in the same customer group.

Time of Day Network Class of Service Routing - provides the capability for mapping normal Class-of-Service values into new values based on the time of day, day of the week, or year.

Time of Day Routing - allows for cost-effective use of facilities by allowing or denying route choices. The route choices are based on the time of day.

Timed Recall Set to Zero - allows a customer to cancel the Automatic Recall feature for a specific Centrex group by inputting a zero value for the appropriate attendant recall timers.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

To Recorded Announcement - permits the routing of attendant calls, originated or extended, to an announcement.

Transfer - a call that is transferred by a Centrex station to an attendant by either flashing or by flashing and dialing zero is queued on a first in, first out basis.

Trouble Key on Attendant Console - allows an attendant to indicate a problem in the handling of a particular call.

Trunk Group Busy/Trunk Group Access Control through Special Keys - provides special keys to serve as a common interface for trunk group busy and trunk group access control for all trunk groups allocated to a Centrex group.

Trunk Identifier in AMA/SMDR Record - allows the Centrex group to record the incoming and outgoing trunk identifiers along with the usual billing information provided by the SMDR system. The record entry contains the alphanumerical identifier for the trunk group and the numerical entry for the trunk number in the trunk group involved in the call.

Two Way Splitting - allows the attendant to talk privately to either the calling party or to the called party. The attendant can alternate between the calling party and the called party as required. Either the calling party or the called party can be excluded; both cannot be excluded simultaneously.

Uniform Call Distribution - allows for an even distribution of incoming calls to a listed directory number over a group of Centrex Business Set stations. This group of stations is called a UCD group. Each station in the UCD group has its own directory number. The station users can toggle their station's status (active/inactive) as an answering agent for the listed directory number.

1.3 CENTREX FEATURE DEFINITIONS - (Cont'd)

Uniform Call Distribution from Queue - allows an attendant to originate or extend calls to Uniform Call Distribution directory numbers.

VFG Off-Hook Queue, Call Back from OutWATS VFGs - makes the queuing capabilities of the central office switch available to the software-simulated trunk groups used for OutWATS.

VFG Trunk Group Busy - allows an attendant to query the status of a Virtual Facility Group (VFG) to determine whether a VFG number is available.

Wild Card Key - allows an attendant to invoke special features not directly available through a feature key on the console. Any special feature normally available through the use of a feature key may be invoked through the Wild Card key, with the exception of incoming call identification.

1.4 APPLICATION OF REGULATIONS

The regulations set forth herein apply to intrastate services and facilities furnished within the State of Alaska by GCI Communication Corp., hereinafter referred to as the Utility, subject to the jurisdiction of the Regulatory Commission of Alaska. (T)

No officer, employee, or agent of the Utility has authority to change, amend, or waive any rate or regulation approved or prescribed by the Commission. Rates and regulations may be changed or cancelled only with the consent or approval of the Commission.

The Utility furnishes exchange service and interexchange service throughout the territory it service, as shown by its filed rate, regulations, and maps. The Utility also furnishes interexchange toll service to the territory served by connecting companies, subject to their rates and regulations.

1.5 APPLICABILITY OF TARIFF RATES

The rates for services provided by the Utility that are identified within this tariff are for services regulated by the Regulatory Commission of Alaska. (T)

This tariff is maintained at the location listed below for public inspection during normal business hours.

2. GENERAL REGULATIONS2.1 UNDERTAKING OF THE TELEPHONE UTILITY2.1.1 USE OF SERVICE

A. Customer telephone service is furnished only for use by the customer, his family, employees, or business associates, or persons residing in the customer's household, except as the use of the service may be extended to persons temporarily subleasing a customer's residential premises. The Utility has the right to refuse to install service, or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the customer may make use of the service.

B. GCI may determine the most efficient manner of provisioning service under this tariff, provided that the method chosen meets the service requirements of the customer, consistent with the tariff and applicable law, and either maintains or improves the quality of service to the customer. GCI shall provide thirty days advance notice to private line, access, and wholesale customers of network changes that may affect the customer.

(N)
—
(N)2.1.2 IDENTIFICATION OF EMPLOYEES

Employees of the Utility or an underlying carrier, whose duties require them to enter premises of customers, carry identification cards. To verify employment during regular business hours call the Utility's or the underlying carrier's Personnel Office. After regular business hours call the Utility's Repair Service at "611."

2.1.3 INSTALLATION OF WIRING AND EQUIPMENT

The installation of all wiring and equipment shall be installed in compliance with Federal Communication Commission (FCC) Regulations, Volume X, Part 68. The Utility shall not be required to connect its lines or equipment to wiring not installed by it, not installed in compliance with FCC Regulations Volume X, Part 68, or in the judgment of the Utility, is in an inaccessible location. Connection to customer owned and maintained wiring and/or equipment may be made under the regulations as specified in Section 2.5 and 4.4 of this tariff.

2. GENERAL REGULATIONS

2.1 UNDERTAKING OF THE TELEPHONE UTILITY (Cont'd)

2.1.4 INTERRUPTION TO SERVICE

When requested by the customer, if service is interrupted for more than twenty-four (24) hours, and for causes other than the negligence or willful act of the customer, an allowance shall be made for the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall be attached to the Utility for such service interruptions.

2.1.5 DEFACEMENT OF PREMISES

The Utility shall exercise due care in connection with all work done on customer's premises. No liability shall attach to the Utility by reason of any defacement or damage to the customer's premises resulting from the existence of the Utility's apparatus and associated wiring on such premises, or by the installation or removal thereof, unless such defacement or damage is the result of the sole negligence of the Utility.

2.1.6 LONG DISTANCE SERVICE

The Utility may act as the collection agency for other telecommunications utilities in billing for long distance telephone calls and charges. When, in its opinion, the Utility feels that excessive or flagrant use of long distance service is occurring, it may demand immediate payment of such service and/or require the customer to increase existing deposits, post a surety bond, or terminate the service. The Utility assumes no liability for errors in billing made by other telecommunications utilities or any other non-Utility agency.

2.1.7 TELEPHONE NUMBERS

The customer has no property rights to the telephone number. The Utility may change the telephone number of a customer whenever it deems it necessary in the conduct of its business to do so.

2.2 USE

2.2.1 TAMPERING WITH EQUIPMENT

Customers or their agents may not install, rearrange, disconnect or remove, or permit others to install, rearrange, disconnect, or remove any equipment or wiring that is the property of the Utility. The Utility shall have the right to charge the customer the Tariff rate for any installations or rearrangements made of Utility-owned equipment. The Utility may refuse to furnish or may deny service to any person, firm, or corporation on whose premises is located any Utility-owned telephone equipment which shows any evidence of tampering, manipulation or operation, or use of any device whatsoever for the purpose of obtaining telephone service without payment of the charge applicable.

2.2.2 UNAUTHORIZED ATTACHMENTS OR CONNECTIONS

No equipment, apparatus, circuit or device not furnished by the utility shall be attached to or connected with the facilities furnished by the Utility, whether physically, by induction, or otherwise, except as provided elsewhere in the Tariff of the Utility. In case any such unauthorized attachment or connection is made, the Utility shall have the right to remove or disconnect the same; or to suspend the service during the period the attachment is made; or to terminate the service.

2.3 OBLIGATION OF THE CUSTOMER

2.3.1 APPLICATIONS FOR INITIAL SERVICE

Initial applications for service may be made on the Utility's standard forms at the Utility's designated location(s) or by calling the Utility's Customer Service. Requests from customers for additional service, equipment, etc., may be made orally or in writing and, upon approval, or installation of service, become part of the original application.

2.3.2 BUSINESS AND RESIDENCE SERVICE

Determination as to whether a customer service should be classified as RESIDENCE or BUSINESS will be based upon the character of use, regardless of the type of premises.

RESIDENCE - Where use is primarily of a social or domestic nature.

BUSINESS - Where use is primarily or substantially of a business, professional, institutional, or otherwise occupational nature.

A. Business Private Identification Number "PIN" Waiver

(N)

The F.C.C. requires that Customers set up and use a Private Identification Number ("PIN") when communicating with the Company to obtain certain information about, or to make certain changes to, its telephone account.

Use of this PIN may be waived by the account owner or authorized account user, by contacting GCI customer service at 1-800-800-4800, with proper authentication ("PIN Waiver"). The PIN Waiver will remain in effect until revoked by the account owner. Telephone Service is subject to the GCI privacy policy posted at

http://www.gci.com/customer_care/privacy_rights.htm.

(N)

2.3.3 UNUSUAL INSTALLATION COSTS

Customers requesting special conditions/special requirements, involving unusual construction or installation costs, will be charged the difference between the usual and customary charges and the charges associated with the unusual construction.

B. Termination of Service - Service may be terminated prior to the expiration of the initial contract period upon notice being given to the Utility ten days in advance in writing and upon payment of the termination charges in addition to all charges due for service which has been furnished.

1. In the case of service for which the initial contract period is one month, the charges due for the balance of the initial month.
2. In the case of construction charges, pursuant to the various Rates Section (as defined in Section 1.2), which are payable monthly for a period of five years, the total monthly payments for the unexpired period less ten percent of such total. (C)
3. In the case of special equipment for which the initial contract period is in excess of one month at the same location, such proportion of the sum of the cost of the equipment and of its installation, plus the cost of removal, less the salvage value of the equipment removed, as the unexpired portion of the initial contract period bears to the full contract period. (C)

2.3.6 DISCONTINUANCE OF SERVICE

Customers desiring to disconnect primary telephone service must so advise the Utility at least two (2) full business days in advance of the date they wish service disconnected.

Should a customer fail to so advise the Utility, the Utility shall have the right to bill the customer for service until the date the service is actually disconnected.

2.3 OBLIGATIONS OF THE CUSTOMER (Cont'd)

2.3.7 MAINTENANCE AND REPAIRS

The Utility will bear all ordinary expense of maintenance and repair unless otherwise specified in this Tariff. In case of loss, damage, or destruction of any of the Utility's instruments or accessories, not due to ordinary wear and tear, the customer is held responsible for the cost of replacing the equipment destroyed, or the cost of restoring the equipment to its original condition.

2.3.8 OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments, and lines on customer's premises, furnished by the Utility, shall be and remain the property of the Utility, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting or repairing the instruments and lines, and for the purposes of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or other consideration has been or is to be paid any party other than the Utility, without the written consent of the Utility.

2.3.9 POWER SUPPLY

It is the responsibility of the customer to provide a suitable supply of commercial power, including outlets, when and where the Utility requires it for the operation of any equipment on the customer's premises.

2.3.10 RIGHT OF ACCESS

The Utility or underlying carrier, through its authorized employees, shall have the right of access to a customer's premises to install, remove, inspect or repair its lines and equipment, at any reasonable hour.

2.3.11 CUSTOMER COMPLAINTS

A. General - A complaint as referred to herein is a report or series of reports concerning telephone service, a dispute concerning a billing or computation thereof, or any other contest concerning practices, charges and/or services of the Utility which has not been satisfactorily resolved within a reasonable amount of time. Routine trouble reports shall not be considered a complaint or application of this tariff schedule.

B. Submission of Complaints - A complaint may be oral or in writing. However, the Utility may require that the complaint be submitted in written form. All written complaints shall be sent to GCI Customer Service Dept., 2550 Denali Street, Suite 500, Anchorage, AK 99503.

C. Disposition of Complaints - All complaints shall set forth the name, address and telephone number of the complaining party, the nature of the complaint, supporting facts, including pertinent dates, and the remedy requested. Within forty-five (45) days of a written complaint's receipt, a letter of determination will be sent to the complainant. This letter of determination will, in general, state the subscriber's complaint, the Utility's finding, any applicable tariff text or Utility policy and any adjustment or action to be taken to resolve the complaint.

If the complaint has not been resolved to the parties' satisfaction, further action can be taken by appeal to the Alaska Public Utilities Commission.

2. GENERAL REGULATIONS

2.4 ESTABLISHMENT OF CREDIT, DEPOSITS AND PAYMENT ARRANGEMENTS

2.4.1 ESTABLISHMENT OF CREDIT

Each applicant for service may be required to establish credit before service is provided. When the applicant's credit is satisfactory to the Utility, no deposit will be required. If an applicant's credit is not satisfactory, an advance payment or deposit will be required.

The Utility is not obligated to furnish telephone service to an individual or firm that owes for service (residential or business) previously rendered at the same or different address, until arrangements have been made to liquidate such previous telephone indebtedness to the Utility.

In order to insure the payment of all charges due for its service, the Utility may require any customer to establish and maintain his credit in one of the following ways:

1. By furnishing a Utility payment bond (minimum \$500.00).
2. Establishing a satisfactory payment record with the Utility by not having telephone service disconnected for non-payment of a billing for a period of one year (twelve consecutive billings) and not having more than two occasions when a bill payment has been delinquent during the same period.
3. Providing a cash deposit.

A. New Applicants

1. Applicants for service who have had no previous account with the Utility may establish credit by supplying credit references acceptable to the Utility. When the credit references are acceptable, no deposit may be required.
2. Applicants who are unable to furnish acceptable credit references may be required to make advance payment or deposit.

2. GENERAL REGULATIONS

2.4 ESTABLISHMENT OF CREDIT, DEPOSITS AND PAYMENT ARRANGEMENTS

(Cont'd)

2.4.1 ESTABLISHMENT OF CREDIT (Cont'd)

B. Re-Establishment of Credit

1. A customer who fails to pay a bill for service may be required to pay said bill and to re-establish credit by making a deposit.
2. The Utility may require an existing customer to make a deposit or increase a deposit if increased usage warrants such action or if the customer's payment record is unsatisfactory.

The fact that a deposit has been made shall in no way relieve the applicant or customer from complying with the Utility's requirements as to the prompt payment of bills on presentation nor constitute a waiver or modification of the regular practices of the Utility providing for the discontinuance of service for non-payment of any sums due the Utility for service rendered. The Utility may discontinue service to any customer failing to pay bills without regard to the fact that such customer has made a deposit with the Utility to secure payment of such bills or has furnished the Utility with the guarantee in writing of such bills.

Telephone service will not be provided to locations where the business operations or activities at the locations are of a temporary nature unless adequate security for all billings is first provided to the Utility. Temporary services covered by the provisions of this section include, but are not limited to, service to political campaign offices, carnivals and construction sites.

An applicant for temporary service who has not established a satisfactory payment record shall, in addition to any other requirements to this section, furnish a cash deposit or utility payment bond adequate to cover an estimated bill for exchange and toll charges for two normal billing periods. The estimate of toll charges shall be made by the Utility based on prior experience with similar temporary services. Deposit requirements for temporary service may be increased if conditions warrant.

ARRANGEMENTS**

(Cont'd)

2.4.2 Deposits and Credits

(T)

The Utility may, in order to safeguard its interests, require an applicant or customer to make deposit to be held by the Utility as a guarantee of the payment of charges. Such deposit will be the equivalent of up to two months estimated charges for the service provided.

At such time as the service is terminated, the amount of the deposit is credited to the customer's account and any credit balance which may remain is refunded within sixty (60) days after discontinuance. At the option of the Utility such a deposit may be refunded or credited to the customer at any time prior to the termination of service.

In no event will the Utility retain a customer's deposit longer than two years, providing that in the interim the Utility has not been forced to disconnect that customer's service for reasons of delinquency in payment of charges, and that the customer has not been delinquent in payment more than once in any 12 consecutive months.

Interest on customer deposits in excess of \$100 for recurring monthly service will be paid at the legal rate; alternatively, if the deposit is placed in an interest bearing account, the Utility will pay the interest rate of the interest bearing account.

When an application for telephone service has been cancelled prior to establishment of service, the deposit will be applied to any charges applicable in accordance with the tariff schedules and the excess portion of the deposit will be returned.

2.4.3 Rendition of Bills

- A. Regular bills will be due within 22 days from the date they are invoiced. (R)
An additional 25 days will be granted prior to termination of service by the (I)
Utility.
- B. Monthly recurring charges and non-recurring charges are billed to the
customer monthly in advance.
- C. Regular bills are invoiced after a customers cycle has closed and all billing (C)
information is posted to a customers account. (C)
- D. Under some circumstances, the Utility will notify the customer of amounts
due the Utility on an interim statement issued prior to the customer's
regular monthly statement date. The interim statement will notify the
customer of the disconnect date. The disconnect date may be the same as
the delinquent date stated on the customer's interim statement. If the bill
is not paid on or before the disconnect date, service will be denied without
further notice.

Interim statement may be sent to the customer in the event of excessively
large toll charges and when a customer's payment check is returned to the
Utility by the bank on whose account the check was written.

E. Billing Format Alternatives

This service allows customer to choose their preferred billing format for the invoices they receive. Descriptions of the alternatives are as follows:

1. Paper Invoices printed on paper.
2. Disk Invoices written to computer PC diskettes, 5 ¼ inch or 3 ½ inch.
3. On-Line Account information, including payment option, is provided on-line through web access.

See Section 6.1 for rates.

2.4.4 Payment for Service

- A. The customer is responsible for payment of all charges for services furnished the customer.
- B. Payment of bills for telephone service shall be made by mail or to a duly authorized collector of the Utility. All charges are payable in lawful money of the United States only. Any Agent-assisted credit card payment (N) made by phone will be assessed a fee, fee listed in section 6.2.1. (N)

2.4 ESTABLISHMENT OF CREDIT, DEPOSITS AND PAYMENT ARRANGEMENTS

(Cont'd)

2.4.4 Payment for Service (Cont'd)

- C. Any deposit for re-establishment of service is payable before service is restored.
- D. If service is interrupted for non-payment, the filed restoral charge must be paid prior to service being re-established. During the period of interruption, the regular monthly charge will continue.
- E. Extended payment arrangements may be granted to customers by the Utility for a period of not to exceed 180 days. An extension of customer credit will be based on the following criteria:
 - 1. Payment history for past six months, i.e., record of returned checks, average day pay, partial payments in conjunction with length of service with the Utility.
 - 2. Magnitude of outstanding bill in comparison to the average monthly bill.
 - 3. Existence of deposit equal to current amount due plus one month's estimated billing.
 - 4. Credit stability, i.e., length of employment (for residential service), length of business establishment (for business service).
 - 5. Existence of a guarantor for the customer's account. Any guarantor must have at least a six-month record of satisfactory payments to the Utility.
 - 6. Extenuating and/or emergency situations which will be determined by a Utility Supervisor.

Based on the above criteria, credit may be extended to the customer if arrangements are made to pay the outstanding bill within 180 days. Subsequent monthly billings are not included in this arrangement and must be kept current. If the customer fails to comply with the payment arrangements mutually agreed upon by the Utility and the customer, service will be denied without further notice.

2.4.5 Disputed Bills

In the event of a dispute involving a customer's bill, the customer's service shall not be disconnected for non-payment of that portion of the bill under dispute pending an investigation by the Utility. If the Utility determines, following such an investigation, that service has been provided the customer pursuant to Utility tariff, and the Utility has provided the customer with available substantiating information and the dispute remains unresolved, the Utility may then disconnect the service. If the dispute is not resolved to the customer's satisfaction, the Utility will notify the customer that a complaint may be filed with the Alaska Public Utilities Commission under 3 AAC 48.120 or 3 AAC 48.130 and will provide the customer with the telephone number and address of the Commission. Upon the Commission's request, telephone service will not be suspended or disconnected because of an amount involved in a complaint which is before the Commission.

2.4.6 Returned/Declined Payment Methods

In all cases, the Utility will attempt to notify the customer of the pending charge and previous balances through direct and written contact. If the bill is not paid within seven (7) business days after the date of notification, the Utility may deny service without further notice. When the following payments methods are not honored, the customer's account is considered delinquent and subject to the associated late fee and finance charges.

2.4.8 Denial of Service

A. Right to Deny Service

The right to deny service for cause, as contained in this tariff, may be exercised whenever and as often as the cause occurs. Neither delay nor omission on the part of the Utility in enforcing this rule at any time will constitute waiver of the Utility's right to enforce this rule at another time as long as legitimate cause exists to deny service.

B. Temporary Disconnect

Service which has been denied in accordance with the above rules and regulations will be classified by the Utility as a temporary disconnect.

C. Termination of Service

If a customer fails to pay a delinquent balance, to comply with a Utility request to establish credit, or to correct other tariff violations cited as the reason for temporary disconnection of service within ten (10) working days after the date of temporary disconnect, service will be terminated without further notice.

Once service has been terminated in accordance with this tariff, it will be re-established only after a new application for service is received and approved by the Utility.

ARRANGEMENTS

(Cont'd)

2.4.9 Termination of Service for Cause

A. Non-payment - Denial and Restoral of Service

Monthly bills shall be considered past due if they are not paid within twenty-two (22) days of invoicing. If payment is not received within forty- (C) seven (47) days from the initial bill invoicing, a written notice, bringing (C) the matter to the attention of the customer, will be sent to the customer by the Utility. If payment is not received within sixty (60) days from the (C) initial bill invoicing, the customer will be disconnected. The Utility will (C) attempt to make personal contact by telephone prior to disconnection. A Non-Sufficient Funds check is considered evidence of nonpayment.

The cutoff dates are illustrated as follows:

- 1) A customer receives a bill dated June 10.
- 2) The customer receives another bill dated July 10. At this point, the bill is 8 days past due. (C)
- 3) The customer receives a written notice dated July 17.
- 4) Utility will attempt to make personal contact by telephone between July 18 and August 10.
- 5) The customer will be disconnected on August 10, if no payments are made.

Delinquent accounts are accounts that are unpaid in the second bill cycle.

C. Abuse or Fraudulent Use

(T)

1 The Utility may, by at least 5 days' written notice to the customer, without incurring any liability, forthwith deny or disconnect service because of abuse or fraudulent use of service. In case of emergency where the public interest requires immediate action or pursuant to governmental requirements, service may be disconnected without notice. Abuse or fraudulent use of service includes without specific limitation, the following:

- The use of service or facilities of the Utility to transmit a message or to locate a person or otherwise to give or obtain information, without payment of the charge applicable for service;
- The obtaining, attempting to obtain, or assisting another to obtain or to attempt to obtain, telephone service by rearranging, tampering with, or making connection with any facilities of the Utility, or by any trick, scheme, false representation, or false credit device, or by or through any other fraudulent means whatsoever, with intent to avoid the payment in whole or in part, of the regular charge for such service;
- The use of service or facilities of the Utility for a call or calls, anonymous or otherwise, if in a manner reasonably to be expected to frighten, abuse, torment, or harass another;
- The use of profane or obscene language;
- The use of the service or facilities of the Utility in such a manner as to interfere unreasonably with the use of the service by one or more other customers;
- The excessive increase in volume as determined by the Utility; and
- The impersonation of another with fraudulent intent.

(Cont'd)

2.4.10 Restoration of Service

When service has been denied in accordance with these rules and regulations and is temporarily disconnected, it may be restored when the cause of the denial has been corrected.

A. Service Restoration Time Frame and Charges

After service has been temporarily disconnected, when the cause of the denial has been corrected, and any applicable restoration charges paid, the service will be restored no later than two days after the Utility has confirmed that the cause of the denial has been corrected excepting weekends and designated Utility holidays. For message telecommunication service, if service is temporarily disconnected due to non-payment of delinquent balance and/or violation of other tariff sections, Customers who are eligible for restoration of service may request the same telephone number, if available. (C)

B. Correction of Cause

When service has been denied or is about to be denied for the reasons listed below, it can be corrected as follows:

1. Non-Payment of Delinquent Balance - All outstanding charges - delinquent or billed - must be paid in full or satisfactory arrangements must be made with the Utility to pay the charges.

B. Correction of Cause (Contd.)

2. Failure to Establish Credit - Application forms must be completed and signed by the customer and any required deposit must be paid.
3. Violation of Other Tariff Sections - The customer must comply with all requirements of the Utility's written notice of violation.
4. Extenuating Circumstances - Requirements necessary to correct denial of service based on extenuating circumstances will be determined by a Utility Supervisor. The customer must comply with those requirements.

2.5 CUSTOMER OWNED AND MAINTAINED EQUIPMENT

(L₂)

2.5.1 General

Customer Owned and Maintained Equipment which is in compliance with the requirements of Volume X, Part 68, of the Federal Communication Commission's (FCC's) Rules and Regulations may be connected to the switched network in conjunction with all services other than party line service and coin service.

The Utility may make changes in its equipment, operations, or procedures where such action is not inconsistent with Volume X, Part 68, or the FCC's Rules and Regulations.

Ringer equivalence of Customer Owned and Maintained Equipment connected to the same line will not exceed the allowable maximum for that line as determined by the Utility.

2.5 CUSTOMER OWNED AND MAINTAINED EQUIPMENT (Cont'd)

2.5.2 Responsibility of the Utility

In the event any changes contemplated by the Utility can be reasonable expected to render any customer's terminal equipment incompatible with the Utility's communications facilities, or require modification or alteration of such terminal equipment, or otherwise materially affect its use or performance, the customer shall be given adequate notice in writing, to allow the customer an opportunity to maintain uninterrupted service.

Customer's service may be disconnected by the Utility if Customer Owned and Maintained Equipment is causing harm to the Utility's facilities.

The Utility shall not be responsible for the installation, operation, or maintenance of any customer owned equipment. The facilities of the utility are not represented as adapted to the use of customer owned equipment and where such customer owned equipment is connected to the Utility's facilities, the responsibility of the Utility shall be limited to the furnishing of facilities suitable for telecommunication service and to the maintenance and operation of such facilities in a manner proper for such service; subject to this responsibility, the Utility shall not be responsible for the through transmission of signals generated by the customer owned equipment or for the quality of, or defects in, such transmission, or the reception of signals by the customer owned equipment.

2.5.3 Responsibility of the Customer

In compliance with Volume X, Part 68, of the FCC Rules and Regulations, Customer Owned and Maintained Equipment may be used in conjunction with all services other than party line service and coin service. The customer shall notify the Utility of each line to which said equipment is to be connected and shall notify the Utility when such equipment is permanently disconnected.

2.5 CUSTOMER OWNED AND MAINTAINED EQUIPMENT (Cont'd)

2.5.3 Responsibility of the Customer (Cont'd)

The customer will also provide the Utility with the FCC registration number or the FCC grandfathered model number and ringer equivalence number of the customer owned equipment.

All combinations of customer owned equipment, registered or non-registered, including, but not limited to, wiring shall be installed, operated, and maintained in compliance with requirements set forth in Volume X, Part 68, of the FCC Rules and Regulations. No combination of customer owned equipment, registered or non-registered, including, but not limited to, wiring shall cause electrical hazards to Utility personnel, interfere with the operation of, or cause harm to, the Utility's equipment or facilities, or interfere with service of persons other than the user of such equipment.

Upon notice from the Utility that the equipment of the customer is causing or is likely to cause such interference or hazard, the customer shall make such changes as may be necessary to remove or prevent such interference or hazard.

The customer shall be responsible for payment of all Utility charges for visits by the Utility to the customer's premises where a service difficulty or trouble results from Customer Owned and Maintained Equipment. The amount to be charged will be computed as set forth in the various Rates Section (as defined in Section 1.2). (C)
(C)

2.5.4 Violation of Tariffs

Except as set forth in Volume X, Part 68, of the FCC Rules and Regulations, where any customer owned equipment is used in violation of any of the provisions of this Tariff, the Utility will take such immediate action as is necessary for the protection of its facilities and network and will promptly notify the customer of the violation.

2.5 CUSTOMER OWNED AND MAINTAINED EQUIPMENT (Cont'd)

2.5.4 Violation of Tariffs (Cont'd)

The customer shall discontinue use of the equipment or correct the violation and shall confirm in writing to the Utility within 10 days following the receipt of written notice from the Utility, that such use has ceased or that the violation has been corrected. Failure of the customer to discontinue such use or to correct the violation and to give the required written confirmation to the Utility within the time stated, shall result in termination of the customer's service until such time as the customer complies with the provisions of these tariffs.

2.5.5 Utility Liability

The use of customer owned equipment for the transmission and/or reception of data or speech signals is permitted only on the condition that the liability of the Utility for damages arising out of mistakes, omissions, interruptions, delays, or errors or defects in transmissions, or failure or defects in the equipment occurring in the course of furnishing service or other facilities and not caused by the negligence of the customer, or of the Utility in failing to maintain proper standards of maintenance and operation and to exercise reasonable supervision, shall in no event exceed an amount equivalent to the proportionate charge to the customer for the period of service during which such mistakes, omissions, interruptions, delays, or errors or defects in transmission, or failure or defects in the equipment occur.

The customer indemnifies and holds the Utility harmless against claims of libel, slander, or infringement of copyright arising from material transmitted over its facilities, against claims for infringement of patents arising from combining with, or using in connection with, facilities of the Utility, apparatus and systems of the customers and against all other claims arising out of any act or omission of the customer in connection with the facilities provided by the Utility.

2. GENERAL REGULATIONS

2.6 LAW ENFORCEMENT RATES AND REGULATIONS

GCI has a policy of always working with Law Enforcement Agencies. In order for a smooth working relationship, GCI wishes to outline the following policy:

A law enforcement agency needs to provide GCI with a search warrant, subpoena or court order (herein the Request) for the requested records.

GCI will acknowledge (by phone) receipt of the Request within 2 business days. If the law enforcement agency does not receive acknowledgement of receipt within 2 business days, this indicates that GCI has not received the Request.

GCI will produce call records for the prior six months within one week of the request date. GCI will produce call records older than six months within one month of the request date. If GCI is unable to meet the timeframes stated in this policy, the requesting Agency will be notified of such delay in writing.

If the request is for customer information (name, address, social security number etc.) the request will be handled within 15 business days.

See Section 6.4 for rates.

(L)

Submission of requests:

(L1)

Requests for information from Law Enforcement Agencies should be sent to:

3. LOCAL ACCESS

3.1.1 CONDITIONS

The provision of service at the rates and under the regulations shown in this Tariff are subject to the regulations shown in Section 2, which as it now exists, or as it may be revised, added to, or supplemented by superseding issues, is made a part of this Tariff.

These rates stated in the various Rates Section (as defined in Section 1.2), are (C) for provision of access to the local exchange network. Customers within the exchange boundaries receive access to the entire local exchange area, including the non-optional extended local service area.

Call Block - Per Call is automatically included with basic service, where available. Before placing an outgoing telephone call, a customer may designate their name and number as private and prevent delivery to a called party using Caller ID (Rates Section (as defined in Section 1.2)). On a per call (C) basis, the customer dials the per call blocking activation code of *67 (or 1167 on rotary or pulse-dialing phones) which prevents their names and telephone number from being displayed. Call Block - Per Call is a line-side service and may or may not work with trunk-side access. Customers should test their customer premise equipment for Call Block - Per Call functionality.

3. LOCAL ACCESS3.1 BUSINESS AND RESIDENCE - LOCAL ACCESS (Cont'd)3.1.2 DESCRIPTION

Residence service is a local access service provided to an individual or entity (T)
at a location where the actual or apparent use of the service is for social or (T)
domestic purposes.

Business service is a local access service furnished to an individual or entity (T)
engaged in business, firms, partnerships, corporations, agencies, shops, works,
tenants of office buildings, fraternal lodges, churches, schools, clubs, other
organizations of a similar nature and individuals practicing a profession or
operating a business who have no offices other than their residence and where
the actual or apparent use of the service is principally or substantially of a (T)
business, professional, or occupational nature.

Business service is segregated into three distinct categories as follows:

- A. Business Simple/Individual Business Line Simple - Defines business service provided without any associated hunt group services. Custom Calling services as described in the various Rates Sections (as defined in Section 1.2) (excluding Sections on Hunting Groups and Centrex Type Features) and Section 4.6, of the tariff, which are further described in Rate Sections (as defined in Section 1.2) are available in conjunction with Business Simple service.
- B. Business Complex - Defines business service provided on a line basis, utilizing hunt group services, or on a trunk basis. Rates for this service are as described in the various Rate Sections (as defined in Section 1.2). Additional, add-on services, as described in Rate Sections (as defined in Section 1.2), can be ordered in conjunction with Business Complex service.
- C. Business Complex Premium - Defines Business Complex service to be terminated on a key system or PBX system when the customer requests Centrex type optional features from the add-on services described in Rate Section (As defined in Section 1.2). Rates for this service are as described in Rate Section (As defined in Section 1.2). Additional add-on services, as described in Rate Section (As defined in Section 1.2), can be ordered in conjunction with Business Complex Premium service.

3. LOCAL ACCESS

3.1 BUSINESS AND RESIDENCE - LOCAL ACCESS (Cont'd)

3.1.2 DESCRIPTION (Cont'd)

- D. Home Office - A local access service furnished to individuals practicing a profession or operating a business that have no offices other than their residence. This service is available in residential locations only

(D)

The service is not available if the customer has business service at another location. Except as otherwise noted, terms and conditions applicable to Business service as specified elsewhere in this tariff, such as Directory listings, will apply to Home Office service.

- E. Modem Line Service - Provides a conditioned line that falls within specified parameters for data transmission. The loop resistance for a Modem Line will be less than 1200 ohms, and the longitudinal balance will be above 60-65 decibels. Modem Line requires that the inside wire be connected to a single jack; the jack that the CPE is connected to. Except as otherwise noted, terms and conditions applicable to Residential service as specified elsewhere in this tariff will apply to Modem Line.

- F. Key Line # - A business access line that connects the Central Office switch and the end user's key system.

- G. PBX Trunk # - A business access line that connects the Central Office switch and the end user's PBX.

- D. Interface Connection Charge - One charge applies for connecting and testing of one jumper wire pair from the main distribution frame to the demarcation point at the customer's location. Does not apply to Private Line Service.
- E. Local Service Restoration Charge - If the service furnished to a subscriber is temporarily suspended for non-payment of charges due or for any other violation of the regulations of the Utility, as described under General Regulations, but the equipment is not removed from the subscriber's premises, such service is restored only on payment of a restoration of service charge. (See Rates Section, as defined in Section 1.2) (C)

Service charges apply, except as specified in this section or in other sections of this Tariff, to customer initiated requests for telephone service as specified in Rates Section, as defined in Section 1.2. They apply in addition to, and not in lieu of, construction charges made due to unusual cost in establishing service. (C)

3.3.2 REGULATIONS

Conditions under which no service charges apply:

A. No service charges apply for Utility initiated work:

1. Telephone located on a customer's premises but used exclusively by the Utility for maintenance or training purposes.
2. Work to move or change a customer's telephone service or equipment if required and initiated by the Utility.
3. For services provided under this tariff, with the exception of message telecommunication service, disconnection of service for nonpayment of charges due: (L)

3.3 BUSINESS AND RESIDENCE - NONRECURRING SERVICE CHARGES (Cont'd)

3.3.2 REGULATIONS (Cont'd)

E. A service charge during regular working hours will be billed to the customer for each premise visit necessary where the service difficulty or trouble is found to be caused by customer provided equipment. The charge will be for actual hours involved at existing labor rates, plus materials.

F. The Utility's normal scheduling procedure for new single line service is to schedule the customer, on a specific date between the hours of 8:00 a.m. and 7:00 p.m., Monday through Friday. This scheduling procedure requires the customer to be available anytime during the stated time period. Recognizing that some customers may not be able to make themselves available for the entire day, the Utility will schedule a limited number of installations within a two-hour window.

(T)
(C)
(C)(T)

(T)

(D)

(D)

In the event a customer requests an installation be accomplished during the specified two-hour time frame and is not available at the time GCI personnel arrive at the residence (within the time frame) the customer shall be responsible for payment of an additional Service Order Charge and an additional Premise Visit Charge.

(T)

3.3.3 CONDITIONS

All nonrecurring charges for installations, moves, or changes in service as quoted in the tariff are based on normal costs when work is done under the Utility's normal schedule.

When a customer requests an installation, move, or change of service to be completed on an expedited basis or at a time other than would normally be scheduled by the Utility, a premium nonrecurring charge shall be applicable.

3.4.2 EXEMPTIONS

Calls to Directory Assistance from customers who have been certified by a physician or state recognized agency as unable to use a directory because of a physical disability are not subject to charge. This exemption applies only to calls to DA which are billed to the disabled customer's single line residence telephone number. Exemption application forms are available at GCI.

Calls from both public and semi-public coin phones and hospitals are exempt from the Directory Assistance Charge.

3.4.3 DIRECTORY ASSISTANCE DENY

Directory Assistance Deny prevents the end user from accessing the Directory Assistance System. Attempted calls from lines equipped with Directory Assistance Deny will be routed to a telephone utility intercept announcement or tone.

3.4.4 DIRECTORY ASSISTANCE CALL COMPLETION (DACC)

(N)(L)

A. Terms and Conditions

1. Directory Assistance Call Completion (DACC) is an optional service provided to users of Local Directory Assistance (DA) Service. After dialing 411, DA customers may choose to have the telephone number they are requesting dialed by the DA Operator System.
2. The service is available to business and residential customers except as limited in 3.4.4.B, following.
3. Individual message detail is not included with this service.

3.4 DIRECTORY ASSISTANCE (Cont'd)

3.4.4 DIRECTORY ASSISTANCE CALL COMPLETION (DACC) (Cont'd)

A. Terms and Conditions (Cont'd)

4. There are no free call allowances. In addition, the charges and call allowances for Directory Assistance are not affected and are governed by the terms and conditions in Section 3.4.
5. Customers may request blocking of DACC calls originating from their telephone lines. DACC Deny prevents DA callers from having the telephone number they are requesting dialed by the DA Operator System. See Rates Section (as defined in Section 1.2) for reference to applicable charges. (C)
6. For customers requesting more than one DA number, the DACC option is available for the last telephone number requested. (C)
7. The service is available only where billing and network capability exists.

B. Limitations - The service is not available for the following classes of service call categories:

1. Any special line class codes
2. 700, 800, and 900 number requests
3. 976 and 540 DA number requests
4. Calls from Private Pay Telephones
5. Non-published service numbers
6. Interstate or intrastate calls
7. Wireless calls

C. Application of Charges

1. The charges specified in the various Rates Section (as defined in Section 1.2) will be applicable to all subscribers. (C)
2. Chargeable Calls – for charging purposes, a DACC completed call includes, but is not limited to, a connection to the requested number, an answering device, or a Company Switch recording.

3.5 LINE EXTENSION CHARGES

(L/L1)

Upon a customer's application for a line extension for GCI facilities:

- GCI will design the most cost effective system for serving the applicant.
- The quote will be provided to the customer before construction begins. GCI will provide an allowance, (see Section 6.13 for allowance rate) for each occupied home passed by the new facility, toward the cost of the extension, which leaves the net quote. (This credit does not depend on Mr. Smith's neighbors joining the line extension request.)
- Applicant is responsible for payment of any costs above the applicable allowance.
- A line extension and service connection agreement will be in writing, include the utility's estimate of the customer's share of the costs, the terms and conditions of payment, estimated date of completion of the work, and be signed by the company and the customer or the customer's authorized representative.
- Payment will be due before construction of the line extension starts. If the actual costs of construction are less than the estimate, the difference will be refunded to the member. If the actual costs of construction are greater than the estimate the customer will not be responsible for any amount beyond the original quote in the line extension and service connection agreement.

(L/L1)
(C)
(L/L1)

Please note: This policy applies to the cost of extending the facilities to the Customer premises it does not include ownership of the facilities involved.

(L/L1)

(L) Matter relocated from Original Sheet No. 79.2.

(L1) Matter relocated from 4th Revised Page 175, 1st Revised Page 538, 1st Revised page 1069.

Title: Tariffs and Licenses Manager

Canceling

RECEIVED

FEB 24 2006

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****3. LOCAL ACCESS****3.5 LINE EXTENSION CHARGES (Cont'd)**

When a customer on a project disconnects his service, no refund is made of the line extension charge.

On disconnection of service, those customers making monthly line extension charge payments are required to pay an amount equal to the total of the monthly line extension charge payment for the unexpired life of the contract.

Charges to remaining customers are not affected by disconnects.

When a customer disconnects service or moves off the project and service is established for a new applicant at the same location the new applicant may assume the line extension charge contract provided there is no lapse in payments.

Any adjustment in prepaid line extension charges is a matter for negotiation between the original customer and the new applicant.

A departure from the rates and special conditions specified in the rates found in the Rate Section (as specified in Section 1.2) may be made on behalf of the Utility when a (C) line extension involves unusual or disproportionately large construction expenditures as compared with the usual types of plant construction.

3.6 UNIVERSAL ACCESS SURCHARGE FOR TELECOMMUNICATIONS RELAY SERVICE (TRS)

Alaska Statute, AS 42.05.296, and Alaska Public Utilities Commission regulations, 3 AAC 51.100, et seq., require that TRS is funded by a monthly surcharge on rates of all local exchange carriers and interexchange carriers. The surcharge collections will be disbursed to the TRS provider monthly.

The surcharge is a two-tier rate, one tier assessed to residential and single-line business subscribers and the other tier assessed to multi-line business subscribers.

See Section 6.6 for rates.

REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****3. LOCAL ACCESS****3.8 DIRECTORY SERVICE**

A. Each Subscriber to business or residential service will be listed in the alphabetical section of the telephone directories periodically published and distributed by the Utility or its agents, unless otherwise requested by the subscriber. There is no charge for listing the primary number of each business or residence. The primary number of each business service will also be listed in the classified section at no charge.

B. Listings will generally be limited to a single line containing name, location address and telephone number; however, an additional line may be used when required for proper identification. The Utility may refuse the insertion of listings which is considers inconsistent with the style or purpose of its published directories.

C. Additional listings are offered at the prevailing monthly rates in this section, subject to the following conditions:

1. Additional residential listings must include the same location address as the primary listing and are limited to members of the subscriber's household.
2. Additional business listings must include the same location address as the primary listing, except where equipment serving the same business is located on different premises, in which case, the off-premise location address may be listed.

D. Alternate listings are offered for subscribers to business and residential service at the prevailing monthly rates in the various Rates Section (as defined in Section 1.2). (C)

E. Foreign directory listings will be accepted from business and residential customers outside of the Utility's exchange area. The customer will be charged the rates appearing in the various Rates Section (as defined in Section 1.2). (C)

F. The subscriber assumes full responsibility concerning the right to use any name as a directory listing and agrees to hold the Utility harmless of and from any claims, loss, damage, or liability which may result from the use of such listings. The Utility does not undertake to determine the legal, contractual, or other right to the use of the name to be listed in a telephone directory of the Utility. However, listings designed primarily to give publicity to a commodity or service will not be accepted.

G. Non-published and non-listed service is offered to the business and residential subscribers at the respective monthly rates in the various Rates Section (as defined in Section 1.2), subject to the following conditions: (C)

1. The subscriber will relieve the Utility of any responsibility for the failure to receive calls due to such non-publishing or non-listing of telephone numbers.
2. The subscriber agrees to hold the Utility harmless from damages, or action in damages arising from the failure to receive calls at non-published or non-listed telephone numbers.
3. The Utility will exercise reasonable care to prevent the insertion of non-published and non-listed telephone numbers in its published directories. The utility will exercise extra care to prevent the disclosure of non-published numbers, except as may be required by its authorized employees or agents, or as may be directed by civil authority in the interest of public safety and welfare.
4. A subscriber with one or more of their telephone numbers published in the directory may designate other numbers on the same account as non-published or non-listed at no charge.
5. The monthly rates for non-published or non-listed service will apply during the issue life of the currently published telephone directory from which such listings are excluded. Non-published service may be changed to non-listed service at the subscriber's request.

Listing which includes a name and a reference to another listing which would carry the telephone number. This type of listing may be furnished at the option of the Company at no charge when it appears necessary in connection with telephone service in general, provided the listing would have no value to the customer.

L. Nonlisted Service

This is service requested by a customer whose name and telephone number are not listed in the telephone directory, but can be obtained by contacting Directory Assistance.

M. Directory Line of Information

One line of information, related to a telephone number, found in the white pages directory.

N. Each Additional Line

Any Access line ordered in addition to the primary access line.

O. Each Reference of Service/Same Customer

An additional reference in the directory listing.

P. Each Reference of Service/Another Customer

Any additional reference in the directory, found under another customer listing.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****3. LOCAL ACCESS****3.9 ENHANCED LIFELINE SERVICE****(A) GENERAL**

Enhanced Lifeline Service allows qualified low-income customers of the Company to receive a reduction in their local residential service charges. Enhanced Lifeline Services are available in Anchorage-Bird/Indian-Girdwood-Hope, Fairbanks, Glacier State (as defined in (C/D) Section 35, Sheet 2000), Juneau/Eielson/Ft. Wainwright, Ketchikan, and Matanuska-Susitna (as defined in Section 30, Sheet 1500). (N)

(B) REGULATIONS

- (1) Enhanced Lifeline Service will be offered to any customer who meets the eligibility in Subsection A and participates in one of the following programs listed in Subsection B:
 - A. The customer must live in a household with income at or below 135 percent of the current official Federal Poverty Income Guidelines published annually in the Federal Register by the United States Department of Health and Human Services; for purposes of applying the United States Department of Health and Human Services poverty guideline, the term "family unit" as used in that guidelines means the same as "household" and the term "household" is defined as all persons who occupy a housing unit, whether they are related to each other or not.

Documentation necessary to prove income:

 - a. A previous year's state, federal, or tribal tax return;
 - b. A current income statement from an employer or paycheck stub;
 - c. A statement of benefits from the United States Social Security Administration;
 - d. A statement of benefits from the United States Department of Veterans Affairs;
 - e. A retirement or pension statement of benefits;

- (e) The customer's household income.
- (f) They will notify the Company when the customer's income exceeds the 135 percent threshold specified in Subsection A.
- (g) They are only receiving one Lifeline benefit per household. This includes all telephone companies a customer does business with. (N)

(3) The premises at which the residential service is requested is the customer's principal place of residence.

(4) There can only be one telephone line per residence receiving Lifeline benefits. (N)
The residential premises household (dwelling unit) shall consist of that portion of an individual house or building or one apartment or that occupied by a single family or individuals functioning as one domestic establishment.

(5) Local Enhanced Lifeline Service shall not be disconnected for non-payment of toll charges; however, the Company may disconnect access to interexchange services should the customer not pay incurred toll charges. Other telephone lines serving the residence can be disconnected for non-payment of charges. (N)

(6) If the customer chooses "toll blocking," the company will not charge a toll security deposit.

(7) Enhanced Lifeline Service includes the following:

- Single party, voice grade access to the Public Switched Network;
- Access to emergency services
- Access to operator services
- Access to interexchange services, unless toll blocking is chosen
- Access to directory assistance
- Toll blocking and toll control where available

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.**3. LOCAL ACCESS3.11 PRIVATE PAY TELEPHONE SERVICE(A) GENERAL

Private Pay Telephone Service ("PPTS") provides telephone service to customer-provided pay telephones. Access to the local calling area is provided at rates described in the various Rates Section (as defined in Section 1.2). Access is provided to the toll network to place toll messages sent paid, sent collect, or billed to a third number or calling card. PPTS will normally be arranged for two-way service. PPTS can also be optioned for originating service only. (C) (C)

(B) CONDITIONS

- (1) Private Pay Telephone Service and features are available where equipment, facilities and operating conditions permit.
- (2) Unless otherwise specified in this Section, PPTS will have the same repair services and optional features available to simple business service under the same terms and rates as business simple service. Additional charges for directory assistance apply pursuant to Section 3.4 of this tariff. Party line service is not available for PPTS. One customer-provided pay telephone will be permitted per each PPTS line furnished.
- (3) All customer-provided pay telephones must be connected to PPTS, be FCC registered, or connected behind a registered protective coupler, and comply with all FCC Rules and Regulations and Title III of the Americans with Disabilities Act ("ADA"), effective January 26, 1992, which addresses accessibility to Telecommunications Services for persons with disabilities at places of public accommodation and commercial facilities, and/or Uniform Federal Accessibility Standards ("UFEAs"). Payphone Service Provider equipment must comply with ADA guidelines as well as the Final Guidelines of the Architectural and Transportation Barriers Compliance Board.

Also, the "Telephone Operator Consumer Services Improvement Act of 1990" involves legislation establishing specific statutory requirements for aggregators and operator service providers. Payphone Service Providers should refer compliance questions to an attorney or a payphone association.

3.11 PRIVATE PAY TELEPHONE SERVICE (Cont'd)

(B) CONDITIONS (Cont'd)

(N)

- (4) Payment of all Toll Message Service, Information Delivery Service, and directory and operator assistance charges for a PPTS shall be the responsibility of the customer to the PPTS service.
- (5) There is no minimum service period for PPTS service.
- (6) All customer-provided pay telephones must provide dial tone first, allow 911 dialing, where 911 Service is available, and emergency access to the operator.
- (7) Customer-provided pay telephones must always provide 0+ toll access.
- (8) Customer-provided pay telephones must be accompanied by posted notices of rates, including time limits per call, if any; name, address and telephone number of owner; procedures for reporting service difficulties and method of obtaining charges for calls made on the instrument; dialing instructions; operational characteristics for toll and local calling; emergency dialing information; and the telephone number of the instrument.
- (9) Customer-provided pay telephones must be able to complete local as well as toll calls.
- (10) Extensions to a customer-provided pay telephone permitting a third party access to conversation are not permitted.
- (11) All other conditions of service not specifically mentioned herein will be governed by exchange access service including, but not limited to, directory listings, touch-tone calling service, and limits of liability.
- (12) Any service to which an existing customer-provided pay telephone is connected will be converted to a PPTS.
- (13) Service may be withheld or discontinued to any pay telephone which is found not to be in compliance with the above conditions.

3.12 ALASKA UNIVERSAL SERVICE FUND SURCHARGE

The Alaska Universal Service Fund Surcharge is a line item surcharge levied on intrastate and end-user revenues to provide for payment to the Alaska Universal Service Fund. The Alaska Universal Service Fund provides:

- (1) Financial assistance, known as lifeline support, to qualifying local exchange telephone companies so that the bills of qualifying low income customers may be reduced; and,
- (2) Financial assistance known as dial equipment minute (DEM) weighting to local exchange telephone companies of less than fifty-thousand (50,000) access lines that qualify for assistance under the requirements set forth by the Commission at 3 AAC 48.430. The intent is to keep the local service rates of small companies affordable; and,
- (3) Such other purposes as may be designated by the Commission by regulation.
- (4) See Section 6.9 for rates. (N)

4. GENERAL SERVICES4.3 CUSTOM CALLING SERVICES

Custom Calling Services are optional telephone service arrangements which provide one or more of the following features. There may be some limitations on the features depending on whether they are provided by Company facilities or through resale of other utility's services.

A. Call Forwarding

Allows a customer to automatically transfer all incoming calls, during the period of time this feature is activated, to any other telephone number. The customer activates and cancels Call Forwarding as required.

B. Call Forward Busy Line

Forwards incoming calls to another (pre-designated) destination when the called line is busy. The subscriber can continue a conversation while incoming calls are answered elsewhere.

C. Call Forward Don't Answer

Forwards all incoming calls to another (pre-designated) number if the called number is not answered after a specified number of rings. The called station rings normally until the incoming call has been forwarded.

D. Fixed Call Forwarding

Provides for the automatic routing of incoming calls to any designated telephone number. The designated telephone number is programmed by the Utility and can only be changed by a Feature Activation Charge order. The customer activates and deactivates Fixed Call Forwarding as required.

E. Three-Way Calling

Enables a customer to add a third party, local or long distance, to an established connection without operator assistance.

F. Speed Calling (30)

This provides for the calling of any telephone number by dialing a 1-or 2-digit code. Speed Calling is available in 30-number capacity.

F.1 Speed Calling (8)

Same as Speed Calling (30). This feature has 8-number capacity.

4. GENERAL SERVICES

4.3 CUSTOM CALLING SERVICES (Cont'd)

G. Call Waiting

Alerts a customer talking on the telephone that a call is waiting. The customer can "hold" the first call while the second is answered. The customer can alternate between calls.

H. Cancel Call Waiting

Allows the subscriber to cancel the call-waiting function for the duration of one call.

I. Denied Originating Service

Allows a customer to assign to any line the condition that the customer may receive calls only.

J. Denied Terminating Service

Allows a customer to assign to any line the condition that the customer may originate calls only.

K. Intercom

Allows single line residential or business customers to signal between stations where there is a primary station with additional station(s) connected to it.

L. Toll Restriction

Toll Restriction prevents access to the toll network. Attempted calls from lines equipped with Toll Denial or Interstate Only Toll Denial will be routed to a Utility provided intercept announcement or tone. Calls from lines equipped with Restricted Sent Paid will be routed to a long distance operator. These services are available only on local individual residence and business lines. These services are provided only where facilities and operating conditions permit. Provision of toll restriction does not alleviate customers' responsibility for completed toll calls.

Nine types of toll restriction are available:

(C)

1. Toll Restriction - At the request of the end user, the Utility will restrict the end users' line from originating all long distance calls. The end user may receive incoming long distance calls.

L. **Toll Restriction (Cont'd)**

2. Interstate Only Toll Restriction - At the request of the end user, the Utility will restrict the end users' line from originating long distance calls to a point outside the State of Alaska. Calls to points within the State of Alaska will be allowed. The end user may receive incoming long distance calls.
3. Restricted Sent Paid (RSP) - At the request of the end user, the Utility will route all calls other than 800 or non-Directory Assistance local service to a toll (N) operator for service authorization and billing identification. RSP is provided in conjunction with a customer's presubscribed interexchange carrier (IXC). Additional IXC charges may apply.
4. 900 Toll Service Deny - At the request of the end user, the Utility will restrict the end user's line from accessing any 900 Toll Service.
5. Intrastate Only Toll Restriction - At the request of the end user, the Utility will restrict the end users' line from originating long distance calls to a point within the State of Alaska. Calls to points outside the State of Alaska will be allowed. The end user may receive incoming long distance calls.
6. Code Restriction - At the request of the end user, the Utility will restrict completion of certain types of calls.
7. International Call Block - At the request of the end user, the Utility will block international calls from originating.
8. Third Party Toll Restriction - At the request of the end user, the Utility will block a third party from calling one destination and charging the bill to the end user's telephone number.
9. Collect Call Block - At the request of the end user, the Utility will block all incoming collect calls.

The end user will have access to 911 Emergency Services.

M. Hunting Groups

Line Hunting provides a means of searching numbers to find an idle line. This service applies to a group of individual Business Complex lines (usually for the same subscriber) or trunks.

Hunting Group features are offered to Utility customers subject to the availability of facilities and are subject to compatibility with other optional features.

1. Directory Number Hunting - Directory Number Hunting provides sequential hunting of hunt group numbers for an idle line when the main directory listed number is busy. Each line in this hunt group has its own unique directory number which allows direct calling and identifies toll calls.

If the main directory listed number is not dialed, hunting begins with the number dialed and ends with the last number in the hunt group. Call Forward Group Don't Answer is an optional feature with this package.

N
N

2. Circular Hunting - The Circular Hunting feature is an enhancement to Directory Number Hunting allowing all lines in a hunt group to be hunted in sequential order regardless of the starting point. If the last number in the hunt group is busy, the feature returns to the pilot number and will continue until an idle line is located or to the hunt starting point.

3. Multi-line Hunting - This hunting group feature is assigned to one directory number assigned to receive incoming calls for a group of lines. Hunting starts from the pilot number and hunts in a sequential manner to the last line in the group looking for an idle line. If none is found the caller will receive a busy signal. Call Forward Group Don't Answer is an optional feature with this package.

4. GENERAL SERVICES

4.3 CUSTOM CALLING SERVICES (Cont'd)

M. Hunting Groups (Cont'd.)

4. Distributed Line Hunting - Distributed Line Hunting allows rotation of the order in which incoming calls are processed. All incoming calls go first to the listed directory number. The feature will then route a call to the subsequent line that last received an incoming call. If this line is busy, Distributed Line Hunting will continue to hunt until it reaches an idle line or the hunt starting point resulting in a busy signal. Call Forward Group Don't Answer is an optional feature with this package.

5. Hunt Group Stop Hunt - This feature may be assigned to any directory number, multi-line, or distributed line hunt. Stop hunt provides a miscellaneous scan point in the central office switch connected to a cable pair to a key switch located on the Customer's premise. The hunting feature is canceled when the key is activated. Depending on the programmed option, the hunting is canceled for the entire hunt group or a portion of the hunt group.

4. GENERAL SERVICES4.3 CUSTOM CALLING SERVICES (Cont'd)M. Hunting Groups (Cont'd)

6. Line Hunt Overflow to a Directory Number - Line Hunt Overflow is added to a Directory Number Hunting, Multi-line Hunting or Distributed Line Hunting group to allow calls to continue to another specified directory number on the customer's premise if all lines in the hunt group are busy. (T)
7. Stop Hunt - Stop Hunt is added to a Directory Number Hunting, Multi-line Hunting or Distributed Line Hunting group. This feature provides cancellation of hunting activated by an external key at the customer's premise. The cancellation may be simultaneously assigned to one, several, or all lines within the hunt group. (T)
8. Bridged Night Number - Bridged Night Number permits an additional 7-digit number to be assigned to a multi-line hunt group without additional facilities. An incoming call on the bridged number is recognized by a lighted indicator other than the pilot number indicator. (T)

N. Dial-Up Data Line Enhancements

Dial-Up Data Line Enhancements provide protection from interruption for analog data transmission over individual lines or PBX direct outward dial trunks. Dial-up Data Line Enhancements are offered to utility customers subject to the availability of facilities and must be compatible with other optional features.

1. No Double Connection (NDC) is available for lines which are not to be connected to a verification or test circuit when the line is busy. NDC lines cannot be assigned call waiting, call transfer, or conference features which prevents the user from calling up a data base and transferring the call (and access to the data base) to another line.
2. No Line Insulation Test (NLT) is available for lines which are to be skipped by the automatic line insulation test program.
3. Cutoff on Disconnect (COD) is available for data lines or answering computer lines requiring the cutoff relay to activate on disconnect. (The cutoff relay disconnects a subscriber loop from the line circuits of the switching system).

4.3 CUSTOM CALLING SERVICES (Cont'd)

O. Automatic Intercept

Automatic Intercept routes the calling party to a recorded message which provides the caller the new or changed telephone number of a Utility customer.

Individual residence lines and individual business simple, business complex, and business complex premium lines and trunks will be routed to Utility provided Automatic Intercept at no charge for a period of sixty (60) days when a Utility customer relocates within the Utility's serving area.

As described in the various Rates Section (as defined in Section 1.2), of this tariff, (C) Automatic Intercept may be continued after the sixty (60) day interval.

P. Centrex Type Features

The following features are provided to customers requesting Centrex type functionality. They are provided in conjunction with Business Complex Premium service as described in Section 3.1.3.C. Rates for Centrex Type Features are provided in the various Rates Section (as defined in Section 1.2). (C)

1. Call Transfer - This feature allows a station to hold and transfer incoming, outgoing, and intragroup calls.
2. Network Speed Calling - This feature allows a user to place calls to a previously designated list of frequently dialed numbers by dialing a speed calling code, instead of dialing all digits of the desired number.
3. Meet-Me Conference - This feature allows the customer to establish a conference bridge. Conferees can be connected by dialing a directory number at a specified time.

FILING ONLY**Rec'd 2/28/06**GCI Communication Corp.****4. GENERAL SERVICES****4.3 CUSTOM CALLING SERVICES (Cont'd)****Q. Remote Call Forwarding**

Provides for the automatic routing of incoming calls to any designated telephone number on the Utility's Network. The designated telephone number is programmed by the Utility and service activation and deactivation can only be changed by a Feature Activation Charge order. Remote Call Forwarding can be programmed to allow the simultaneous processing of calls not to exceed the capacity on the terminating end.

R. Automatic Line

When going off-hook, the calling station is automatically connected to a designated telephone number without dialing. The designated telephone number is programmed by the Utility and can only be changed by a Feature Activation Charge order.

S. Distinctive Ring

The feature adds up to three additional numbers for a total of four numbers to your telephone line which will ring differently than the other.

(D)
(D)**T. Do Not Disturb**

This feature prohibits a phone line from receiving calls. The customer activates and deactivates Do Not Disturb as required.

U. Remote Activation Call Forwarding

This feature allows the customer to activate or deactivate Call Forwarding from a telephone other than the one to which the service is assigned.

V. Enhanced Remote Call Forwarding

Provides for routing of incoming calls to any designated telephone number. The designated telephone number is programmed by the Utility and service activation and deactivation can only be changed by a Feature Activation Change Order. Enhanced Remote Call Forwarding can be programmed to allow the simultaneous processing of calls not to exceed the capacity on the terminating end.

W. Message Waiting Visual

Provides visual indication that a voice mail message is waiting to be retrieved.

X. Line Overflow to a Directory Number

If all the lines in a hunt group are busy, this feature causes hunting to continue to a specified directory number. This Directory number can be part of a hunt group. (N)

Y. Line Overflow to a Route

If all the lines in a hunt group are busy, this feature causes hunting to continue to a specified route index.

Z. Residential Call Hold

Residential Call Hold allows a customer to place an active call on hold through the use of an access code, and then continue either from the same set or from another set.

AA. Teen Service

Teen Service provides a distinctive ringing code on incoming calls to an access line. This code is achieved by assigning an additional telephone number to the access line. This number must be billed to the primary number. One directory listing will be provided with the service. Additional listings can be provided at the "additional listings" rate.

AB. Message Waiting, audible

Message Waiting, audible alerts the customer that a Voice Mail box message is waiting by providing a special dial tone signal when the customer goes off-hook. (N)

4.4.1 JACK AND PLUG CONNECTING DEVICES (Cont'd)

- C. In those instances where any protection device or coupler is required, whether furnished by the customer or the Utility, the Utility will not allow intermixing of customer and Utility provided equipment serially installed beyond the point of demarcation.
- D. The point of demarcation for customer provided terminal equipment not requiring a protective connecting device or coupler, or for customer provided protection devices or couplers, shall be a Utility provided jack located no further than three feet from the Utility's cable feeder termination in a telephone cabinet, equipment room, distribution cabinet, or main outside plant cable terminal.
- E. The point of demarcation for a Utility provided protective device or coupler shall be a jack located on or in the device or coupler supplied.

4.5 DIRECT INWARD DIAL SERVICE (DID)

This service is provided to connect the facilities installed for PBX subscribers with the exchange and toll facilities of the Utility.

DID service is offered as an add-on feature in conjunction with Business service as described in Section 3.1.2. Rates for DID service are found in the various Rates Section (as defined in Section 1.2).

(C)
(C)

DID service is subject to a charge for each sequential block of 100 numbers ("Block of 100 Numbers") or part thereof, assigned to directly access stations through PBX facilities installed for the subscriber.

Digital Subscriber Service ("DSS") is a direct digital connection between Company's switching network and a customer designated premise. DSS allows for one-way or two-way trunks.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.**4. GENERAL SERVICES4.5 DIRECT INWARD DIAL SERVICE (DID) (Cont'd)

The subscriber shall, in addition to a minimum requirement of four (4) Business Complex or Business Complex Premium trunks, equip such additional trunks as may be required to maintain at least an objective grade of service of P.01, as determined by periodic traffic studies conducted by the Utility. If the Utility determines that the subscriber exceeds an objective grade of service of P.05 during ten or more business days during a consecutive ninety-day (90) period based on Utility traffic studies, the Utility will send written notice to the subscriber. The notice will specify the number of additional trunks necessary to maintain the required objective grade of service and the date on which the subscriber's DID service may be disconnected if the required number of trunks is not added. The disconnect date will not be less than ninety (90) days from the date the notice is sent to the subscriber. If the subscriber fails to add the required trunks on or before the disconnect date, the subscriber's DID service may be disconnected without further notice.

If the Utility determines that a subscriber has more Business Complex or Business Complex Premium trunks than are necessary to maintain the required objective grade of service based on Utility traffic studies conducted over a period of (90) consecutive days, the Utility will send a written notice to the subscriber. The notice will specify the number of trunks necessary to maintain the required objective grade of service.

The Utility will perform traffic studies on a per extension per customer request basis. Labor charges will be assessed at the DID trunk extension traffic study rate as set forth in the various Rates Section (as defined in Section 1.2). (C)

The connected PBX must have all working station numbers correspond with the numbers within the block, or blocks, of 100 numbers assigned by the Utility. However, after written application the Utility will grant an exception to this requirement where one or more blocks of 100 numbers in the PBX are dedicated solely for the use of transient persons who are neither employees of, nor directly or indirectly compensated, by the customer. (Customers who had partially equipped PBXs as of October 8, 1979, are grandfathered; such grandfathering shall remain in effect until there is an increase to the next block of 100 numbers.)

Availability of DID service is limited to the availability of central office facilities and compatible number blocks.

REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****4. GENERAL SERVICES****4.5 DIRECT INWARD DIAL SERVICE (DID) (Cont'd)****4.5.1 DID RETRANSLATION/INTERCEPT SERVICE**

This service is provided to retranslate or intercept a DID 100 numbers block.

DID retranslation or intercept is subject to a charge for each block of 100 numbers, or part thereof, assigned to directly access stations through PBX facilities installed for the subscriber.

DID Retranslation: A DID 100 numbers block, or part thereof, will be retranslated routing a particular DID number(s) to a different number(s) in the same wire center or to an alternate wire center within GCI's exchange area and then to the customer.

DID Intercept: A DID 100 numbers block, or part thereof, will be retranslated routing a particular DID number(s) to a live operator or to a recorded message.

Monthly rates for retranslation and intercept will be charged in addition to the DID rates found in the various Rates Section (as defined in Section 1.2). (C)

4.6 ENHANCED CUSTOM CALLING SERVICES**4.6.1 CONDITIONS**

Enhanced Custom Calling Features are line side services and are available to residential, business simple and business complex customers in central office switches having the generic capability to offer Enhanced Custom Calling Features. Enhanced Custom Calling Features may or may not be available for business complex service on a trunk side service such as DSS. Customers are required to test their customer premise equipment for service functionality.

There may be some limitations on the features depending on whether they are provided by Company facilities or through resale of other utility's services.

These rates are in addition to all other rates and charges for business and residential telephone service.

Tariff Advice No. Pursuant to U-05-004(12) Effective: February 1, 2007Issued by: GCI Communication Corp.By: Jennifer K. RobertsonTitle: Tariffs and Licenses Manager

4. GENERAL SERVICES

4.6 ENHANCED CUSTOM CALLING SERVICES (Cont'd)

4.6.1 CONDITIONS (Cont'd)

Enhanced Custom Calling Features are provided subject to the availability of facilities and limitations of customer premise equipment. These features will operate only on calls originating and terminating within an Enhanced Custom Calling Feature service office, or similarly equipped offices of interconnecting local telephone companies.

All names and numbers, with the exception of customers who initiate Call Block - Per Call or maintain active Call Block - Per Line, will be delivered (subject to technical limitations) to customers subscribing to Caller ID.

Except for willful misconduct or gross negligence of the Utility, each customer releases, indemnifies and holds harmless the Utility, its employees and agents, from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted, or asserted by the customer, or by any other party or person, for any business loss, personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property whether owned by the customer or others, arising out of the use of an Enhanced Custom Calling Feature.

Customers of Caller ID may not, without permission of the calling party, publicize or disclose to third parties name and telephone number information obtained through use of these services. Failure to comply with this condition may subject the customer to termination of these services.

4.6.2 FEATURES

A. Anonymous Call Rejection

1. Anonymous Call Rejection allows subscribers with or without Caller ID to reject calls for which calling name and number have been intentionally blocked. Only calls for which the information has been blocked are rejected. An Anonymous Call Rejection subscriber can activate and deactivate this feature.

Pursuant to U-96-24(1)

2. If the calling name/number is not available due to technical reasons, the receiving customer's equipment (if customer has Caller ID) shows a message indicating the unavailability of the calling information.
3. Rejected calls are sent to a recorded announcement provided by the Utility. Anonymous Call Rejection can be overridden by an operator in case of an emergency.

B. Caller ID*

1. Caller ID provides the subscriber with the directory name associated with the telephone number of an incoming Call before answering. After the first ring, the central office sends the name and number information of the calling party as well as the current month, day, hour and minute. If the calling party has designated a call as private (pursuant to Call Block) the calling name and number will not be displayed. Long distance calls from outside the Utility's service area or miscellaneous calls (including cellular) may be shown on the display device as "Out of Area" or "Unknown Caller," and blocked calls will be shown as "Private Caller" depending on customer premise equipment.
2. Caller ID requires a telephone set or a separate display unit capable of recognizing and displaying the calling name and telephone number sent from the central office.
3. Caller ID is not available on operator handled calls. If the incoming call originates from a multi-line hunt group, the name and telephone number information transmitted will be associated with the main number in the hunt group, unless facilities permit the lines within the group to be telephone number identified.
4. If the incoming call originated from a public telephone, the name information transmitted will always be "Pay Phone."

* See the various Rates Section (as defined in Section 1.2) for a promotional offering. (C)

4.6.2 FEATURES (Cont'd)

B. Caller ID* (Cont'd)

5. Call Block - Per Call is automatically included with the provision of telephone service for all residential, business simple, and line side business complex customers. Before placing an outgoing telephone call, a customer may designate his or her number as private and prevent delivery to a called party using Caller ID. On a per call basis, the customer first dials the Call Block - Per Call activation code of *67 (or 1167 on rotary or pulse-dialing phones) which prevents his or her name and telephone number from being displayed. Refer to Section 3.1.1.
6. Call Block - Per Line is available, upon request, for all residential, business simple, and line side business complex customers. On a per call basis, the customer may dial the per call un-blocking code of *82 (or 1182 for rotary or pulse-dialing phones) which allows delivery of his or her name and telephone number to a called party using Caller ID.
7. Caller ID on Call Waiting (CIDCW) - A subscriber may view the truncated main directory name and telephone number of an incoming Call Waiting call before answering. CIDCW requires a telephone set or a separate display unit capable of recognizing and displaying the Call Waiting calling telephone number sent from the central office. Regular Caller ID equipment will not recognize the CIDCW call. Customer Premise Equipment must be capable of processing Caller ID Frequency Shift Keying (FSK) tones with a call in progress. Preceding terms and conditions of 4.6.2.B.1, 4.6.2.B.3, and 4.6.2.B.4 apply to CIDCW.
8. Multiple Line Caller ID - This feature allows a customer to have the Caller ID service on more than one telephone line per location.

* See the various Rates Section (as defined in Section 1.2) for a promotional offering.

4.6 ENHANCED CUSTOM CALLING SERVICES (Cont'd)

4.6.2 FEATURES (Cont'd)

E. Selective Call Acceptance

This feature allows the customer to create a list of telephone numbers from which he or she is willing to accept calls. Numbers that are not on the list can either be forwarded to a Company recording or to another number. The maximum of 15 telephone numbers can be added to the list.

F. Selective Call Forwarding

This feature allows the customer to create a list of "selected" telephone numbers that he or she wants to be forwarded to another number. Calls from telephone numbers on the list will be forwarded to the number the customer has designated. Calls from other numbers will not be forwarded. The size of the telephone number list will vary by switch configuration.

G. Selective Call Rejection

This feature allows the customer to create a list of telephone numbers from which he or she does not wish to receive calls. Calls from numbers not on list are forwarded to a Company recording. The maximum of 15 telephone numbers can be added to the list.

H. Selective Distinctive Alert

This feature allows the customer to set up a list of telephone numbers which will ring differently when calls are received from those numbers. The maximum of 15 telephone numbers can be added to the list.

I. Distinctive Ringing/Call Waiting "class"

(N)

With this service, incoming calls from up to 12 telephone numbers can be automatically identified by distinctive ringing, or, if the Customer line is in use, a distinctive call waiting tone accompanies the incoming call.

4. GENERAL SERVICES

4.7 TELEPHONE NUMBER RESERVATION SERVICE

This service allows a customer to pay a monthly charge to "set aside" a telephone number, or telephone line, for that customer's future use. The customer pays a fee per (N) line, on a monthly basis.

4.8 HOTEL/MOTEL SERVICE

Hospitals providing telephone service in patients' rooms and school dormitories desiring private branch exchange service may also subscribe to Hotel/Motel Service.

Service established in accordance with the rate and regulations specified for Hotel/Motel Service in the Tariff is intended for application only at transient hotels, hospitals providing service in patients' rooms and school dormitories.

A transient hotel shall be defined as a business which is generally recognized in the community as a hotel, and which holds itself out to the public as offering accommodations for guests consisting of rooms, or suites of rooms, for transient occupancy, together with the services generally furnished in hotels, such as room telephone service, maid and bellboy service, valet service, etc., and the preparation and serving of food.

4. GENERAL SERVICES

4.8 HOTEL/MOTEL SERVICE (Cont'd)

Establishments known as motor courts and motels which meet the above requirements will be eligible for Hotel/Motel Service. (L)

Where little or no transient usage of the service is involved, such as at a family hotel or apartment house, Hotel/Motel Service will be furnished only at the option of the Utility. Whenever there is any doubt as to the proper classification of a particular premises, the case should be referred to the Chief Executive Officer of the Utility for decision as to the service arrangements to be provided.

Stations connected to a Hotel/Motel Service switchboard may be furnished on the premises of other businesses such as stores, shops, garages, taxicab companies, etc., providing the occupants of the other business premises are customers to separate business service. Such stations are for use only inter-communicating with other stations connected to the same switchboard. (L)

Permanent resident tenants of the hotel may obtain separate customer service on their premises in addition to the Hotel/Motel Service station, or, if subscribed for by the hotel/motel, may have a Residence Additional Listing associated with the Hotel/Motel Service.

Long distance terminals will be provided where subject to the approval of the Chief Executive Officer of the Utility.

Facilities and equipment other than provided for in the Hotel/Motel Service Tariff and toll service will be furnished at regular rates.

(L) - Moved from Original Sheet No. 98.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.**4. GENERAL SERVICES4.9 CENTREX

A. General - Centrex is a service provided by electronic digital switching equipment on premises owned or leased by the Utility and connected to station lines that terminate on the customer premises. Station lines must terminate on 2500 set, a business set, or their equivalents. The Utility may request the FCC registration number or the FCC grandfathered model number and ringer equivalence number of the customer owned equipment pursuant to Section 2.5. For station lines terminating on Key Systems or Private Branch Exchanges ("PBX") refer to Business Complex Premium Service Section 3.1.2.C. Centrex enables stations within a Centrex group to dial each other and to direct dial outgoing calls. Incoming calls may be directed to each main station line or to a main listed number for connection to a designated station for subsequent routing to a specific station.

A Centrex group consists of a customer-specified group of Centrex station lines that are served by the same central office. Centrex group inter-communication via abbreviated access codes is available within Centrex groups.

Centrex includes the following components:

- Main Station Lines. Main Station lines connect the serving central office to the customer premises. Main station lines in an individual Centrex group are served by the same central office.

4.9 CENTREX (cont'd)

A. General (cont'd)

Centrex includes the following components: (cont'd)

(L)

- Extension Station Lines. Extension station lines connect the extension station, which is served by a central office other than the central office serving the main station lines in a Centrex group, with the central office that serves the main station lines. Private line rates listed in the various Rates Section (as defined in Section 1.2) may apply. (C)

- Optional Features. Numerous optional feature packages and individual optional features can be added to basic Centrex Service. Basic Service is included as a standard service offering and is included in the appropriate base rate. Optional feature packages and individual offerings are described in Tariff Section 4.9.C. Rates are located in the various Rates Section (as defined in Section 1.2). (L/C)

4.9 CENTREX (Cont'd)

B. Conditions

1. Centrex is offered to Utility customers subject to the availability of facilities and to Utility engineering and network constraints. If the Utility determines that a loop extender is required in order to maintain an acceptable grade of service, the customer shall be charged the tarified rate for each such loop extender installed.
2. Centrex optional features are offered subject to compatibility with other optional features.
3. The rates and regulations described in this Tariff Section are for services, access lines, and equipment provided by the Utility. Customer premises equipment associated with Centrex is provided by the customer.
4. All Centrex customer premises equipment must be equipped with touch dialing capability.
5. The rates for Centrex include the provision of touch dialing.
6. All charges listed in the various Rates Section (as defined in Section 1.2) for installation, moves or changes apply to Centrex. Additional engineering charges, as described in the various Rates Section (as defined in Section 1.2) may also apply. (C)
7. The minimum service period for Centrex is thirty (30) days.
8. Calls forwarded from a Centrex group to the toll message network or to the WATS network are subject to the tarified charges for those calls.
9. Centrex may be sold or reshared.

- c. CDC-Option (OPT) -- The CDC customer group has a dedicated block of "CDC" assigned service order options. Only the options assigned in this dedicated block of options can be manipulated by the customer.
- d. CDC-Terminal -- The CDC customer group has a dedicated terminal device. This terminal device is restricted to allow only certain service order commands and each customer is given a password with which to "log on" to the DMS switch. The CDC customer can also be given "read only" capabilities of their Centrex groups software data tables. The Centrex CDC customer must obtain and maintain, at their expense, the terminal devices on their premises. Only DMS-100 compatible video display units or printers may be utilized.
- e. CDC Capabilities - A Centrex customer with CDC may change, add, remove, and rearrange any Directory Number or Option within his/her dedicated groups of LENSs, DN's, and OPTs.
- f. CDC Limitations - All normal or emergency functions of the central control processor will have priority over execution of CDC commands.

4.9 CENTREX (Cont'd)

C. Centrex Optional Feature Arrangements (Cont'd)

14. Feature Package 14 - Centrex Automatic Call Distribution (ACD).

Allows the Centrex customer to handle large volumes of incoming calls by distributing them equally among a designated group of answering positions.

- a. With Basic ACD, directory numbers are assigned to a group of answering positions rather than to a single line. The DMS Meridian ACD node then queues the positions so that the first incoming call is presented to the server who has been idle longest. If all servers are busy with calls, later calls are queued and answered in the order of their arrival. Basic ACD includes four packages:

1. Call Processing Control (CPC) - Provides the basic operation, call-distribution, and call queuing software required for DMS business sets to act as ACD answering positions. With the CPC Package, a large volume of incoming calls to a business are distributed among a group of available agent positions. Each call is served on a first-in, first-out basis by the member of the group who has been idle the longest. If all the agent positions are busy, the calls are queued in their order of arrival in an incoming-call queue. As soon as an agent becomes available, the agent is presented with the first call waiting to be answered.
2. Basic - Provides basic agent and supervisor capabilities for ACD.
3. Enhanced - Provides additional supervisor functions and call-processing enhancements to enable first-line supervisors to increase the efficiency of their ACD groups.
4. Load Management - Load Management allows senior supervisors to manipulate the configuration of the ACD groups to optimize the handling of current ACD traffic.

4. GENERAL SERVICES

4.9 CENTREX (Cont'd)

C. Centrex Optional Feature Arrangements (Cont'd)

14. Feature Package 14 - Centrex Automatic Call Distribution (ACD). (Cont'd)

- b. Enhanced ACD includes a Management Information System (MIS). This is a PC based system that provides statistics pertaining to ACD operation. These statistics allow the customer to monitor changing ACD traffic loads and level of service. Knowing the status of their ACD operations, customers can adjust the operational parameters of their ACD system through the use of operational ACD remote load management commands.

ACD remote load management consists of a set of commands that a customer can use through ACDMIS to reconfigure various ACD group and agent parameters. The load management command set is integrated with the other ACDMIS menus.

The customer must provide compatible premise equipment for MIS functionality. Some features may require a particular software release level in a customer-provided MIS to function to its fullest extent. Selection and maintenance of the MIS is the customer's responsibility.

Enhanced ACD will be provided subject to the availability of facilities.

4. GENERAL SERVICES

4.10 INTERCONNECTION WITH MISCELLANEOUS COMMON CARRIERS

This service is provided to connect the radio telephone system of a miscellaneous common carrier to the exchange and toll facilities of the Utility.

The connection equipment will be provided by the Utility.

To be eligible for interconnect, the miscellaneous common carrier must have obtained proper Federal Communications Commission authority to operate within the State of Alaska and shall have met the requirements of the Alaska Public Utilities Commission.

4.11 SECRETARIAL ANSWERING SERVICE

Lines terminated in answering service equipment are limited to single party or single family service.

The connection between a customer's line and the answering service is specifically limited to the purpose of allowing the attendant to answer incoming calls on that line.

The rates for Answering Service contemplate the use of standard equipment. When special equipment is provided, the rates applied will be based on the costs involved.

Provision of Secretarial Answering Service as outlined in this section of the Tariff does not contemplate the "extension", "patching", or "bridging" of calls by a secretarial answering bureau.

4. GENERAL SERVICES

4.11 SECRETARIAL ANSWERING SERVICE (Cont'd)

It is recognized that in instances where an extreme emergency exists (extreme emergency as defined as the preservation of the public health, welfare or safety), the "extension", "patching" or "bridging" of a call might be warranted.

The sole responsibility for such action will rest with the secretarial answering bureau, and the Utility will not guarantee either the quality of service nor transmission. The secretarial answering bureau, should in its judgment "extend", "patch" or "bridge" any line under the determination of extreme emergency. They shall indemnify the Utility against, and hold the Utility harmless from any and all losses, claims, demands, courses of action, damages, costs of liability in law or in equity, of every kind and nature whatsoever including, without limiting the generality of the foregoing losses, claims, demands, causes of action, damages, costs of liability for libel, slander, invasion of rights of privacy, or failure in transmitting, receiving or delivering oral messages over the facilities of the Utility and/or connecting companies arising directly or indirectly from any act or omission of the secretarial answering bureau (Service) or of any third party while using or attempting to use service(s) and/or equipment provided by the Utility.

4.12 SPECIAL BILLING SERVICE

The Utility recognizes that certain customers, particularly businesses with large or complex communications systems, may have need to periodically reconcile with their own records the local services, equipment of facilities being billed.

In these instances the Utility will provide itemized billing based on customer needs subject to limitation of the Utility's billing system.

The Utility recognizes that certain customers, particularly large users of messages toll service, may have a need to identify message toll charges billed to them. In these instances the Utility will provide message toll investigation.

4.14 SPECIAL NUMBER BILLING SERVICE

Special Number Billing Service provides customers with itemized toll bills. Special Number Billing Service is furnished only to customers who subscribe to local telephone service. The customer receives a monthly listing of toll messages for each special number used in placing calls. This service is offered for a minimum period of six months.

4.15 SPECIAL NUMBER REQUEST

The Special Number Request is a one time non-recurring charge as specified in the various Rates Section (as defined in Section 1.2).

(C)

Any number assigned requiring contact with a dial office administrator is a special request and is subject to the charge. There is no charge if requested numbers are not available from dial office administration.

4. GENERAL SERVICES

4.16 SIMPLIFIED MESSAGE DESK INTERFACE (SMDI)

A. Description:

Simplified Message Desk Interface (SMDI) provides a datalink interface between an GCI Central Office (CO) and a customer automated voice mail system. Each datalink is referred to as a SMDI link and enables call forwarding information to be provided by the CO and message waiting information to be provided by the voice mail system.

B. Conditions:

The data link interface requires a 4-wire, dedicated private line, operating at 1200 Bps in an asynchronous format.

SMDI rates do not include charges for the private line facility. SMDI rates do not include charges for voice connections from the GCI network to the customer's automated voice mail equipment. SMDI service is offered to Utility customers subject to the availability of facilities and to Utility engineering and network constraints.

SMDI charges apply per SMDI link. Charges listed in the various Rates Section (C) (as defined in Section 1.2) for installation, moves, and changes apply to SMDI (C) service. Customers may request one (1) SMDI link per GCI CO.

(N)

A. Description (Cont'd)

1. BRI is a telecommunications service that provides an integrated voice/data communications capability for the transmission of circuit switched voice and circuit switched data on an incoming and outgoing basis utilizing Integrated Services Digital Network (ISDN) architecture as recommended by the International Telephone and Telegraph Consultative Committee (CCITT) and the American National Standards Institute (ANSI), as defined by Bellcore Technical References, and consistent with the North American ISDN Users Forum (NIUF) Implementation Agreements (specifically, Implementation Agreements NIU.301 and NIU.302).
2. BRI provides the customer with the ability to combine Circuit Switched Voice and Circuit Switched Data over a single line. BRI is defined as two 64Kbps bearer channels and a 16Kpb signaling channel.
3. Circuit Switched Voice provides the ability to originate and receive switched voice calls over a 64 Kbps B-Channel.
4. Circuit Switched Data provides the ability to originate and receive Circuit Switched Data calls over a 64 Kbps B-Channel. Data line speeds up to 64 Kbps are permitted.
5. The D-Channel is used to carry network signaling information.
6. This service is available from specially equipped digital switching equipment located in the GCI's local service central offices and will be provided where facilities permit and where capacity is available.

MAR 22 1999

State of Alaska
Public Utilities Commission**GCI Communication Corp.****4. GENERAL SERVICES****4.20 PRIMARY RATE INTERFACE (PRI) SERVICE****4.20.1 DESCRIPTION**

The basic PRI circuit consists of 23 B channels and a single D channel (23B+D). Each channel provides 64 kbps for a total transmission rate of 1.544 Mbps, the equivalent of a T1 facility. Each 64 kbps B channel can carry circuit-switched user voice, video or data traffic. The D channel is used for networking signaling. A PRI circuit is a set of 24 DSO channels, whether configured as 23+D or 24B, as follows.

A 24B service arrangement consists of 24B channels. Under this configuration, the D channel which provides network signaling is provisioned on a separate PRI circuit in what is known as non-facilities associated signaling.

4.20.2 CHANGE ORDER

Modifications to existing circuits or trunk groups to allow for changes in called number routing, circuit signaling, trunk group configuration, or called number range.

4.20.3 TRUNK GROUP

The grouping of circuits used by a switch for the routing of calls to a specific end destination.

4.20.4 CHANNELIZED DS-3

Channelized DS-3 delivery of PRI service is an ISDN PRI service that is delivered via a DS-3 interface to the customer. Each PRI (from 1-28) is delivered on an individual channel within the DS-3, up to a maximum of 28 PRIs. Individual PRIs are limited to all the same standards of a normal PRI service delivered via DS-1 interface. Channelized DS-3 delivery of PRI service is available to Customers located at the Company location(s) where facilities are available to deliver PRI service using channelized DS-3.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****5. PRIVATE LINE SERVICE****5.1 GENERAL**

Private Line Service provides a transmission path to connect customer designated premises, directly, through a Utility hub or hubs where bridging or multiplexing functions are performed. Private Line Service includes all exchange access not utilizing Utility end office switches.

The connections provided by Private Line Service can be either analog or digital. Analog connections are differentiated by spectrum and bandwidth. Digital connections are differentiated by bit rate.

Non-recurring charges, as shown in the various Rates Section (as defined in Section 1.2) of this tariff will apply, in addition to the non-recurring (NRC) rates shown in the various Rates Section (as defined in Section 1.2). (C) (C) (C)

Equipment for use in connection with private line services is furnished either by the Utility or by the subscriber. Equipment furnished by the Utility shall not be used for any purpose other than that for which it is provided. Equipment furnished by the subscriber shall be so constructed, maintained and operated as to comply with Part 68, Volume X, of the FCC Rules and Regulations.

The Utility undertakes to maintain the facilities which it furnishes to the subscriber. The subscriber, or an authorized user, may not rearrange, disconnect, remove or attempt to repair or permit others to rearrange, disconnect, remove or repair any equipment installed by the Utility, except upon written consent of the Utility or in an emergency such as a fire or flood.

The Utility shall not be held liable for errors, omissions, delays or interruptions in transmission of data caused by the negligence of the subscriber. In the event of the occurrence of errors, omissions, delays or interruptions in transmission due to the negligence of the Utility, liability shall be limited to an amount equal to the proportionate charge to the subscriber for the period during which such error, omission, delay or interruption in transmission occurs beyond a 24 hour period of time.

5. PRIVATE LINE SERVICE

5.1 GENERAL (Cont'd)

The subscriber shall be responsible for:

1. Damages to facilities of the Utility caused by the negligence or willful act of the subscriber or authorized user;
2. Reimbursing the Utility for any loss through theft of equipment or apparatus on the subscriber's premises;
3. The provision of personnel and power required to operate Utility facilities installed on the premises of the subscriber or authorized user.

The normal time interval for service (from service order to cut-over) is dependent upon the availability of equipment and seasonal construction. A list of estimated time intervals can be provided by the Utility.

1. Availability of Equipment - The interval will be 30 days when equipment is available from stock, 60 days when equipment must be ordered.
2. Seasonal Construction - Any service order from May 1 through October 15 will be classified as normal construction activity and thus will comply with the 30 day time interval. Any construction required from October 16 through April 30 may require special construction and a 60 day time interval.

Expedited charges will apply for high capacity circuits when customer requests are less than normal interval. Customers will be charged three times the non-recurring charge for expedited orders.

Minimum length of Service for high capacity circuits - The minimum length of service for this offering is 120 days. Customers will be charged a minimum of 120 days of service even if the circuit is disconnected prior to that time.

5. PRIVATE LINE SERVICE

5.1 GENERAL (Cont'd)

5.1.1 CHANNEL TYPES

There are four types of channels used to provide Private Line Services. Each type has its own characteristics. All are subdivided by one or more of the following:

- Transmission specifications,
- Bandwidth,
- Speed (i.e., bit rate),
- Spectrum

Customers can order a basic channel and select from a list of those available transmission parameters and channel interfaces that they desire in order to meet specific communications requirements.

For purposes of ordering channels, each has been identified as a type of Private Line Service. However, such identification is not intended to limit a customer's use of the channel nor to imply that the channel is limited to a particular use.

Following is a brief description of each type of channel:

Metallic - a channel for the transmission of low speed varying signals at rates up to 30 baud.

Voice Grade - a channel for the transmission of analog signals within an approximate bandwidth of 300 to 3000Hz.

Digital Data - a channel for the digital transmission of synchronous serial data at rates of 2.4, 4.8, 9.6 or 56kpbs.

High Capacity - a channel for the transmission of isochronous serial digital data at rates of 1.544, 3.152, 6.312, 44.736 or 274.176 Mbps.

Detailed descriptions of each of the channel types are provided in 5.3 through 5.7 following.

5. PRIVATE LINE SERVICE5.1 GENERAL (Cont'd)5.1.1 CHANNEL TYPES (Cont'd)

The customer also has the option of ordering Voice Grade and High Capacity facilities (i.e., 1.544 Mbps and 44.736 Mbps) to Utility hubs for multiplexing (N) to individual channels of a lower capacity or bandwidth. Descriptions of the types of multiplexing available at the hubs, as well as the number of individual channels which may be derived from each type of facility are set forth in 5.2.4 following. Additionally, the customer may specify optional features for the individual channels derived from the facility to further tailor the channel to meet specific communications requirements. Descriptions of the optional features and functions available are set forth in 5.4.3 following.

The 44.736 Mbps channel may be multiplexed to 28 DS1 High Capacity (N) Channels. The 1.544 Mbps channels may be further multiplexed at the same (N) or a different hub to Voice Grade channels or may be extended to other customer designated premises or hubs. Optional features may be added to either the 1.544 Mbps or the Voice Grade channels.

5.1.2 SERVICE DESCRIPTIONS

For the purposes of ordering, there are four categories of Private Line Service. These are:

<u>Service Designator</u>	<u>Codes</u>
Metallic	MT
Voice	VG
Digital Data	DD
High Capacity	HC
44.736 Mbps	HC3

(N)

Each service consists of a basic channel to which channel interface(s) and, when desired, optional features and functions are added to construct the service desired by the customer. Optional features and functions are described in this section.

5. PRIVATE LINE SERVICE

5.1 GENERAL (Cont'd)

5.1.2 SERVICE DESCRIPTIONS (Cont'd)

If the Utility determines that the requested parameter specifications are not compatible, the customer will be advised and given the opportunity to change the order.

The channel descriptions provided in 5.3 through 5.6 following, specify the characteristics of the basic channel and indicate whether the channel is provided between customer designated premises without being connected to a telephone company hub (a virtual channel termination) or through a Utility hub where bridging or multiplexing functions are performed or between hubs.

Channel interfaces at each Point of Termination on a two-point service may be symmetrical or asymmetrical. On a multipoint service they may also be symmetrical or asymmetrical, but communications can only be provided between compatible channel interfaces. Only certain channel interfaces are compatible.

When a customized channel is requested, all channel interface combinations available with the specified type of service are available with the customized channel. The optional features and functions available with each type of Private Line Service are described in this section.

5.1.3 SERVICE CONFIGURATIONS

There are two types of service configurations over which Private Line Services are provided: two-point service and multipoint service.

- A. Two-Point Service - A two-point service connects two customer designated premises, either on a directly connected basis without passing through a hub, or through a hub, where multiplexing functions are performed.

Applicable rate elements are:

- Channel Terminations
- Channel Mileage (as applicable)
- Optional Features and Functions (when applicable)

5. PRIVATE LINE SERVICE

5.1 GENERAL (Cont'd)

5.1.3 SERVICE CONFIGURATION (Cont'd)

B. Multipoint Service

Multipoint service connects three or more customer designated premises through one or more Utility hubs. Only certain types of Private Line Service are provided as multipoint service. These are so designated in the descriptions for the appropriate channel.

The channel between hubs (i.e., bridging locations) on a multipoint service is a mid-link. There is no limitation on the number of mid-links available with a multipoint service.

If the Utility determines that the requested characteristics for a multipoint service are not compatible, the customer will be advised and given the opportunity to change the order.

Applicable Rate Elements are:

- Channel Terminations (one per customer designated premise)
- Channel Mileage (as applicable between the serving wire center for each customer designated premise and the hub and between hubs)
- Bridging
- Additional Optional Features and Functions (when applicable)

5.1.3 SERVICE CONFIGURATION (Cont'd)

B. Multipoint Service (Cont'd)

Applicable rate elements are:

- Channel Terminations (4 applicable)
- Channel Mileage
- 2 Channel Mileage Terminations per Channel Mileage Facility section for a total of 8 plus
- 4 sections, Channel Mileage Facility per mile
- Bridging Optional Feature (6 applicable, i.e., each bridge port)

5.1.4 ALTERNATE USE

Alternate Use occurs when a service is arranged by the Utility so that the customer can select different types of transmission at different times. A customer may use a service in any privately beneficial manner. However, where technical or engineering changes are required to effectuate an alternate use, the Utility will make such special arrangements available on an individual case basis.

The arrangement required to transfer the service from one operation to the other (i.e., the transfer relay and control leads) will be rated and provided on an individual case basis. The customer will pay the stated tariff rates for the Access Service rate elements for the service ordered [i.e., Channel Terminations, Channel Mileage (as applicable) and Optional Features and Functions (if any)].

5.1.5 SPECIAL FACILITIES ROUTING

A customer may request that the facilities used to provide Private Line Service be specially routed. Special Facilities Routing will be provided on an individual case basis.

5.1 GENERAL (Cont'd)

5.1.6 DESIGN LAYOUT REPORT

At the request of the customer, the Utility will provide to the customer the make-up of the facilities and services provided under this tariff as Private Line Service to aid the customer in designing its overall service. This information will be provided in the form of a Design Layout Report. The Design Layout Report will be provided to the customer at no charge, and will be reissued or updated whenever these facilities are materially changed.

5.1.7 ACCEPTANCE TESTING

At no additional charge, the Utility will, at the customer's request, cooperatively test the following at the time of installation:

For Voice Grade analog services, the acceptance test will include tests for loss, 3-tone slope, DC continuity, operational signaling, C-notched noise, and C-message noise when these parameters are applicable and specified in the order of service. Additionally, for Voice Grade services, a balance (improved loss) test will be made if the customer has ordered the improved loss optional feature.

5.2 RATE REGULATIONS

This section contains the specific regulations governing the rates and charges that apply for Private Line.

5.2.1 RATE CATEGORIES

There are three basic rate categories which apply to Private Line Service:

- Channel Terminations (described in 5.2.1(A) following)
- Channel Mileage (described in 5.2.1(B) following)
- Optional Features and Functions (described in 5.2.1(C) following)

5. PRIVATE LINE SERVICE

5.2 RATE REGULATIONS (Cont'd)

5.2.1 RATE CATEGORIES (Cont'd)

- A. Channel Termination - The Channel Termination rate category recovers the costs associated with the communications path between customer designated premises and the serving wire center of that premises. Included as part of the Channel Termination is a standard channel interface arrangement which defines the technical characteristics associated with the type of facilities to which the access service is to be connected at the Point of Termination (POT) and the type of signaling capability, if any. The signaling capability is provided as an optional feature as set forth in (C) following. One Channel Termination charge applies per customer designated premises at which the channel is terminated. This charge will apply even if the customer designated premises and the serving wire center are collocated in a Utility building.
- B. Channel Mileage - The Channel Mileage rate category recovers the costs associated with the end office equipment and the transmission facilities between the serving wire centers associated with two customer designated premises, between a serving wire center associated with a customer designated premises and a Utility hub or between two Utility hubs. Channel Mileage rates are made up of the Channel Mileage Facility rate and the Channel Mileage Termination rate.
1. Channel Mileage Facility - The Channel Mileage Facility rate recovers the per mile cost for the transmission path which extends between the Utility serving wire centers and/or hub(s).
 2. Channel Mileage Termination - The Channel Mileage Termination rate recovers the cost for end office equipment associated with terminating the facility (i.e., basic circuit equipment and terminations at serving wire centers and hubs). The Channel Mileage Termination rate will apply at the serving wire center(s) for each customer designated premises and Utility hub where the channel is terminated. If the Channel Mileage is between Utility bridging hubs, the Channel Mileage Termination rate will apply per Utility designated hub. When the Channel Mileage Facility is zero neither the Channel Mileage Facility rate nor the Channel Mileage Termination rate will apply (i.e. serving wire center is the same for each CDP).

5. PRIVATE LINE SERVICE

5.2 RATE REGULATIONS (Cont'd)

5.2.1 RATE CATEGORIES (Cont'd)

C. Optional Features and Functions

The Optional Features and Functions rate category recovers the costs associated with optional features and functions which may be added to a Private Line Service to improve its quality or utility to meet specific communications requirements. These are not necessarily identifiable with specific equipment, but rather represent the end result in terms of performance characteristics which may be obtained. These characteristics may be obtained by using various combinations of equipment. Although the equipment necessary to perform a specified function may be installed at various locations along the path of the service, they will be charged for as a single rate element.

Examples of Optional Features and Functions that are available include, but are not limited to, the following:

- Signaling Capability
- Hubbing Functions
- Conditioning
- Transfer Arrangements

A hub is a Utility designated serving wire center at which bridging or multiplexing functions are performed. The bridging functions performed are to connect three or more customer designated premises in a multipoint arrangement. The multiplexing functions are to channelize analog or digital facilities to individual services requiring a lower capacity or bandwidth.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.**5. PRIVATE LINE SERVICE5.2 RATE REGULATIONS (Cont'd)5.2.1 RATE CATEGORIES (Cont'd)C. Optional Features and Functions (Cont'd)

Descriptions for each of the available Optional Features and Functions are set forth in 5.3 through 5.7 following.

1. Monthly Rates

Monthly rates are recurring rates that apply each month or fraction thereof that a Private Line Service is provided. For billing purposes, each month is considered to have 30 days.

2. Nonrecurring Charges

Nonrecurring charges are one-time charges that apply for specific work activity (i.e., installation or change to an existing service). The types of nonrecurring charges that apply for Private Line Service are: installation of service, installation of optional features and functions, and service rearrangements.

5.2.2 TYPES OF RATES AND CHARGESA. Installation of Service

Nonrecurring charges apply to each service installed. The nonrecurring charges for the installation of service are set for each channel type as a nonrecurring charge for the Channel Termination. Nonrecurring installation charges are as set forth in the various Rates Section (as defined (C) in Section 1.2). (C)

B. Installation of Optional Features and Functions

When optional features and functions are installed coincident with the initial installation of service, no separate nonrecurring charge is applicable. When optional features and functions are installed or changed subsequent to the installation of service, a Service Order Charge will apply per order.

5. PRIVATE LINE SERVICE

5.2 RATE REGULATIONS (Cont'd)

5.2.3 MILEAGE MEASUREMENT

The mileage to be used to determine the monthly rate for the Channel Mileage Facility is calculated on the airline distance between the locations involved, i.e.,

- the serving wire centers associated with two customer designated premises,
- a serving wire center associated with a customer designated premises and a Utility hub,
- two Utility hubs

The serving wire center associated with a customer designated premises is the serving wire center from which this customer designated premises would normally obtain dial tone.

Mileage charges are shown with each channel type. To determine the rate to be billed, first compute the mileage using the air mileage chart located in the various Rates Section (as defined in Section 1.2).

(C)

When hubs are involved, mileage is computed and rates applied separately for each section of the Channel Mileage, i.e.,

- customer designated premises serving wire center to hub,
- hub to hub and/or
- hub to customer designated premises serving wire center.

However, when any service is routed through a hub for purposes other than customer specified bridging or multiplexing (e.g., the Utility chooses to so route for test access purposes), rates will be applied only to the distance calculated between the serving wire centers associated with the customer designated premises.

See the service configuration example for multipoint service as set forth in 5.1.3 preceding.

5. PRIVATE LINE SERVICE

5.2 RATE REGULATIONS (Cont'd)

5.2.4 FACILITY HUBS

A customer has the option of ordering High Capacity services (i.e., DS1) to a facility hub for channelizing to individual services requiring lower capacity facilities.

Some of the types of multiplexing available include the following:

- from higher to lower bit rate
- from higher to lower bandwidth
- from high capacity to voice frequency channels.

Point to point services may be provided on channels of these services to a hub. The transmission performance for the point to point service provided between customer designated premises will be that of the lower capacity or bit rate. For example, when a 1.544 Mbps channel is multiplexed to voice frequency channels, the transmission performance of the channelized services will be Voice Grade, not High Capacity.

The Utility will commence billing the monthly rate for the service to the hub on the date specified by the customer on the Service Order. Individual channels utilizing these services may be installed coincident with the installation of the service to the hub or may be ordered and/or installed at a later date, at the option of the customer. The customer will be billed for a Voice Grade or a High Capacity Channel Termination, Channel Mileage (when applicable), and the multiplexer at the time the service is installed. Individual service rates (by service type) will apply for a Channel Termination and additional Channel Mileage (as required) for each channelized service. These will be billed to the customer as each individual service is installed.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****5. PRIVATE LINE SERVICE****5.3 METALLIC SERVICE****5.3.1 BASIC CHANNEL DESCRIPTION - METALLIC SERVICE**

A Metallic channel is an unconditioned two-wire channel arranged to transmit direct current and capable of transmitting low speed varying signals at rates up to 30 baud. This channel is provided by metallic or equivalent facilities. Metallic channels are provided between customer designated premises or between a customer designated premises and a Utility hub or hubs where bridging functions are performed. Interoffice metallic facilities will be limited in length to a total of five miles per channel.

Metallic Private Line services are typically used for applications such as alarm, pilot wire protective relaying, and dc tripping protective relaying. These examples of applications are not intended to limit a customer's use of the channel nor to imply that the channel is limited to a particular use. However, the placement of any service on Metallic Private Line services that would disrupt or interfere with other services is strictly prohibited. Applications that occupy spectrum of 200 kHz or above can be disruptive to the normal network services. Any person or entity placing disruptive services, or services which occupy spectrums of 200 kHz or above over Metallic Private Line services will be liable for damage to Both GCI and any customer whose service is disrupted. GCI reserves the right to disconnect service pursuant to Section 2.5.2.

Rates and charges for Special Access Metallic Service are as set forth in the various Rates Section (as defined in Section 1.2) following.

(C)

5.3.2 OPTIONAL FEATURES AND FUNCTIONS**A. Central Office Bridging Capability**

1. Three Premises Bridging - Provision of tip-to-tip and ring-to-ring connection in a central office of a metallic pair to a third customer designated premises.
2. Series Bridging of up to 26 customer designated premises.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****5. PRIVATE LINE SERVICE****5.4 VOICE GRADE SERVICE****5.4.1 BASIC CHANNEL DESCRIPTION - VOICE GRADE**

A Voice Grade channel is a channel which provides voice frequency transmission capability in the nominal frequency range of 300 to 3000 Hz and may be terminated two-wire or four-wire. Voice Grade channels are provided between customer designated premises, or between a customer designated premises and a Utility hub or hubs.

Voice Grade Special Access services are typically used for voice and voiceband data applications. Typical examples of voice grade circuits are Foreign Exchange lines (station end only), multipoint private line, voice trunk type, two-point voice grade data (one-way or simultaneous two-way), multipoint voice grade data, and voice grade telephoto or facsimile. These examples of applications are not intended to limit a customer's use of the channel nor to imply that the channel is limited to a particular use.

Rates and charges for Special Access Voice Grade Service are as set forth in the various Rates Section (as defined in Section 1.2) following.

(C)

5.4.2 OPTIONAL FEATURES AND FUNCTIONS**A. Central Office Bridging Capability**

1. Voice/Data Bridging (two-wire)
2. Voice/Data Bridging (four-wire)
3. Metallic (two-wire)

5. PRIVATE LINE SERVICE

5.4 VOICE GRADE SERVICE (Cont'd)

5.4.3 OPTIONAL FEATURES AND FUNCTIONS (Cont'd)

B. Conditioning

Conditioning provides more specific transmission characteristics for Voice Grade services.

For two-point services, the parameters apply to each service as measured end-to-end. For multipoint services, the parameters apply as measured on each mid-link or as measured on each end link. C-Type conditioning and Data Capability may be combined on the same service.

1. C-Type Conditioning

C-Type Conditioning is provided for the additional control of attenuation distortion and envelope delay distortion on data services. The attenuation distortion and envelope delay distortion specifications for C-Type Conditioning are delineated in Technical Reference TR-NPL-000335.

2. Data Capability (D Conditioning)

Data Capability provides transmission characteristics suitable for data communications. Specifically, Data Capability provides for the control of Signal to C-Notched Noise Ratio and intermodulation distortion. It is available for two-point services or three-point multipoint services.

The Signal to C-Notched Noise Ratio and intermodulation distortion parameter for Data Capability are delineated in Technical Reference TR-NPL-000335.

When a service equipped with Data Capability is used for voice communications, the quality of the voice transmission may not be satisfactory.

5.4 VOICE GRADE SERVICE (Cont'd)

5.4.3 OPTIONAL FEATURES AND FUNCTIONS (Cont'd)

C. Signaling Capability

Signaling Capability provides for the ability to transmit signals from one customer premises to another customer premises on the same service.

The following network channel interfaces for Voice Grade service do not require signaling capability: AH, DA, DB, DD, DE, DS, NO, PR and TF.

The following network channel interfaces for Voice Grade service require signaling capability: AB, AC, CT, DX, DY, EA, EB, EC, EX, GO, GS, LA, LB, LC, LO, LR, LS, RV and SF.

D. Improved Two-Wire Voice Transmission

1. Loss Deviation

The maximum Loss Deviation of the 1004 Hz loss relative to the Expected Measured Loss (EML) is -4.0 dB to +4.0 dB.

2. Attenuation Distortion

The maximum Attenuation Distortion in the 404 to 280 Hz frequency band relative to loss at 1004z is -2.0 dB to +6.0 dB.

3. C-Message Noise

The maximum C-Message Noise for the transmission path at the route miles listed is less than:

<u>Route Miles</u>	<u>C-Message Noise</u>
less than 50	35 dBmco
51 to 100	37 dBmco
101 to 200	40 dBmco
201 to 400	43 dBmco

4. Return Loss

The Return Loss, expressed as Echo Return Loss (ERL) and Signaling Return Loss (SRL), is equal to or greater than:

ERL 13.0 dB

SRL 6.0 dB

The rate for the provision of Improved Two-Wire Voice Transmission is included as part of the basic Channel Termination rate.

5.5 DIGITAL DATA SERVICE5.5.1 BASIC CHANNEL DESCRIPTION - DIGITAL DATA CHANNEL

A Digital Data channel is a channel for duplex four-wire transmission of synchronous serial data at the rate of 2.4, 4.8, 9.6, 56, 64 Kbps, and 1.544 and 44.736 Mbps. The actual bit rate is a function of the channel interface selected by the customer. The channel provides a synchronous service with timing provided by the Utility through the Utility's facilities to the customer in the received bit stream. Digital Data channels are only available via Utility designated hubs and are provided between customer designated premises or between a customer designated premises and a Utility hub or hubs. The customer may provide the Channel Service Unit-type equipment or other Network Channel Terminating Equipment associated with the Digital Data channel at the customer premises.

The Utility will provide a channel capable of meeting a monthly average performance equal to or greater than 99.875% error-free seconds (if provided through a Digital Data hub) while the channel is in service, if it is measured through a CSU equivalent which is designed, manufactured, and maintained to conform with the specifications contained in Technical Reference PUB 62310.

Rates and charges for Special Access Digital Data Service are as set forth in the various Rates Section (as defined in Section 1.2) following.

5.6 HIGH CAPACITY SERVICES (Cont'd)

5.6.3 OPTIONAL FEATURES AND FUNCTIONS

A. Automatic Loop Transfer

The Automatic Loop Transfer provides protection on a 1xN basis against failure of the facilities between a customer designated premises and the wire center serving that premises. Protection is furnished through the use of a switching arrangement that automatically switches to a spare channel line when a working line fails. The spare channel is not included as a part of the option. This option requires compatible equipment at both the serving wire center and the customer designated premises. The customer is responsible for providing the equipment at its designated premises.

B. Central Office Multiplexing

1. DS1 to Voice

An arrangement that converts a 1.544 Mbps channels to 24 channels for use with Voice Grade Service.

2. DS1 to Digital Data

An arrangement that converts a 1.544 Mbps channel to 24, 56.0 Kbps channels utilizing digital time division multiplexing. Where one or more channel(s) are digital, the DS1 to Data multiplexing charge applies.

3. DS3 to DS1

An arrangement that converts a 44.736 Mbps channel to 28 DS1 channels.

5. PRIVATE LINE SERVICE

5.7 Metro Ethernet Service

(C)

5.7.1 Metro Ethernet Service

Description

Metro Ethernet is a high-speed data network that transports Ethernet data between metropolitan locations at rates of 1.5 Mbps to 1 Gbps. Logical point-to-point and multi-point network topologies are supported. (C)

Metro Ethernet utilizes Company provided equipment at the Company Central Offices, to allow the Company to accept traffic from the Customer, and, subsequently, separate and send bi-directional transmissions to the appropriate networks. (C)

Speeds of 1.5 Mbps to 10Mbps are transported via fiber or copper facilities. Speeds above 10 Mbps are provided over fiber-optic facilities. When possible service will be provided over existing Company facilities.

Service Elements

Metro Ethernet Network Access Port

(C)

The *Metro Ethernet* Network access port provides the link from a customer's terminal equipment at the network interface, to the Company's Ethernet network. The Network Access Port consists of a network interface and the related fiber optic or copper facility. A monthly recurring charge applies for each port. (C)

5.7.1 Metro Ethernet Service (Cont'd)
Service Elements (Cont'd)

Metro Ethernet Backbone (C)

The *Metro Ethernet* backbone connects two or more ports and is charged to the customer via the monthly recurring port charge (C)

General Terms & Conditions

Metro Ethernet is available on a point-to-point or multi-point basis. The number of port connections in a multi-point network, may be limited by the configuration and technological capabilities of the network. (C)

Metro Ethernet uses a shared backbone to provide a private virtual circuit with a CIR (Committed Information Rate) in the following speeds: (C)

1.5 Mbps
3.0 Mbps
10.0Mbps
20.0 Mbps
50.0 Mbps
100.0 Mbps
1.0 Gbps

Metro Ethernet Service requires certain physical arrangements of the Company's facilities, and is subject to the availability of such facilities. (C)
Availability of *Metro Ethernet Services*, and speeds, is restricted, by special plant configuration and material specifications, which may not be available at all Customer locations. (N) (C)

Where facilities are not available it may be necessary to construct such facilities. Additional monthly recurring or non-recurring charges may apply as stated in Sections 2.3.3 and 3.5 and the various Rates Section (as defined in Section 1.2).

5.7 Metro Ethernet Service (Cont'd)

5.7.1 Metro Ethernet Service (Cont'd)

General Terms & Conditions (Cont'd)

Data transmission and reception speeds described in this tariff for *Metro Ethernet* are to be considered peak speeds. Actual speeds may be affected by technical factors. *Metro Ethernet* complies with Ethernet standards under I.E.E.E. 802.3 but data transmission and reception speeds are not guaranteed.

The interoperability of Customer Premise Equipment (CPE) utilized by the Customer for *Metro Ethernet* service may vary and is not guaranteed.

Customer must furnish equipment space for the provision and ongoing operation of *Metro Ethernet* and access to this space must be provided to the Company as required.

Occasionally routine maintenance will result in an interruption of service. Planned interruptions will be scheduled to occur outside of normal business hours.

Network Access Port Charge

A non-recurring charge and a monthly recurring charge apply. The monthly recurring charge covers transport of data from the customer premise and the transport of customer data over the backbone.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

7.7.6 LOCAL PACKAGE PLAN**Guaranteed Value Program**

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

(4) LOCAL MILEAGE PLAN

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.
(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

(4) INTERNET FOR BUSINESS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customer must have all of its access lines pre-subscribed to Company-provided local service, and any Company-provided interstate long distance plan, with the exception of "Clarity Plan" with "Promotion II - Level III".

Benefits

Under this Plan, Company waives the monthly recurring charges associated with the Company-provided Internet access plan "GCI BizNet", for a maximum of five accounts. The monthly recurring charges for a "GCI BizNet" account include the following internet services: one access account, two e-mail accounts, one web account, one page listing on "alaska.com", and technical support 24 hours a day, 7 days a week.

Restrictions

If a Business Customer in this Plan changes any of its access lines for long distance service or local service to another carrier, such that the Customer no longer meets the eligibility requirements of this Plan, the Customer will immediately stop receiving the benefits of this Plan.

Restrictions (Cont'd)

If a Business Customer has less than 4 lines on its customer account, this Plan may not be combined with any promotion. If a Customer becomes ineligible for this Plan, the Business Customer may continue receiving Company-provided internet service, and the Customer will be charged the prevailing monthly recurring charges associated with "GCI BizNet".

(5) DENALI PEAK OPTION

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Option by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customer must have all of its access lines pre-subscribed to Company-provided local service. Customer must have a minimum of 7 lines that are either Business Simple, Business Complex, or enrolled in the Denali Summit for Business Plan in Section 7.7.6(B)(3). Customer must sign a three year term of service commitment for Company-provided local service. (C)

(5) DENALI PEAK OPTION (Cont'd.)

Benefits

Under this Option, Company waives the monthly recurring charges associated with qualifying Company-provided Internet services, in an amount not to exceed 10% of the Customer's monthly recurring charges for local service, exclusive of taxes, regulatory surcharges, and nonrecurring fees. The qualifying Internet services are: one access account, e-mail, one web account, one page listing on "alaska.com", and technical support 24 hours a day, 7 days a week.

Restrictions

If a Business Customer in this Option changes any of its access lines for long distance service or local service to another carrier, such that the Customer no longer meets the eligibility requirements of this Option, the Customer will immediately stop receiving the benefits of this Option. Unless otherwise specified in this tariff, this Option may not be combined with any Promotion.

(6) CENTREX EQUIPMENT REPLACEMENT OPTION

Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Option by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

(8) BUSINESS C PLAN

4.7

New and existing Business Customers may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative. Customers currently enrolled in the Business Promotion C are automatically enrolled in this plan.

Benefits

Customers may receive, as a one time credit, nominal goods and/or services in value up to \$50 per Business Line. Business Line Simple, Business Line or Trunk - Complex, Business Line or Trunk - Complex Premium, and Digital Subscriber Service Trunks, and Centrex Line qualify as a Business Line for this plan. This value may be in addition to any discounts the customer receives on other plan(s) and/or promotions already given.

(9) BASIC BUSINESS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three- or, five-year term commitments of service with GCI. This does not apply to PRI or FasTrack local service.

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

one-year term commitment will receive a 10% credit

two-year term commitment is no longer available, anyone signed up before January 1, 2008 will continue to receive a 7.5% credit through the end of their term

three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

(I)

Business customers will receive a credit on their local services account for each month of the commitment period. The credit is applied to voice services before any taxes, regulatory surcharges and nonrecurring fees.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Requirements

Concurrent to enrollment in this Plan, Business Customers must order new service under this tariff from at least one of the following service offerings, for a Term of Service Commitment Period of at least three years:

- a. High Capacity Service.
- b. Bulk Digital Subscriber Service (BDSS)
- c. Enrollment in the Denali Summit for Business Plan

Customers currently enrolled in the Business Promotion - NRC are automatically enrolled in this plan

Benefits

Company waives all non-recurring charges associated with the new service ordered as specified in the "Requirements" above.

(21) Business Savings Free Months Plan (C)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

(I)
(C)

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

7.7.6 <u>LOCAL PACKAGE PLAN</u> (Cont'd.)	7.1
(B) <u>BUSINESS PLANS</u> (Cont'd)	7.7

(21) Business Savings Free Months (cont'd) (C)Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. (C)

(22) Business Mileage Plan

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Packages, Section 7.7.3; Plans, Section 7.7.6(B) and 7.7.9, and Promotions, Section 7.10.2. (C)

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

(22) Business Mileage Bonus Plan

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Be on the Business Mileage Plan and in good standing with all of that plan's requirements..
- Existing customers must upgrade to Business Complex Lines, Section 7.1.A. (C)

(B) BUSINESS PLANS (Cont'd)

**(25) KEY SYSTEM EQUIPMENT REPLACEMENT OPTION
(cont'd)**

Benefits

Under this plan a customer who meets the eligibility will receive a basic key system to replace their existing key system. (If a customer has an 8-telephone system, they're eligible for an 8 telephone key system.)

Customers will receive the key system telephone for the below prices:

Customer Category	GCI Local Lines Customer *	Monthly Plan Fee for 36 months **	Number of Telephones Available to a Customer in this Category.
A	4	\$35.00	4-7
B	5	\$45.00	7-9
C	6	\$55.50	8-11
D	7	\$60.00	9-12

Customers may delete lines, but the plan fee will remain the same for the term of the service agreement.

This plan has a maximum benefit of 12 telephone handsets.

* In calculating the local line total, only lines connected to the key system are counted.

** The above outlined charges are for the equipment only. Associated line costs can be found in the appropriate section of the tariff.

Restrictions

This program cannot be combined with any other discounts or promotions.

(25) KEY SYSTEM EQUIPMENT REPLACEMENT OPTION

(cont'd)

Restrictions (cont'd)

Customers cannot switch any portion of their local service to another provider; block service or discontinue or reduce the level of their service more than 20%, or 1 line, which ever is greater, during the period covered by the term of service agreement.

The term served and benefits of this program may be transferred to other telephones as long as the total number of lines in service is not reduced more than 20% from the original date of service; the number lines may be increased as long as the new telephone numbers are under the same business name; and at the same location as the old telephone numbers.

Penalty for early termination

If a customer discontinues their service before the end of their term of service agreement, they will be billed the following termination costs on their final bill:

Original purchase price of \$345 per telephone.

The remaining monthly plan fees on their term commitment.

(ie: a customer has a 3 year term. They terminate their service after 12 months. They would be billed 24 months of plan fees on their last bill.)

The equipment is theirs to keep.

Optional Features

Customers enrolled in this option can choose the following additional features:

(25) KEY SYSTEM EQUIPMENT REPLACEMENT OPTION
(cont'd)

(a) UPGRADE OPTIONAL FEATURE

A customer can choose to upgrade the Basic Key System offered in the Key System Equipment Replacement Option. Company has a list of Advanced Key System available to customers wishing to use this upgrade feature. Customers can choose from the list the equipment that fits their needs. The customer will receive a quote for all equipment they choose under this upgrade feature, as well as the leasing rate costs, before they sign their term of service agreement.

Customers will be billed the cost of the upgraded equipment in equal installments over their term of service agreement. (ie: a customer chooses \$4,000 in upgrades and signs a three-year term. They would be charged \$111.11 per month for 36 months.)

This upgraded equipment is leased from a third party. The customer will be billed the leasing rate for the equipment in equal installments over their term of service agreement.

Penalty for Early Termination

Customer will be billed for any unpaid upgraded equipment and leasing costs on their final bill. (ie: customer paying \$111.11 + leasing costs and terminates after 12 months will be billed \$2,666.64 + leasing costs.)

7.10 PROMOTIONAL OFFERINGS

Infinite Minutes Coupon Redemption Promotion

New and existing Customers who have Infinite Minutes Coupons issued by ACS in the Class Action Suit may participate in this Promotion between July 15th and October 15th by surrendering all their Coupons to a Company Customer Service or Marketing representative.

In exchange for the Coupons, a Customer can choose one of the following:

(Please note: the following two options are available to any customer in Alaska.)

The face value of the Coupons, with the same rules as the Coupon issuer.
\$100 check issued to the Customer, with a one-year commitment to Company.

(Please note: the following option is available to customers in Company provided local service areas. This is due to facility availability.)

2 months free Company provided local telephone service. (This choice is tied to the Intrastate Long Distance Infinite Minutes Coupon Redemption Promotion where the Customer also receives two months free long distance service. For a total benefit of \$100.)

A Customer who signs a one-year term but leaves before the end of the term will be billed \$8.33 per month left on the term. For example, if a customer leaves after the 8th month, they will owe \$33.32.

7.10.1 RESIDENTIAL PROMOTIONS

A. Residential Bonus Miles Promotion

New Residential customers, who meet the eligibility requirements described herein, may enroll in this promotion between October 20, 2011 and December 31, 2011 by completing and returning an enrollment form provided by the Company, or by requesting enrollment during Customer's contact with a Company Customer Service or Marketing representative.

Regulatory Commission of Alaska**GCI Communication Corp.****7. LOCAL ACCESS RATES AND CHARGES – Anchorage, Bird/Indian, Girdwood, Hope****7.10 PROMOTIONAL OFFERINGS (Cont'd)****7.10.2 BUSINESS PROMOTIONS (cont'd)**(C)
Tariff (C)
Ref (C)**A. Business Term Promotion**

Business customers who enroll in a one-, two-, three- or more year term of service commitment with GCI, between and including July 15, 1997 and August 15, 1997, between and including September 21, 1997 and January 31, 1998, and between and including April 3, 1998 and March 31, 2001, and do not switch any portion of their traffic to another carrier, block service or discontinue their service during the period covered by their term of service commitment, qualify for this promotion.

Customers will receive a credit based on their term commitment as follows:

<u>Term</u>	<u>Month(s) of service during which Customer gets credit</u>
1 year	13 th
2 years	13 th , 25 th
3 years	13 th , 25 th , 37 th
4 years	13 th , 25 th , 37 th , 49 th
5 years	13 th , 25 th , 37 th , 49 th , 61 st

Business customers will receive a credit on their local services account for the month the credit applies; the credit shall be in the amount of their average monthly billing for the preceding year of service.

The promotion credit is applied before any taxes, and non-recurring fees. The promotional credit is in addition to any discounts the customer receives on their respective plans and exclusive of any other promotion.

A customer who has ordered a term of service commitment but who discontinues service before expiration of the agreed upon term must pay back all credits as a termination liability.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of cancellation is received before the due date of the order for the term of service commitment. Discontinuance of service occurs when a customer is terminated by GCICC for nonpayment or when the customer notifies GCICC that it wished to stop service and does not wish it to be transferred to another main billed account. This promotion cannot be combined with other promotions unless such a combination is permitted in that promotional tariff.

C. 3 Months Free Promotion

New and existing Residential customers who meet the eligibility requirements described herein, may enroll in this promotion between July 7, 2006 and March 31, 2007 by completing and returning an enrollment form provided by the Company, or by requesting enrollment during Customer's contact with a Company Customer Service or Marketing representative.

Customers must:

- Have at least one Company provided local access line.
- Sign up for at least one new local service.

Benefits

Customers can choose one of the following benefits:

- * a credit on their monthly bill, equal to their monthly local telephone rate, for three months.

OR

- * 20,000 Alaska Airlines miles.

D. Alaska Airlines Miles Sweepstakes

New and existing Residential Local Services Customers who meet the eligibility requirements described herein, are eligible for this sweepstakes between July 7, 2006 and March 31, 2007.

Eligibility:

Customers must have:

An active Company provided local account.

An active account has new activity, including opening a new account, or charges within the last sixty days.

A current Company account.

A current account is an account that does not have a past due balance in excess of \$10.

Have a current Alaska Airlines Mileage Plan Number.

Agree to the sweepstakes rules governed by the State of Alaska's gaming rules and posted on GCI.com.

Benefits:

A 40,000 Alaska Airlines Mileage Plan prize will be award daily. The winner will be determined from a random drawing of all eligible entrants for that day.

B. Business Three Month Term Promotion

Business customers who enroll in a one-, two- or three-year term of service commitment with GCI, between and including November 11, 1997 and January 31, 1998, and between and including April 3, 1998 and March 31, 2001, and do not switch any portion of their traffic to another carrier, block service or discontinue their service during the period covered by their term of service commitment, qualify for this promotion.

Customers with a one-year term commitment will receive a credit in their first month of service; a two year term commitment will receive a credit in their first and second months of service; a three-year term commitment will receive a credit in their first, second and third months of service.

Business customers will receive a credit to their local services account for the month the credit applies; the credit shall be in the amount of their monthly billing.

The promotion credit is applied before any taxes, regulatory surcharges, and non-recurring fees. The promotional credit is in addition to any discounts the customer receives on their respective plans and exclusive of any other promotion.

A customer who has ordered a term of service commitment but who discontinues service before expiration of the agreed upon term must pay back all credits as a termination liability.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of cancellation is received before the due date of the order for the term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for nonpayment or when the customer notifies GCI that it wished to stop service and does not wish it to be transferred to another main billed account. This promotion cannot be combined with other promotions unless such a combination is permitted in that promotional tariff.

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage bonus will be awarded once a year to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers who sign up for 10-19 local service access lines, and have not been GCI Local customers within the past 12 months, will receive 10,000 Bonus Miles. Customer who sign up for addition lines, above 19 will be eligible for 5,000 additional bonus miles per additional 10 lines of service. (ex: 20-29 lines will get an additional 5,000 miles, 30-39 lines would get an additional 10,000 miles in addition to the 10,000 miles they get for the 10-19 lines, for a total of 20,000 miles.)

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

Customers may only receive one bonus mile award per qualifying activity per year.

Term Commitment Bonus Award:

Customers who sign a term commitment will not only receive the above outlined bonus miles when signing up for this promotion, they will also receive the bonus miles on each anniversary of their term commitment.

I. Basic Business Promotion Enhanced I

Beginning on June 29, 1999 and ending on March 31, 2001, Business Customers who subscribe to GCI for the provision of local service for a one- or two-year Term of Service Commitment, may enroll in this Promotion by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Under this Promotion, Business Customers receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, based on the selected Term of Service Commitment. Customers with a 1-year commitment receive a monthly credit equal to 5% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges). The applicable percentage for the monthly credits that Customers with a 2-year commitment receive is 7.5%. Additionally, Customers enrolled in this Promotion receive a one-time signing gratuity in the amount of \$50.00.

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the local service prior to the end of their term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits and gratuities received under this Promotion.

The term served and benefits of this Promotion may be transferred to another telephone number, provided, the new telephone number is under the same business name, and at the same location as the old telephone number.

This Promotion may not be combined with other discounted special contract services, or term arrangement.

J. Basic Business Promotion Enhanced II

Beginning on June 29, 1999 and ending on March 31, 2001, Business Customers who subscribe to GCI for the provision of local service for a three-year Term of Service Commitment, may enroll in this Promotion by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Under this Promotion, Business Customers receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 10% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges). Additionally, Business Customers receive a credit in an amount equal to the regulated non-recurring installation charges incurred in connection with the provision of local service. Customers enrolled in this Promotion also receive a one-time signing gratuity in the amount of \$100.00.

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the local service prior to the end of their term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits and gratuities received under this Promotion.

The term served and benefits of this Promotion may be transferred to another telephone number, provided, the new telephone number is under the same business name, and at the same location as the old telephone number.

This Promotion may not be combined with other discounted, special contract services, or term arrangement. "Home Businesses" (i.e., businesses operating out of a residential location) are not eligible for this promotion.

K. DID Promotion

Beginning on June 29, 1999 and ending on September 30, 1999, and beginning on October 15, 1999 and ending on June 30, 2000, and beginning December 31, 2000 and ending on March 31, 2001, new and existing Business Customers subscribed to GCI local service, may enroll in this Promotion by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Under this Promotion, Business Customers who meet the eligibility requirements listed below, receive a waiver of the monthly recurring charges for a "block of 100 numbers" service under DID service.

Requirements

Concurrent to the enrollment in this Promotion, Business Customers must order one of the following services for a Term of Service Commitment of one-, two-, or three-years:

- a. Bulk Digital Subscriber Service (BDSS)
- b. Denali Summit for Business Plan
- c. DSS
- d. PRI (3 year term commitment required)

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Promotion.

7.10.2 BUSINESS PROMOTIONS (Cont'd)		7.1 (C)
P. PRI Saver/Free Month Promotion (Cont'd)		7.7 (C)

Benefits

Customers who meet the eligibility requirements, receive, a credit in the first full month of service for the monthly recurring charges on Primary Rate Interface. Non-recurring installation charges will be waived.

* Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment. A customer who has ordered a term of service commitment, but who discontinues service before expiration of agreed upon term, must pay a termination amount equal to the prior 12 months of credit, or all credits paid under this plan, which ever is less. If the customer discontinues service within the first 12 months of service being provided – customer will also be charged the non-recurring installation charges which were waived.

Q. GCI 3 Month/3 Year Term Promotion

Eligibility

Business customers who enroll in a three-year term of service commitment with GCI, between and including January 10, 2003 and March 10, 2003, and meet the following eligibility requirements and do not switch any portion of their local traffic to another carrier, block service or discontinue their service during the period covered by their term of service commitment, qualify for this promotion.

The promotion credit is applied before any taxes, regulatory surcharges, and non-recurring fees. This promotion can not be combined with any other plan, package or promotion.

Benefits

- The first 3 months of monthly recurring charges are waived.
- and
- Beginning in the fourth month of service, a 15% discount on monthly recurring charges, each month, for the remainder of the term.

Restrictions

A customer who has ordered a term of service commitment but who discontinues service before expiration of the agreed upon term must pay back all credits as a termination liability.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of cancellation is received before the due date of the order for the term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for nonpayment or when the customer notifies GCI that it wished to stop service and does not wish it to be transferred to another main billed account. This promotion cannot be combined with other volume or term discounts.

R. Business Mileage Promotion

New and existing Business customers who meet the eligibility requirements described herein, and sign up between October 17, 2003 and December 16, 2003 may elect to enroll in this Promotion by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number.
- Provide current Alaska Airlines Mileage Number to Company.
(A customer, who selects this promotion, is responsible for providing the Company with a current, complete Alaska Airlines Mileage Number. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.

T. Business D Promotion

Business Customers may elect to enroll in this promotion by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative. This promotion is effective from May 18 through August 18, 2004.

Eligibility

Customers must enroll in a DSS term of service commitment of one-, two-, three- or more years with GCI.

Benefits

Customers will receive, as an annual credit, nominal goods and/or services in value up to \$40 per Digital Subscriber Service Trunk. This value may be in addition to any discounts the customer receives on other plan(s) and/or promotions already given except for Business Plan C.

U. Two Year Term Promotion (has two options)

(N)

Two Free Months (1st Option)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

7.13 SCHOOL & LIBRARY DISCOUNT (C)

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities. (N)

(L)

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

8.1 RATES AND CHARGES (Cont'd)

Reference

8.1.4 METRO ETHERNET

5.7.1 (C)

Term Commitment - *Metro Ethernet* is subject to a minimum term commitment of 1-year and is available for extended term services of 2, 3, 4 and 5-years. At the end of the initial customer term, the customer has 60-days to select an additional term commitment, or may choose month-to-month rates. If the customer does not enter into a new term of service commitment at the conclusion of the 60-day period they will be charged the month-to-month rates.

(C)

Additions - After the initial order a customer may elect to add additional ports to an existing *Metro Ethernet* network. Any such order for additional ports will be subject to a minimum term commitment of 1-year.

(C)

Network Access Port Charges - Port charges are assessed based on the total number of ports the Customer selects for the term commitment. If a Customer adds ports after the initial order, and that purchase results in eligibility for a lower overall port price, the port prices will be adjusted downward on the next monthly billing after the additional port is in service.

8. PRIVATE LINE RATES – Anchorage, Bird/Indian, Girdwood, Hope

8.1 RATES AND CHARGES (Cont'd)

Tariff

8.1.4 METRO ETHERNET (cont'd)

Reference (C)

Early Termination of Term Commitment – Early Termination of Term Commitment - If a Customer terminates a term of service prior to the end of the commitment period, the Customer is responsible for the following early termination charges:

5.7.1

a. The difference between the rate paid, and the rate for the term of service actually completed. (If a term commitment is terminated in the middle of a period the rate used to assess this charge will be the rate for the closest term actually completed.)

b. The difference calculated above multiplied by an early termination finance charge of 9.9%, compounded annually. For instance a customer agrees to a three-year term --- but only completes 1-year of service. The penalty would be calculated by taking the difference between the three year rate and the one-year rate for one year x 9.9% early termination finance charge.

Reduction in Number of Ports of Total Backbone Bandwidth – If a customer reduces either the total number of ports, or total backbone bandwidth below 70% of their initial service agreement, the terminated ports will be considered an early termination and subject to the charges outlined in the Early Termination of Term Commitment section. Remaining ports will be subject to re-rating based on the total number of remaining ports.

Increase in Number of Ports or Total Backbone Bandwidth - A Customer may add additional ports to an existing agreement. Those ports will be rated at either; the applicable rate for the term of service expected (For example a customer adds a port 1-year into a current 4-port agreement with a term of three years.) The customer would be eligible for a 2-year term rate for the additional port, or they may enter into an agreement for a shorter or longer term of their choosing. If a term is chosen that ends concurrently with the current term, or is longer than the current term the entire agreement would be subject to re-rating, if applicable, based on the overall number of ports from the original configuration, plus the additional ports chosen.

9. SPECIAL CONSTRUCTION – Anchorage, Bird/Indian, Girdwood, Hope

9.2 UNUSUAL CONSTRUCTION CHARGES

(C)
(L)

A. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

9.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

(C)

C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

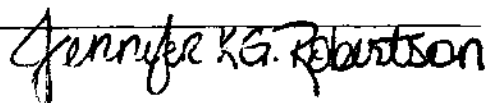

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or rise in accordance with the specifications of the Utility. Specifications for this pole or rise may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

(C)

9.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)C. Construction on Private Property (Cont'd)3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and
- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

Restrictions (Cont'd)

3.1

5.5

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

	Non Recurring	(L)

10.5 UNIVERSAL ACCESS SURCHARGE FOR TELECOM-
MUNICATIONS RELAY SERVICE (TRS)

3.6

(C)

Alaska Statute, AS 42.05.296, and Alaska Public Utilities Commission regulations, 3 AAC 51.100, et seq., require that TRS is funded by a monthly surcharge on rates of all local exchange carriers and interexchange carriers. The surcharge collections will be disbursed to the TRS provider monthly.

The surcharge is a two-tier rate, one tier assessed to residential and single-line business subscribers and the other tier assessed to multi-line business subscribers.

See Section 6.5 for rates.

10.7.5 LOCAL PACKAGE PLAN

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without being charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison. (C)

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

(4) Local Mileage Plan

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 10.1.A, Packages, Section 10.7.3, and Plans, Section 10.7.5.A.

Customer will also receive the following bonus mileage award:

New Customers:

Customers who sign up for local service and have not been GCI Local customers within the past 12 months, will receive:

Basic Local Service	500 Bonus Miles
Value Package	1,000 Bonus Miles
Value Package Plan B	1,000 Bonus Miles
Value Package Plus	1,000 Bonus Miles

Upgrading Customers:

Current GCI customers upgrading from basic local service to Value Package, Value Package Plan B, or Value Package Plus will receive 500 Bonus Miles

Customers may only receive one bonus mile award per qualifying activity per year.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customer must have all of its access lines pre-subscribed to company provided local service. Customers must enroll in a one-, three- or, five-year term commitment of service with GCI. Does not apply to PRI or FasTrack services.

(N)
(N)Benefits

Customers will receive the following credit beginning with their first full month of service after enrollment:

A one year commitment receives a credit equal to 10%

A two year commitment is no longer available, anyone signed up before January 1, 2008, will continue to receive a 15% credit through the end of their term.

A three year commitment receives a credit equal to 25%

(I)

A five year commitment receives a credit equal to 33%

On the following services: Section 10.1.A, Business Simple and Business Complex Lines and Digital Subscriber Service (DSS); 10.1.B Direct Inward Dial Service (DID); 10.7.1 Custom Calling Services, Toll Restriction and Hunting Groups; 10.7.2 Enhanced Customer Calling Features; 10.7.3 Basic Customer Calling Features; 10.7.5.2 Complex Business Line Plan; 10.7.10 Centrex.

Business customers will receive a credit on their local service account for each month of the commitment period. The credit is applied to all above referenced services before any taxes, regulatory surcharges and nonrecurring fees.

(L)
|
(L)**Restrictions**

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non payment. A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

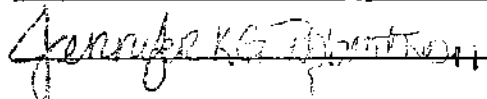

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

This Plan may only be combine with the Business Saver/Free Months Plan, it can not be combined with any other discounted, special contract services, or term arrangements.

(5) BUSINESS SAVER/FREE MONTHS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a one-, two-, or three year Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers who meet the eligibility requirements will receive a credit in their first month of service. Customers will also receive a credit for each year of their service commitment, to be paid on their anniversary month each year. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st, 13th, and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges. The only plan or promotion that can be combined with this one is the Business Term Plan.

Penalties

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment. A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Requirements

1. Customers must switch all of their local service to Company-provided local service.
2. Customer must sign a three-year Term of Service Commitment.

(D)

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 25% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service.

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

(I)

(C)

Benefits

New customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges)

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

10.7.5 LOCAL PACKAGE PLAN (Cont'd)

(B) BUSINESS PLANS (Cont'd)

**(16) Centrex Equipment Replacement Option (Cont'd)
Benefits (Cont'd)**

Customers may delete lines, but the plan fee will remain the same for the term of the service agreement.

* In calculating the local line total, only lines connected to the key system are counted.

** The above outlined charges are for the equipment only. Associated line costs can be found in the appropriate section of the tariff.

Restrictions

This program cannot be combined with any other discounts or promotions. Customers cannot switch any portion of their local service to another provider; block service or discontinue or reduce the level of their service more than 20%, or 1 line, which ever is greater, during the period covered by the term of service agreement.

The term served and benefits of this program may be transferred to other telephones as long as the total number of lines in service is not reduced more than 20% from the original date of service; the number lines may be increased as long as the new telephone numbers are under the same business name; and at the same location as the old telephone numbers.

Penalty for early termination

If a customer discontinues their service before the end of the service agreement, they will be billed the difference between the original purchase price - \$345 per telephone - and what they have already paid in month Plan fees, on their last bill. The equipment is theirs to keep.

Ref

The equipment is theirs to keep.

Optional Features

Customers enrolled in this option can choose the following additional features:

(a) Upgrade Optional Feature

A customer can choose to upgrade the Basic Key System offered in the Key System Equipment Replacement Option. Company has a list of Advanced Key System available to customers wishing to use this upgrade feature. Customers can choose from the list the equipment that fits their needs. The customer will receive a quote for all equipment they choose under this upgrade feature, as well as the leasing rate costs, before they sign their term of service agreement.

Customers will be billed the cost of the upgraded equipment in equal installments over their term of service agreement. (ie: a customer chooses \$4,000 in upgrades and signs a three-year term. They would be charged \$111.11 per month for 36 months.)

This upgraded equipment is leased from a third party. The customer will be billed the leasing rate for the equipment in equal installments over their term of service agreement.

(B) BUSINESS PLANS (Cont'd)

(21) INDIVIDUAL BUSINESS LINE WITH DIGITAL SERVICE

5-YEAR TERM (cont'd)

Eligibility

Customers must:

1. Enroll in a 5-year Term of Service Agreement.
2. Have Company-provided T-1, DSS, PRI or FasTrack service.
3. Have Company-provided Individual Business Line – Simple or Complex.

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 33% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) on their Individual Business Lines – Simple or Complex.

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. The discounts in this plan do not apply to T-1, PRI, FasTrack or DSS services.

Infinite Minutes Coupon Redemption Promotion

(N)

New and existing Customers who have Infinite Minutes Coupons issued by ACS in the Class Action Suit may participate in this Promotion between July 15th and October 15th by surrendering all their Coupons to a Company Customer Service or Marketing representative.

In exchange for the Coupons, a Customer can choose one of the following:

(Please note: the following two options are available to any customer in Alaska.)

The face value of the Coupons, with the same rules as the Coupon issuer.

\$100 check issued to the Customer, with a one-year commitment to Company.

(Please note: the following option is available to customers in Company provided local service areas. This is due to facility availability.)

2 months free Company provided local telephone service. (This choice is tied to the Intrastate Long Distance Infinite Minutes Coupon Redemption Promotion where the Customer also receives two months free long distance service. For a total benefit of \$100.)

A Customer who signs a one-year term but leaves before the end of the term will be billed \$8.33 per month left on the term. For example, if a customer leaves after the 8th month, they will owe \$33.32.

(L)

Penalties

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment. A customer who has ordered a term of service commitment, but who discontinues service before expiration of agreed upon term, must pay a termination amount equal to the prior 12 months of credit, or all credits paid under this plan, which ever is less. If the customer discontinues service within the first 12 months of service being provided – customer will also be charged the non-recurring installation charges which were waived.

(2) Contract Buy Out Promotion

Customers who meet the eligibility requirements described herein, and sign up between April 11, 2003 and July 11, 2003 may elect to enroll in this Promotion by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business customer's contract with a Company customer service or marketing representative.

Eligibility

Customer must be enrolled in the Business Term Plan B, be on a contract with a Company competitor, and have all of their local service switched to Company provided local service.

Ref

10.7.6 LOCAL PROMOTIONS (Cont'd)

(B) BUSINESS PROMOTIONS (Cont'd)

(2) Contract Buy Out Promotion (Cont'd)

Benefits

Customers who meet the eligibility requirements will receive compensation, up to \$28 per year per local service line, for buying out their contract with a Company competitor. This compensation is paid when a competitor's bill is produced.

Penalties

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment under the Business Term Plan B. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment. If the customer discontinues services, the customer will repay an amortized amount of the contract buy out based on the number of months customer has left on the GCI contract.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

Except for the Guaranteed Value and the Business Plan B, this cannot be combined with any other discounted, special contract services, or term arrangements.

Ref

10.7.6 LOCAL PROMOTIONS (Cont'd)

(B) BUSINESS PROMOTIONS (Cont'd)

(4) Business Bonus Miles Promotion (Cont'd)

Benefits

Business Customers on all plans, Section 10.7.5(B) and 10.7.10, except Business Mileage Bonus Plan, Section 10.7.5(B)(13), receive 5,000 Bonus Alaska Airlines Mile.

Volume Bonus

Business customers having 4 – 9 lines will receive an additional 5,000 bonus.

(5) Business Volume Mileage Promotion

New and existing Business customers who meet the eligibility requirements described herein, and sign up between March 15, 2004 and June 15, 2004 may elect to enroll in this Promotion by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 10, or more, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

(6) Business Volume Mileage Promotion (cont'd)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.

(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)

- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Packages, Section 10.7.3; Plans, Section 10.7.5.A; Promotions, Section 10.7.6.B; or Centrex Section 10.7.10 that meet the same eligibility requirement as this Business Volume Mileage Promotion.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

(8) Two Year Term Promotion (has two options)

(N)

Two Free Months (1st Option)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

10.8 SPECIAL CONSTRUCTION CHARGES (Cont'd)

Ref

10.8.2 UNUSUAL CONSTRUCTION CHARGES

For special construction requirements, the customer incurs charges for the actual cost above normal construction costs. Normal construction includes all distribution facilities, aerial and underground, placed at the option and initiative of the Company.

When a customer requests changes from one type of construction to another on the customer's property, or when such changes are required by law, the customer incurs charges for the cost of constructing the new facility and removing the old facility.

When a customer requests that the Company move existing facilities, or when required by law, the customer incurs charges in an amount equal to the actual cost of the move, less salvage.

For construction to serve a project or subdivision, which, in the opinion of the Company is speculative or involves risk or delay in the use of the facilities provided, the Company may require a written agreement setting forth the amount and conditions for prepayment of the cost of construction or for refunding portions of the initial payment, if applicable, as the facilities are placed in service. The reimbursement process does not start until there is dial tone at a permanent structure. In the event the developer elects not to enter into an agreement, the subscribers are served based on other sections of this tariff. Any such agreements are subject to review and prior approval by the Regulatory Commission of Alaska.

B. Digital Subscriber Service (Cont'd)

5.5 (N)

- * Installation charges waived with any term agreement.

Restriction

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

5. Local Mileage Plan

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 20.1.A, Packages, Section 20.7.3, and Plans, Section 20.7.5.A.

Customer will also receive the following bonus mileage award:

New Customers:

Customers who sign up for local service and have not been GCI Local customers within the past 12 months, will receive:

Basic Local Service	500 Bonus Miles
Value Package	1,000 Bonus Miles
Value Package Plan B	1,000 Bonus Miles
Value Package Plus	1,000 Bonus Miles

Upgrading Customers:

Current GCI customers upgrading from basic local service to Value Package, Value Package Plan B, or Value Package Plus will receive 500 Bonus Miles

Customers may only receive one bonus mile award per qualifying activity per year.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

5 Business Term Plan

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customer must have all of its access lines pre-subscribed to company provided local service. Customers must enroll in a one, three- or five-year term commitment of service with GCI. Does not apply to PRI or FasTrack services.

(N)
(N)

Benefits

Customers will receive the following credit beginning with their first full month of service after enrollment:

A one year commitment receives a credit equal to 10%

A two year commitment is no longer available, anyone signed up before January 1, 2008 will continue to receive a 15% credit through the end of their term

A three year commitment receives a credit equal to 25%

A five-year commitment will receive a credit equal 33%

(I)

On the following services: Section 20.1.A, Business Simple and Business Complex Lines and Digital Subscriber Service (DSS), 20.1.B Direct Inward Dial Service (DID); 20.7.1 Custom Calling Services, Toll Restriction and Hunting Groups; 20.7.2 Enhanced Customer Calling Features; 20.7.3 Basic Customer Calling Features; 20.7.5.2 Complex Business Line Plan; 20.7.10 Centrex.

Business customers will receive a credit on their local service account for each month of the commitment period. The credit is applied to all above referenced services before any taxes, regulatory surcharges and nonrecurring fees.

(L)

(L)

Restrictions

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non payment. A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

This Plan may only be combine with the Business Saver/Free Months Plan, it can not be combined with any other discounted, special contract services, or term arrangements.

Eligibility

Customers must enroll in a term of service commitment with GCI.

(C)

Benefits

Customers with a one-year term commitment will receive a credit beginning with their first full month of service after enrollment equal to 10% of their eligible regulated monthly recurring charges; a two-year term commitment will receive a credit beginning with their first full month of service after enrollment equal to 15% of their eligible regulated monthly recurring charges; customers with a three-or five-year term commitment will receive a credit beginning with their first full month of service after enrollment equal to 20% of their eligible regulated monthly recurring charges. Business customers will receive a credit on their local service account for each month of the commitment period. The credit is applied to all regulated Digital Subscriber Service, Section 20.1.a, before any taxes, regulatory surcharges and nonrecurring fees.

(N)

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

11. Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;

2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;

3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

(C)

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

(C)

(C)

16. Business Mileage Plan

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

20.7.6 LOCAL PROMOTIONS

Infinite Minutes Coupon Redemption Promotion

(N)

New and existing Customers who have Infinite Minutes Coupons issued by ACS in the Class Action Suit may participate in this Promotion between July 15th and October 15th by surrendering all their Coupons to a Company Customer Service or Marketing representative.

In exchange for the Coupons, a Customer can choose one of the following:

(Please note: the following two options are available to any customer in Alaska.)

The face value of the Coupons, with the same rules as the Coupon issuer.

\$100 check issued to the Customer, with a one-year commitment to Company.

(Please note: the following option is available to customers in Company provided local service areas. This is due to facility availability.)

2 months free Company provided local telephone service. (This choice is tied to the Intrastate Long Distance Infinite Minutes Coupon Redemption Promotion where the Customer also receives two months free long distance service. For a total benefit of \$100.)

A Customer who signs a one-year term but leaves before the end of the term will be billed \$8.33 per month left on the term. For example, if a customer leaves after the 8th month, they will owe \$33.32.

2. PRI Saver/Free Month Promotion (Cont'd)

Tariff (T)
Ref

Eligibility

Customers must enroll in a one, two or three Term of Service Agreement and have all of their local service switched to Company provided local service.

Benefits

Customers who meet the eligibility requirements, receive, a credit in the first full month of service for the monthly recurring charges on Primary Rate Interface. Non-recurring installation charges will be waived.

* Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment. A customer who has ordered a term of service commitment, but who discontinues service before expiration of agreed upon term, must pay a termination amount equal to the prior 12 months of credit, or all credits paid under this plan, which ever is less. If the customer discontinues service within the first 12 months of service being provided – customer will also be charged the non-recurring installation charges which were waived.

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

FEB 2 2005

State of Alaska
Regulatory Commission of Alaska**GCI Communication Corp.****22. SPECIAL CONSTRUCTION-Juneau/Eielson/Ft. Wainwright****22.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

(L/L1)

All rates and charges quoted in the Tariff provide for furnishing of service or channels when suitable facilities are available or where the construction of the necessary facilities does not invoice unusual costs. When the revenue to be derived from the service or channels is not sufficient to warrant the Utility assuming the unusual costs, the customer may be required to pay all or a portion of such costs.

Where a customer is so located that it is necessary to use private right-of-way without cost, the customer may be required to pay the entire costs involved in securing such right-of-way.

"Cost" as used in this section, is to be interpreted to mean the cost of labor and materials, including the charges for supervision and other overhead charges.

Any pole line or underground construction furnished by the customer is subject to the approval of the Utility.

B. Rates

1. For construction other than normal, the customer will pay the actual cost above normal cost in accordance with the conditions above. Normal construction includes all distribution facilities, aerial and underground, placed at the option and initiative of the Company.

Ref

B. Rates (Cont'd)

2. For changing from one type of construction to another on the customer's property, when done at the customer's request or when required by law, the customer will pay the costs of constructing the new and removing the old construction.
3. For moving existing construction, when done at the customer's request or when required by law, the customer will pay the actual cost, less salvage.
4. For construction to serve a project or subdivision, which, in the opinion of the Telephone Company is speculative or involves risk or delay in the use of the facilities provided, the Company may require a written agreement setting forth the amount and conditions for prepayment of the cost of construction or for refunding portions of the initial payment, if applicable, as the facilities are placed in service. The reimbursement process does not start until there is dialtone at a permanent structure. In the event the developer elects not to enter into an agreement, the subscribers will be served based on other sections of this tariff.

(D/I)Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

(N)

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

4. LOCAL MILEAGE PLAN

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

4. LOCAL MILEAGE PLAN (cont'd)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing and accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 30.1.A, and Plans, Section 30.8.4.A.

Customer will also receive the following bonus mileage award:

New Customers:

Customers who sign up for local service and have not been GCI Local customers within the past 12 months, will receive:

Basic Local Service	500 Bonus Miles
Value Package	1,000 Bonus Miles
Value Package Plan B	1,000 Bonus Miles
Value Package Plus	1,000 Bonus Miles

4. BASIC BUSINESS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three-, or five-year term commitments of service with GCI. This plan does not include PRI service.

(D/N)
(N)

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

(C)
|
(C)
(C/I)
(N)
(N)
(N)
(C/I)
(N)

one-year term commitment will receive a 10% credit

two-year term commitment is no longer available, anyone signed up before January 1, 2008 will continue to receive a 7.5% credit through the end of their term

three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

Business customers will receive a credit on their local services account for each month of the commitment period. The credit is applied to voice services before any taxes, regulatory surcharges and nonrecurring fees.

30.8 GENERAL SERVICES (Cont'd)Ref**30.8.4 LOCAL PACKAGE/PLANS (Cont'd)****B. BUSINESS PLANS (Cont'd)****4. BASIC BUSINESS PLAN (Cont'd)**Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

5. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

- d. Fastrack PRI

Benefits

- A customer will receive a waiver of the monthly recurring charges for a "block(s) of up to 100 numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for Remote Call Forwarding features for numbers associated with DID service.
- A customer will receive a waiver of the non-recurring charges for retranslation of DID block. (Section 30.1.C)

(C)
(D)
(D)

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

11. BUSINESS SAVER/FREE MONTHS PLAN (Cont'd)

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

30.8.4 LOCAL PACKAGE/PLANS (Cont'd)**B. BUSINESS PLANS (Cont'd)****17. Key System Equipment Replacement Option (cont'd)****Benefits**

Under this plan a customer who meets the eligibility will receive a basic key system to replace their existing key system. (If a customer has an 8-telephone system, they're eligible for an 8 telephone key system.)

Customers will receive the key system telephone for the below prices:

Customer Category	GCI Local Lines Customer *	Monthly Plan Fee for 36 months **	Number of Telephones Available to a Customer in this Category.
A	4	\$35.00	4-7
B	5	\$45.00	7-9
C	6	\$55.50	8-11
D	7	\$60.00	9-12

Customers may delete lines, but the plan fee will remain the same for the term of the service agreement.

This plan has a maximum benefit of 12 telephone handsets.

* In calculating the local line total, only lines connected to the key system are counted.

** The above outlined charges are for the equipment only. Associated line costs can be found in the appropriate section of the tariff.

30.8.4 LOCAL PACKAGE/PLANS (Cont'd)

B. BUSINESS PLANS (Cont'd)

17. Key System Equipment Replacement Option (cont'd)

Restrictions

This program cannot be combined with any other discounts or promotions. Customers cannot switch any portion of their local service to another provider; block service or discontinue or reduce the level of their service more than 20%, or 1 line, which ever is greater, during the period covered by the term of service agreement.

The term served and benefits of this program may be transferred to other telephones as long as the total number of lines in service is not reduced more than 20% from the original date of service; the number lines may be increased as long as the new telephone numbers are under the same business name; and at the same location as the old telephone numbers.

Penalty for early termination

If a customer discontinues their service before the end of their term of service agreement, they will be billed the following termination costs on their final bill:

Original purchase price of \$345 per telephone.

The remaining monthly plan fees on their term commitment.

(ie: a customer has a 3 year term. They terminate their service after 12 months. They would be billed 24 months of plan fees on their last bill.)

The equipment is theirs to keep.

Optional Features

Customers enrolled in this option can choose the following additional features:

(a) Upgrade Optional Feature

A customer can choose to upgrade the Basic Key System offered in the Key System Equipment Replacement Option. Company has a list of Advanced Key System available to customers wishing to use this upgrade feature. Customers can choose from the list the equipment that fits their needs. The customer will receive a quote for all equipment they choose under this upgrade feature, as well as the leasing rate costs, before they sign their term of service agreement.

Customers will be billed the cost of the upgraded equipment in equal installments over their term of service agreement. (ie: a customer chooses \$4,000 in upgrades and signs a three-year term. They would be charged \$111.11 per month for 36 months.)

This upgraded equipment is leased from a third party. The customer will be billed the leasing rate for the equipment in equal installments over their term of service agreement.

30.8.4 LOCAL PACKAGE/PLANS (Cont'd)

B. BUSINESS PLANS (Cont'd)

18. Individual Business Line with Digital Service 5-Year Term (cont'd)

Eligibility

Customers must:

1. Enroll in a 5-year Term of Service Agreement.
2. Have Company-provided T-1, DSS, PRI or FasTrack service.
3. Have Company-provided Individual Business Line, Simple.

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 33% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) on their Individual Business Lines, Simple.

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. The discounts in this plan do not apply to T-1, PRI, FasTrack or DSS services.

1. Credit for Customer's Presence During Equipment Installation Promotion

New and existing Residential customers who meet the eligibility requirements described herein, may enroll in this promotion between July 9, 2009 and August 31, 2009 by completing and returning an enrollment form provided by the Company, or by requesting enrollment during Customer's contact with a Company Customer Service or Marketing representative.

Eligibility:

Customers who are required by the Company to be physically present at their premise during the installation of equipment used to deliver local telephone service

Customers must:

- Be subscribed to Company provided local telephone service.
- Have a current Alaska Airlines Mileage Plan Number.
- Provide current Alaska Airlines Mileage Number to Company.
(A customer, who selects this option, is responsible for providing the Company with a current, complete Alaska Airlines Mileage Number. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)
- No more than one AAMN per account.
- Mileage will be awarded once to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't been posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefits

Customers will receive 10,000 Alaska Airline Miles.

A. Residential Bonus Miles Promotion

(N)

New Residential customers, who meet the eligibility requirements described herein, may enroll in this promotion between November 14, 2011 and February 11, 2012 by completing and returning an enrollment form provided by the Company, or by requesting enrollment during Customer's contact with a Company Customer Service or Marketing representative.

Eligibility

Customers must:

- Subscribe to a GCI Local Residential Phone Line or Plan contained in Section 30 of this tariff.
- Have a current Alaska Airlines Mileage Plan Number (AAMN).
- Provide current Alaska Airlines Mileage Number to Company.
(A customer, who selects this promotion, is responsible for providing the Company with a current, complete Alaska Airlines Mileage Number. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Mileage will be awarded once to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't been posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.
- Customers may only receive The Residential Bonus Miles Promotion award once – based on account, telephone number, service address and AAMN.

Benefits

- 10,000 Bonus Alaska Airlines Mileage Plan Miles when you subscribe to a GCI Local Residential Line or Plan

30.8.5.B BUSINESS PROMOTIONS

(N)

1. Two Year Term Promotion (has two options)

Two Free Months (1st Option)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

30.10 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKAGCI Communication Corp.32. SPECIAL CONSTRUCTION - Matanuska-Susitna Area32.2 UNUSUAL CONSTRUCTION CHARGESA. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****32. SPECIAL CONSTRUCTION - Matanuska-Susitna Area**
32.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)**C. Construction on Private Property**

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKAGCI Communication Corp.32. SPECIAL CONSTRUCTION - Matanuska-Susitna Area32.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)C. Construction on Private Property (Cont'd)3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and
- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****32. SPECIAL CONSTRUCTION - Matanuska-Susitna Area****32.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)****C. Construction on Private Property (Cont'd)**

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

32.3 UNDERGROUND LOCATE SERVICE**A. General**

Underground locate service is furnished by the Utility to determine the location and need for possible excavation of underground utility facilities. The service is provided to prevent damage to underground facilities and to provide timely underground locate for a person, corporation or other entity which furnishes a service, operates or owns a conduit, pipe, tile, wire, cable, or hose for providing petroleum, electricity, sanitary sewer, communication, water, natural gas, or storm sewer service.

B. Conditions

1. If the request for the locate service encompasses excavation work which will require more than one day to complete, the entity requesting the locate service shall provide to the Utility a schedule of the excavating work for which locate service is to be provided.
2. There will be no charge for underground locate service up to 30 locates per month for the requester.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

35.7.4 LOCAL PACKAGE PLAN

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval. and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

4. LOCAL MILEAGE PLAN (Cont'd)

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 35.1.A, and Plans, Section 35.7.4.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

RefRestrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

5. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

11. BUSINESS SAVINGS TERM PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

RefRequirements

1. Customers must switch all of their local service to Company-provided local service.
2. Customer must sign a three-year Term of Service Commitment.

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 20% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. This plan does not apply to Full or Fractional PRI, Digital Subscriber Service (DSS), or T-1 Service.

The benefits of this plan may be transferred to another telephone number, provided, the new telephone number is under the same business name, and at the same location as the old telephone number.

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

13. BUSINESS MILEAGE PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

A. Two Year Term Promotion (has two options)

Two Free Months (1st Option)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

	2 Years	15%	20%
	3 Years	20%	25%
	5 Years	30%	

(N)

Discontinuance before term commitment is fulfilled:

If a customer discontinues the PRI/SDN service within the contract period currently in effect, termination charges will apply. Such charges will be calculated as follows:

A customer who agrees to a term commitment and starts the term specified, but cancels their service before it's completed, will be subject to the following cancellation penalties.

The customer will be required to pay the difference in rates between the term signed and the term completed. For example, a customer signs a three-year term and receives a 20% discount. They cancel after two-years, which has a 15% discount. The customer will be required to pay the 5% difference in discounts they received, but wouldn't have received if they had signed the two-year term originally.

A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term must pay back all waived nonrecurring charges.

35.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

RECEIVED

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****37. SPECIAL CONSTRUCTION-Glacier State****37.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****37. SPECIAL CONSTRUCTION-Glacier State****37.2. UNUSUAL CONSTRUCTION CHARGES (Cont'd)****C. Construction on Private Property**

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

Reference
3.53. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and

- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

40.7.3 LOCAL PACKAGES/PLANS

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 40.1.A, and Plans, Section 40.7.3.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

One-year term commitment will receive a 10% credit
Three-year term commitment will receive a 25% credit
Five-year term commitment will receive a 33% credit

Business customers will receive a credit on their local services account for each month of the commitment period. The credit is applied to voice services before any taxes, regulatory surcharges and nonrecurring fees.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

3. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Requirements

Concurrent to enrollment in this Plan, Business Customers must order new High Capacity Service under this tariff for a Term of Service Commitment Period of at least three years:

Benefits

Company waives all non-recurring charges associated with the new service ordered as specified in the "Requirements" above.

Restrictions

If a Business Customer discontinues new service ordered under this Plan, as specified in the "Requirements" section above, prior to the end of the service's Term, such Customer will be charged early termination liability in an amount equal to the total charges waived under this Plan.

4. DID PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers who have a Term of Service Commitment for one of the following services:

- a. DSS
- b. PRI
- c. Fastrack PRI

Benefits

- A customer will receive a waiver of the monthly recurring charges for a "block(s) of up to 100 numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for Remote Call Forwarding features for numbers associated with DID service.
- A customer will receive a waiver of the non-recurring charges for retranslation of DID block. (Section 40.1.C)

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

2. Customer must sign a three-year Term of Service Commitment.

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 20% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. This plan does not apply to Full or Fractional PRI, Digital Subscriber Service (DSS), or T-1 Service.

The benefits of this plan may be transferred to another telephone number, provided, the new telephone number is under the same business name, and at the same location as the old telephone number.

8. BUSINESS SAVINGS FREE MONTHS PLAN

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

9. BUSINESS MILEAGE PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

40.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

RECEIVED

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****42. SPECIAL CONSTRUCTION - Seward****42.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

42. SPECIAL CONSTRUCTION - Seward42.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

Reference
3.5**3. Underground Construction in Subdivisions in Advance of Service**

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and

- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

45.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

47. SPECIAL CONSTRUCTION – Petersburg and Wrangell

47.1 LINE EXTENSION CHARGES

For customers in the Company facility service area, the following line extension policy applies:

- Upon application for a line extension GCI will design the most cost effective system for serving the applicant.
- The quote will be provided to the customer before construction begins.
- GCI will provide a \$1,250 allowance, for each occupied home passed by the new facility, toward the cost of the extension.
- Applicant is responsible for payment of any costs above the applicable allowance.

RECEIVED

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****47. SPECIAL CONSTRUCTION – Petersburg and Wrangell****47.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

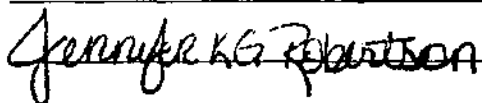

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

47. SPECIAL CONSTRUCTION – Petersburg and Wrangell
47.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or rise in accordance with the specifications of the Utility. Specifications for this pole or rise may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

47.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

50.7.4 LOCAL PACKAGE PLAN

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tarified, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

(C)
(N)

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

(N)

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 50.1.A, and Plans, Section 50.7.4.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

B. BUSINESS PLANS (Cont'd)4. BASIC BUSINESS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three- or five-year term commitments of service with GCI. This does not apply to PRI or FasTrack local service.

(N)

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

one-year term commitment will receive a 10% credit

two-year term commitment is no longer available, anyone signed up before January 1, 2008 will continue to receive a 7.5% credit through the end of their term

three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

(I)

Business customers will receive a credit on their local services account for each month of the commitment period. The credit is applied to voice services before any taxes, regulatory surcharges and nonrecurring fees.

1. Two Year Term Promotion (has two options)

Two Free Months (1st Option)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

5. BUSINESS NRC PLAN

Channels Discount 16-23	15%	29%	33%	(D/I)

Customers will receive the credit on their local services account for each month of the commitment period. The credit is applied to FasTrack PRI services before any taxes, regulatory surcharges and nonrecurring fee.

Restrictions:

Customers are allowed 1 PRI per location at this plan rate.

Customer must not switch any portion of their local service to another provider or block any service during the period covered by their term of service commitment.

Customer Responsibility

Customer is responsible for:

1. Interface with customer's premise equipment.
2. Providing switch translation.

Additional charges may apply if the customer either cannot provide GCI with a switch translation or if the translation provided turns out to be incorrect.

* Time in excess of 12 hours to get this service to function properly will be billed at the hourly rate of \$88.00.

Tariff
Ref

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

10. BUSINESS SAVINGS TERM PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Ref

Requirements

1. Customers must switch all of their local service to Company-provided local service.
2. Customer must sign a three-year Term of Service Commitment.

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 20% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. This plan does not apply to Full or Fractional PRI, Digital Subscriber Service (DSS), or T-1 Service.

The benefits of this plan may be transferred to another telephone number, provided, the new telephone number is under the same business name, and at the same location as the old telephone number.

11. BUSINESS SAVINGS FREE MONTHS PLAN

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

12. BUSINESS MILEAGE PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

	<u>Term</u>	<u>1 - 5</u>	<u>6 or more</u>
Term Discounts	1 Year	10%	15%
	2 Years	15%	20%
	3 Years	20%	25%
	5 Years	30%	

(N)

Discontinuance before term commitment is fulfilled:

If a customer discontinues the PRI/ISDN service within the contract period currently in effect, termination charges will apply. Such charges will be calculated as follows:

A customer who agrees to a term commitment and receives the specified discount but cancels ISDN service before the end of the term commitment will be required to pay what the customer would have paid for the term the customer actually took. For example, if a customer took a three-year term and receives a 20%, but cancels at the two year mark. The customer will be required to pay the 5% discount they received, but wouldn't have received if they had signed the two-year term originally.

A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term must pay back all waived nonrecurring charges.

50.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

52. SPECIAL CONSTRUCTION - Sitka

52.2 UNUSUAL CONSTRUCTION CHARGES

A. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****52. SPECIAL CONSTRUCTION - Sitka****52.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)****C. Construction on Private Property**

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

RefCustomers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 35.1.A, and Plans, Section 35.7.4.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

Ref**3. BASIC BUSINESS PLAN**

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three- or five-year term commitments of service with GCI. This does not apply to PRI or FasTrack local service.

(N)

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

one-year term commitment will receive a 10% credit

two-year term commitment is no longer available, anyone signed up before January 1, 2008 will continue to receive a 7.5% credit through the end of their term

three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

(I)

Business customers will receive a credit on their local services account for each month of the commitment period. The credit is applied to voice services before any taxes, regulatory surcharges and nonrecurring fees.

RefRestrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

4. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Ref

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers, who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st, 13th, and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Packages/Plans, Section 55.7.4; and Promotions, Section 55.7.5.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customer will receive the following bonus mileage award:

Customers:

Customers who sign up for up to 9 local service lines will receive 1,000 miles per line.

Customers who sign up for 10 or more local service lines will receive 20,000 miles.

55.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****57. SPECIAL CONSTRUCTION – Copper Valley****57.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.**57. SPECIAL CONSTRUCTION – Copper Valley57.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3.5**3. Underground Construction in Subdivisions in Advance of Service**

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

Ref

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

60.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

62.1 LINE EXTENSION CHARGES

For customers in the Company facility service area, the following line extension policy applies:

- Upon application for a line extension GCI will design the most cost effective system for serving the applicant.
- The quote will be provided to the customer before construction begins.
- GCI will provide a \$1,250 allowance, for each occupied home passed by the new facility, toward the cost of the extension.
- Applicant is responsible for payment of any costs above the applicable allowance.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****62. SPECIAL CONSTRUCTION - Bethel****62.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****62. SPECIAL CONSTRUCTION - Bethel****62.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)****C. Construction on Private Property**

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

62.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

65.7.4 LOCAL PACKAGE/PLANS

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

4. LOCAL MILEAGE PLAN

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 65.1.A, and Plans, Section 65.7.4.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

**6. CREDIT FOR CUSTOMER'S PRESENCE DURING EQUIPMENT
INSTALLATION**

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Eligibility:

Customers who are required by the Company to be physically present at their premise during the installation of equipment used to deliver local telephone service.

Benefits:

Customers will receive a credit on their bill, equal to their local telephone rate, to a maximum of \$25, per month for no more than 3 months.

7. RESIDENTIAL GRATUITY PLAN

In order to encourage customers to initiate, or maintain, local services, GCI may from time to time offer certain gratuities to customers, free of charge, with a value not to exceed \$200 per gratuity.

2. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Requirements

Concurrent to enrollment in this Plan, Business Customers must order new service under this tariff from at least one of the following service offerings, for a Term of Service Commitment Period of at least three years:

High Capacity Service.

Benefits

Company waives all non-recurring charges associated with the new service ordered as specified in the "Requirements" above.

Restrictions

If a Business Customer discontinues new service ordered under this Plan, as specified in the "Requirements" section above, prior to the end of the service's Term, such Customer will be charged early termination liability in an amount equal to the total charges waived under this Plan.

3. DID PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers who have a Term of Service Commitment for one of the following services:

- a. DSS
- b. PRI

Benefits

- A customer will receive a waiver of the monthly recurring charges for a "block of 100 numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for a "block of 10 numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for Remote Call Forwarding features for numbers associated with DID service.
- A customer will receive a waiver of the non-recurring charges for retranslation of DID block. (Section 65.1.C)

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

4. PRI TERM OF SERVICE AGREEMENT PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

4. PRI TERM OF SERVICE AGREEMENT PLAN (Cont'd)

Eligibility: Business customers who enroll in one-, two-, or three-year term commitments of service with GCI, sign up for full PRI service under the Primary Rate Interface (PRI) Service, Section 65.7.7, and do not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment, qualify for this term discount.

Benefits: Customers with the below commitment will receive the corresponding credit:

<u>Term Commitment</u>	<u>Credit</u>
1-year	10%
2-year	15%
3-year	20%
3-year*	30%
5-year	30%

Customers will receive the credit on their local services account for each month of the commitment period. The credit is applied to PRI services before any taxes, regulatory surcharges and nonrecurring fees.

*Minimum of 28 PRI volume requirement system-wide. The PRI's must terminate in a GCI co-location room, and customer agrees to purchase all PRI's from GCI (where GCI offers Local Services) and co-locate with GCI.

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

5. BASIC BUSINESS PLAN

New and existing Business Customers, who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three- or, five-year term commitments of service with GCI. This plan does not apply to PRI Service.

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

One-year term commitment will receive a 10% credit

Three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area. Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

6. BUSINESS SAVER/FREE MONTHS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers, who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st, 13th, and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

7. BUSINESS SAVINGS FREE MONTHS PLAN

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

Eligibility

Customers must:

- Subscribe to a GCI Local Residential Phone Line or Plan contained in Section 65 of this tariff.
- Have a current Alaska Airlines Mileage Plan Number (AAMN).
- Provide current Alaska Airlines Mileage Number to Company.
(A customer, who selects this promotion, is responsible for providing the Company with a current, complete Alaska Airlines Mileage Number. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Mileage will be awarded once to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't been posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.
- Customers may only receive The Residential Bonus Miles Promotion award once – based on account, telephone number, service address and AAMN.

Benefits

- 10,000 Bonus Alaska Airlines Mileage Plan Miles when you subscribe to a GCI Local Residential Line or Plan

65.7.7 PRIMARY RATE INTERFACE (PRI) SERVICE (Cont'd)

If a customer discontinues the PRI/ISDN service within the contract period currently in effect, termination charges will apply. Such charges will be calculated as follows:

A customer who agrees to a term commitment and starts the term specified, but cancels their service before it's completed, will be subject to the following cancellation penalties.

The customer will be required to pay the difference in rates between the term signed and the term completed. For example, a customer signs a three-year term and receives a 20% discount. They cancel after two-years, which has a 15% discount. The customer will be required to pay the 5% difference in discounts they received, but wouldn't have received if they had signed the two-year term originally.

A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term must pay back all waived nonrecurring charges.

65.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

JAN 21 2005

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****67. SPECIAL CONSTRUCTION - Nome****67.2 UNUSUAL CONSTRUCTION CHARGES****A. General Conditions**

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

REGULATORY COMMISSION OF ALASKA**GCI Communication Corp.****67. SPECIAL CONSTRUCTION - Nome****67.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)****C. Construction on Private Property**

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or rise in accordance with the specifications of the Utility. Specifications for this pole or rise may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3.5**3. Underground Construction in Subdivisions in Advance of Service**

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

Ref

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and

- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

**70.5 UNIVERSAL ACCESS SURCHARGE FOR TELECOM-
MUNICATIONS RELAY SERVICE (TRS)**

3.6

By direction of the Alaska Public Utilities Commission in Order No. 2 of Docket U-92-13, the responsibility for billing and collecting the Universal Access Surcharge has been assigned to the subscriber's local exchange carrier.

See Section 6.5 for rates.

70.6 REGULATORY COST CHARGE

The Regulatory Cost Charge is a special surcharge applied to all regulated retail customer billings to pay the utility's share of the budget of the Regulatory Commission of Alaska.

See Section 6.6 for rates.

70.7.4 LOCAL PLANS/PACKAGES

(C)

Guaranteed Value Program

(N)

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

(A) RESIDENTIAL PLANS

1. GCI Cares

In order to encourage customers to initiate, or maintain, local services, GCI may from time to time offer certain gratuities to customers, free of charge, with a value not to exceed \$200 per gratuity.

5. LOCAL MILEAGE PLAN

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Tariff
Ref

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 70.1.a and Plans, Section 70.7.4..

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees

(B) BUSINESS PLANS (Cont'd)4. BASIC BUSINESS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three- or, five-year term commitments of service with GCI. This does not apply to PRI or FasTrack local service.

(N)
(N)Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

one-year term commitment will receive a 10% credit
two-year term commitment is no longer available, anyone signed up before January 1, 2008 will continue to receive a 7.5% credit through the end of their term
three-year term commitment will receive a 25% credit
Five-year term commitment will receive a 33% credit

(I)

Business customers will receive a credit on their local services account for each month of the commitment period. The credit is applied to voice services before any taxes, regulatory surcharges and nonrecurring fees.

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

5. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Requirements

Concurrent to enrollment in this Plan, Business Customers must order new service under this tariff from at least one of the following service offerings, for a Term of Service Commitment Period of at least three years:

- a. High Capacity Service.
- b. Enrollment in the Denali Summit for Business Plan

Benefits

Company waives all non-recurring charges associated with the new service ordered as specified in the "Requirements" above.

Restrictions

If a Business Customer discontinues new service ordered under this Plan, as specified in the "Requirements" section above, prior to the end of the service's Term, such Customer will be charged early termination liability in an amount equal to the total charges waived under this Plan.

7. PRI TERM OF SERVICE AGREEMENT PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility: Business customers who enroll in one-, two-, or three-year term commitments of service with GCI, sign up for full PRI service under the Primary Rate Interface (PRI) Service, Section 70.7.6, and do not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment, qualify for this term discount.

Benefits: Customers with the below commitment will receive the corresponding credit:

<u>Term Commitment</u>	<u>Credit</u>
1-year	10%
2-year	15%
3-year	20%
3-year*	30%
5-year	30%

*Minimum of 28 PRI volume requirement system-wide. The PRI's must terminate in a GCI co-location room, and customer agrees to purchase all PRI's from GCI (where GCI offers Local Services) and co-locate with GCI.

9. BUSINESS SAVER/FREE MONTHS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st, 13th, and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

Tariff
Ref

Benefits

Customers will receive monthly credits during the Term of Service, beginning with their first full month of service after enrollment, in an amount equal to 20% of the regulated local monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan. This plan does not apply to Local Digital T-1, PRI, Fastrack or DSS Services.

The benefits of this plan may be transferred to another telephone number, provided, the new telephone number is under the same business name, and at the same location as the old telephone number.

11. BUSINESS SAVINGS FREE MONTHS PLAN

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

12. BUSINESS MILEAGE PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefits

Customers, who meet the eligibility requirements, receive 10,000 Alaska Airline mileage plan air miles. Mileage will be given after 60 days of Local service.

3. 5,000 Miles Referral Promotion

Beginning February 22, 2008 and ending May 25, 2008, new and existing Residential Customers who meet the eligibility requirements described herein may elect to enroll in this promotion by completing and returning and enrollment form provided by the Company, or by requesting enrollment during the Customer's contact with a Company customer service or marketing representative.

Eligibility:

Customers must:

- Subscribe to Company as its local service carrier.
- Use a Company referral form, which can be obtained from a GCI Store.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.

4. Residential Bonus Miles Promotion

New Residential customers, who meet the eligibility requirements described herein, may enroll in this promotion between October 20, 2011 and December 31, 2011 by completing and returning an enrollment form provided by the Company, or by requesting enrollment during Customer's contact with a Company Customer Service or Marketing representative.

Eligibility

Customers must:

- Subscribe to a GCI Local Residential Phone Line or Plan contained in Section 70 of this tariff.
- Have a current Alaska Airlines Mileage Plan Number (AAMN).
- Provide current Alaska Airlines Mileage Number to Company.

(A customer, who selects this promotion, is responsible for providing the Company with a current, complete Alaska Airlines Mileage Number. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

1. Two Year Term Promotion (has two options)

(N)

Two Free Months (1st Option)

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company provided local service.
2. Customers must be enrolled in a two year term of service agreement.
3. Customers must have 9 or less local service lines.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first two full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

70.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

72.2 UNUSUAL CONSTRUCTION CHARGES

A. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

72. SPECIAL CONSTRUCTION - Ketchikan

72.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

72.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

(N)

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

4. LOCAL MILEAGE PLAN

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

4. LOCAL MILEAGE PLAN (Cont'd)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 75.1.A, and Plans, Section 75.7.4.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

3. DID PLAN (cont'd)

Eligibility

Customers who have a Term of Service Commitment for one of the following services:

- a. DSS
- b. PRI

Benefits

- A customer will receive a waiver of the monthly recurring charges for a "block of 100 numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for a "block of 25 numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for Remote Call Forwarding features for numbers associated with DID service.
- A customer will receive a waiver of the non-recurring charges for retranslation of DID block. (Section 65.1.C)

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

4. PRI TERM OF SERVICE AGREEMENT PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

4. PRI TERM OF SERVICE AGREEMENT PLAN (Cont'd)

Eligibility: Business customers who enroll in one-, two-, or three-year term commitments of service with GCI, sign up for full PRI service under the Primary Rate Interface (PRI) Service, Section 65.7.7, and do not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment, qualify for this term discount.

Benefits: Customers with the below commitment will receive the corresponding credit:

<u>Term Commitment</u>	<u>Credit</u>
1-year	10%
2-year	15%
3-year	20%
3-year*	30%
5-year	30%

Customers will receive the credit on their local services account for each month of the commitment period. The credit is applied to PRI services before any taxes, regulatory surcharges and nonrecurring fees.

*Minimum of 28 PRI volume requirement system-wide. The PRI's must terminate in a GCI co-location room, and customer agrees to purchase all PRI's from GCI (where GCI offers Local Services) and co-locate with GCI.

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

5. BASIC BUSINESS PLAN

(N)

New and existing Business Customers, who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in one-, three- or, five-year term commitments of service with GCI. This plan does not apply to PRI Service.

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

One-year term commitment will receive a 10% credit

Three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

5. BASIC BUSINESS PLAN (Cont'd)

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area. Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

6. BUSINESS SAVER/FREE MONTHS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers, who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st, 13th, and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.

6 BUSINESS SAVER/FREE MONTHS PLAN (Cont'd)

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

7. BUSINESS SAVINGS FREE MONTHS PLAN

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

7. BUSINESS SAVINGS FREE MONTHS PLAN (Cont'd)

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

8. BUSINESS MILEAGE PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Have 9, or less, dial tone lines.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)

Customers must also note the following conditions (cont'd)

- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Benefit:

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Packages/Plans, Section 65.7.4; and Promotions, Section 65.7.5.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees, not including the monthly recurring fee.

9. BUSINESS MILEAGE BONUS PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers Must:

- Subscribe to Company as its local service carrier.
- Be on the Business Mileage Plan and in good standing with all of that plan's requirements.

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.

(N)

If a customer discontinues the PRI/ISDN service within the contract period currently in effect, termination charges will apply. Such charges will be calculated as follows:

A customer who agrees to a term commitment and starts the term specified, but cancels their service before it's completed, will be subject to the following cancellation penalties.

The customer will be required to pay the difference in rates between the term signed and the term completed. For example, a customer signs a three-year term and receives a 20% discount. They cancel after two-years, which has a 15% discount. The customer will be required to pay the 5% difference in discounts they received, but wouldn't have received if they had signed the two-year term originally.

A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term must pay back all waived nonrecurring charges.

75.8 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

75.9 ALASKA UNIVERSAL SERVICE FUND SURCHARGE

A. Residential Bonus Miles Promotion

New Residential customers, who meet the eligibility requirements described herein, may enroll in this promotion between October 20, 2011 and December 31, 2011 by completing and returning an enrollment form provided by the Company, or by requesting enrollment during Customer's contact with a Company Customer Service or Marketing representative.

Eligibility

Customers must:

- Subscribe to a GCI Local Residential Phone Line or Plan contained in Section 75 of this tariff.
- Have a current Alaska Airlines Mileage Plan Number (AAMN).
- Provide current Alaska Airlines Mileage Number to Company.
(A customer, who selects this promotion, is responsible for providing the Company with a current, complete Alaska Airlines Mileage Number. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Mileage will be awarded once to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't been posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.
- Customers may only receive The Residential Bonus Miles Promotion award once – based on account, telephone number, service address and AAMN.

Benefits

- 10,000 Bonus Alaska Airlines Mileage Plan Miles when you subscribe to a GCI Local Residential Line or Plan

77. SPECIAL CONSTRUCTION - Cordova

77.2 UNUSUAL CONSTRUCTION CHARGES

A. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

77. SPECIAL CONSTRUCTION - Cordova

77.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

77.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.

4. LOCAL MILEAGE PLAN

(N)

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Customers must:

- Subscribe to Company as its local service carrier.
- Have a current Alaska Airlines Mileage Plan Number "AAMN".
- Provide current AAMN to Company.

(A customer, who selects this option, is responsible for providing the Company with a current, complete AAMN. If the customer does not provide the Company with a current, complete number, the miles will neither accrue nor will the customer receive any benefit miles.)

Customers must also note the following conditions:

- No more than one AAMN per account.
- Customer can only change the AAMN on the account once a month.
(This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing an accurate number in the same month it was determined the AAMN provided was inaccurate.)
- Mileage will be awarded once a month to the AAMN on record.
- Splitting miles between accounts is not allowed.
- Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date.

Customers will receive one (1) Alaska Airlines Mileage Plan mile for each dollar spent on monthly recurring charges for Basic, Section 80.1.A, and Plans, Section 80.8.4.A.

Miles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, and fees.

**6. CREDIT FOR CUSTOMER'S PRESENCE DURING EQUIPMENT
INSTALLATION**

(N)

Residential subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

Eligibility:

Customers who are required by the Company to be physically present at their premise during the installation of equipment used to deliver local telephone service.

Benefits:

Customers will receive a credit on their bill, equal to their local telephone rate, to a maximum of \$25, per month for no more than 3 months.

(7) NO LIMITS HOME PHONE PLAN

The GCI No Limits Home Phone Plan is a service bundle consisting of a local component, an intrastate component, and an interstate component:

- GCI Local No Limits Home Phone Plan (\$12.99) (I)
- GCI Intrastate No Limits Home Phone Plan; and
- GCI Interstate No Limits Home Phone Plan (\$12.00 combined interstate/intrastate bucket).

To get any component customers must subscribe to all three for a bundled rate of \$24.99. (I)

Availability:

This plan is only available as part of the GCI No Limits Home Phone Plan bundle with interstate No Limits Home Phone plan and intrastate No Limits Home phone plan.

Eligibility and Requirements:

Customer must:

- Be a residential customer.
- Subscribe to Company as its local service carrier.
- Subscribe to Intrastate and Interstate No Limits Home phone Long Distance plans.

Benefits:

Residential subscribers who sign up for The No Limits Home Phone Plan can receive the features described in the Local Value Package Plan B; 80.8.4.A.3 for a Monthly Rate of \$12.99 (I)

(C)

Guaranteed Value Program

(N)

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

2. BUSINESS NRC PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Requirements

Concurrent to enrollment in this Plan, Business Customers must order new service under this tariff from at least one of the following service offerings, for a Term of Service Commitment Period of at least three years:

High Capacity Service.

Benefits

Company waives all non-recurring charges associated with the new service ordered as specified in the "Requirements" above.

Restrictions

If a Business Customer discontinues new service ordered under this Plan, as specified in the "Requirements" section above, prior to the end of the service's Term, such Customer will be charged early termination liability in an amount equal to the total charges waived under this Plan.

3. DID PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

3. DID PLAN (cont'd)Eligibility

Customers who have a Term of Service Commitment for one of the following services:

- a. DSS
- b. PRI

Benefits

- A customer will receive a waiver of the monthly recurring charges for any "blocks of numbers" service under DID service.
- A customer will receive a waiver of the monthly recurring charges for Remote Call Forwarding features for numbers associated with DID service.

Restrictions

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

4. BASIC BUSINESS PLAN

New and existing Business Customers, who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

80.8.5 BUSINESS LOCAL PACKAGE/PLANS (Cont'd)

4.3

4. BASIC BUSINESS PLAN (cont'd)Eligibility

Customers must enroll in one-, three- or, five-year term commitments of service with GCI. This plan does not apply to PRI Service.

Benefits

Customers with the following term commitments will receive the corresponding credit, beginning with their first full month of service after enrollment, on their local regulated monthly recurring charges:

One-year term commitment will receive a 10% credit

Three-year term commitment will receive a 25% credit

Five-year term commitment will receive a 33% credit

Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area. Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

5. BUSINESS SAVER/FREE MONTHS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers, who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st; 13th; and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

5. BUSINESS SAVER/FREE MONTHS PLAN (Cont'd)**Penalties: (cont'd)**

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

6. BUSINESS SAVINGS FREE MONTHS PLAN

New Business Customers who meet the eligibility requirements described herein, or existing customers who order additional services to their account resulting in an increase in regulated billing over the month prior to enrollment in this plan, may elect to enroll in this plan. Enrolling can be done by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Concurrent to the enrollment in this plan:

1. Customers must switch all of their local service to Company-provided local service.
2. Customers must be enrolled in a term of service agreement.
3. Customers must have 9 or less local service lines or be enrolled in Business Savings Term Plan.

6. BUSINESS SAVINGS FREE MONTHS PLAN (Cont'd)Benefits

New Customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges).

Existing customers, who meet the eligibility requirements, receive, as a one-time credit, a waiver of the first three full month's charges for local service regulated monthly recurring charges (excludes taxes, regulatory surcharges, and non-recurring charges) for the additional services ordered under this plan.

Restrictions

Business Customers who, after GCI begins providing local service, change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment before the expiration of their term of service agreement for the Business Savings Term Plan, will incur early termination liability in an amount equal to the credits received under this plan during the prior twelve months of service. If the Customer has been enrolled in this plan less than twelve months, the liability will be in an amount equal to the total credits received under this plan.

7. BUSINESS MILEAGE PLAN

Business subscribers can select this mileage plan provided the customer continues to meet the eligibility requirements described below.

	<u>Term</u>	<u>1 - 5</u>	<u>6 or more</u>
Term Discounts	1 Year	10%	15%
	3 Years	20%	25%
	5 Years	30%	

Discontinuance before term commitment is fulfilled:

If a customer discontinues the PRI/ISDN service within the contract period currently in effect, termination charges will apply. Such charges will be calculated as follows:

A customer who agrees to a term commitment and starts the term specified, but cancels their service before it's completed, will be subject to the following cancellation penalties.

The customer will be required to pay the difference in rates between the term signed and the term completed. For example, a customer signs a three-year term and receives a 20% discount. They cancel after two-years, which has a 15% discount. The customer will be required to pay the 5% difference in discounts they received, but wouldn't have received if they had signed the two-year term originally.

A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term must pay back all waived nonrecurring charges.

Ref80.10 SCHOOL & LIBRARY DISCOUNT - All Areas

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKAGCI Communication Corp.82. SPECIAL CONSTRUCTION – Arctic Slope Area82.2 UNUSUAL CONSTRUCTION CHARGES – All AreasA. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKAGCI Communication Corp.82. SPECIAL CONSTRUCTION - Arctic Slope Area82.2 UNUSUAL CONSTRUCTION CHARGES - All Areas (Cont'd)C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:
 - a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
 - b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
 - c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.
2. Mobile Home Parks and/or Courts
 - a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.
 - b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

STATE OF ALASKA
REGULATORY COMMISSION OF ALASKAGCI Communication Corp.82. SPECIAL CONSTRUCTION – Arctic Slope Area82.2 UNUSUAL CONSTRUCTION CHARGES – All Areas (Cont'd)C. Construction on Private Property (Cont'd)3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and
- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

82.2 UNUSUAL CONSTRUCTION CHARGES – All Areas (Cont'd)

Ref

C. Construction on Private Property (Cont'd)

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.
