Restrictions

A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment. Discontinuance of service occurs when a customer is terminated by GCI for non-payment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number or new location.

35.7.4 LOCAL PACKAGE PLAN

Guaranteed Value Program

Customers who are enrolled in a Company-provided local service term commitment, may end their term of service prior to its expiration without charging the applicable termination fee if:

- 1) The customer receives a written proposal from another telecommunications company offering a program currently in their tariff, which offers the customer savings over Company provided service. (When comparing services of equal evaluation criteria), and;
- 2) The customer contacts the Company and requests a comparison of the proposed program against Company programs currently tariffed, or pending tariff approval, and;
- 3) The Company fails to offer the customer a program of equal or better value, which is offered in their tariff, or pending tariff approval, within 30 days of the customer's request for comparison.

Under no circumstances will the customer be billed for services which are not in Company's approved tariff, or that are not available to any customer who requests and qualifies for service under that plan, program or promotion.

Penalties

Business Customers who, after GCI begins providing local service, notify the Company that they want to discontinue the service prior to the end of the term, or change a portion of their local service to another carrier, or whose service is discontinued by GCI for non-payment, will incur early termination liability in an amount equal to the credits received under this Plan.

10. BUSINESS SAVER/FREE MONTHS PLAN

New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

Eligibility

Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.

Benefits

Customers, who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1st and 13th month free; a three year term customer receives the 1st; 13th; and 25th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.

Penalties:

A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.

A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of the cancellation is received before the due date of the order for their term of service commitment or when the customer notifies GCI that the business is no longer doing business within the GCI Serving Area.

Telephone number changes for the same business in the same or different location will result in a transfer of the term commitment agreement to the new telephone number.

11. BUSINESS SAVINGS TERM PLAN

Discontinuance before term commitment is fulfilled:

If a customer discontinues the PRI/ISDN service within the contract period currently in effect, termination charges will apply. Such charges will be calculated as follows:

A customer who agrees to a term commitment and starts the term specified, but cancels their service before it's completed, will be subject to the following cancellation penalties.

The customer will be required to pay the difference in rates between the term signed and the term completed. For example, a customer signs a three-year term and receives a 20% discount. They cancel after two-years, which has a 15% discount. The customer will be required to pay the 5% difference in discounts they received, but wouldn't have received if they had signed the two-year term originally.

A customer who signs a term of service commitment, but discontinues service before completion of the first year of the agreed upon term must pay back all waived nonrecurring charges.

35.9 SCHOOL & LIBRARY DISCOUNT

Pursuant to the Telecommunications Act of 1996 (47 U.S.C. 254(h)(1)(B)) certain schools and libraries receive support under the definition of universal service. The discount matrix listed in Section 6.11 is presented for calculating discounts to those qualifying entities.

The discounts shall be available only after January 1, 1998, and only if the discounts are solely funded through the federal universal service program. Actual intrastate discounts may be lower than shown if federal funding is insufficient to cover the full discount. Details regarding the federal program and qualification for federal funding are found at 47 C.F.R. Part 54.

37.2 UNUSUAL CONSTRUCTION CHARGES

A. General Conditions

Special construction is involved where, at the request of a customer the Company constructs facilities:

- A. where facilities are not presently available, and there is no other requirement for the facilities so constructed,
- B. of a type other than that which the Company would normally utilize,
- C. involving a route other than that which the Company would normally utilize,
- D. in a quantity greater than that required to serve the customer's immediate facility needs,
- E. on an expedited basis,
- F. on a temporary basis until permanent facilities are available,
- G. involving abnormal costs,
- H. in advance of normal construction.

B. Changes from Aerial to Underground Facilities

When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following:

- 1. Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer.
- 2. The cost of dismantling and removing the aerial facilities is charged to the customer.
- 3. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

37.2 UNUSUAL CONSTRUCTION CHARGES (Cont'd)

C. Construction on Private Property

1. Residential and Commercial Structures - Where underground construction is desired where aerial facilities would ordinarily be provided without a construction charge, the following applies:

- a. Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility.
- b. Such underground construction, as specified above, shall be for the exclusive use of the Utility.
- c. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant.

2. Mobile Home Parks and/or Courts

- a. Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court.

The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed.

The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or riser in accordance with the specifications of the Utility. Specifications for this pole or riser may be secured from the Utility's service representative.

- b. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications.

The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

3. Underground Construction in Subdivisions in Advance of Service

Types of Subdivisions - Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable.

Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows:

Type 1 - Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis.

Type 2 - Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors.

Type 3 - Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors.

In all three types of subdivisions, the subdivider or builder must agree to:

- a. Furnish rear and side lot easements as required, and
- b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install the distributing cable, and

C. Construction on Private Property (Cont'd)

- c. Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and
- d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.

In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense.

In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.
