<u>Benefits</u> Customers with a one-year term commitment will receive a credit beginning with their first full month of service after enrollment equal to 10% of their eligible regulated monthly recurring charges; a two-year term commitment will receive a credit beginning with their first full month of service after enrollment equal to 15% of their eligible regulated monthly recurring charges; customers with a three-or five-year term commitment will receive a credit beginning with their first full month of service after enrollment equal to 20% of their eligible regulated monthly recurring charges. Business customers will receive a credit on their local service account for each month of the commitment period. The credit is applied to all regulated <u>Digital Subscriber Service</u> , Section 20.1.a, before any taxes, regulatory surcharges and nonrecurring fees.	(N)
<u>Restrictions</u> A customer must also not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment.	
A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

22. <u>SPECIAL CONSTRUCTION-Juneau/Eielson/Ft. Wainwright</u> 22.2 <u>UNUSUAL CONSTRUCTION CHARGES</u> (Cont'd) B. Rates (Cont'd)
 For changing from one type of construction to another on the customer's property, when done at the customer's request or when required by law, the customer will pay the costs of constructing the new and removing the old construction.
3. For moving existing construction, when done at the customer's request or when required by law, the customer will pay the actual cost, less salvage.
4. For construction to serve a project or subdivision, which, in the opinion of the Telephone Company is speculative or involves risk or delay in the use of the facilities provided, the Company may require a written agreement setting forth the amount and conditions for prepayment of the cost of construction or for refunding portions of the initial payment, if applicable, as the facilities are placed in service. The reimbursement process does not start until there is dialtone at a permanent structure. In the event the developer elects not to enter into an agreement, the subscribers will be served based on other sections of this tariff.
22.3 <u>UNDERGROUND LOCATE SERVICE</u>
See Section 6.14 for rates.
