	LOCAL MILEAGE PLAN (Cont'd)
	<u> Local Miller (Com a)</u>
	astomers must:
	Subscribe to Company as its local service carrier.
	Have a current Alaska Airlines Mileage Plan Number "AAMN". Provide current AAMN to Company.
	(A customer, who selects this option, is responsible for providing
	the Company with a current, complete AAMN. If the customer does
	not provide the Company with a current, complete number, the miles
	will neither accrue nor will the customer receive any benefit miles.)
<u>C</u>	astomers must also note the following conditions:
- i - i - i C ea an	No more than one AAMN per account. Customer can only change the AAMN on the account once a month. (This does not exclude a customer who provided an inaccurate or incomplete AAMN number from providing and accurate number in the same month it was determined the AAMN provided was inaccurate.) Mileage will be awarded once a month to the AAMN on record. Splitting miles between accounts is not allowed. Customers are responsible for notifying GCI that miles haven't posted to the Alaska Airlines Account and the notification must happen within one year of the activity date. Instomers will receive one (1) Alaska Airlines Mileage Plan mile for ch dollar spent on monthly recurring charges for Basic, Section 35.1.A, d Plans, Section 35.7.4.A. Itles are not awarded on taxes, non-GCI surcharges, USF, pass throughs, d fees.

В.	BUSINESS PLANS (Cont'd)	
	7. BUSINESS SAVER/FREE MONTHS PLAN	
	New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative. Eligibility Customers must enroll in a Term of Service Agreement and have all of their local service switched to Company-provided local service.	
	Benefits Customers, who meet the eligibility requirements, receive, a credit the first month of service and a month of service at their anniversary for each year of the term agreement. For example: a one year term customer receives the first month free; a two year term customer receive the 1 st and 13 th month free; a three year term customer receives the 1 st ; 13 th ; and 25 th months free. Credit includes all monthly recurring charges except for taxes, and surcharges.	
	Penalties: A customer must not switch any portion of their local service to another provider, block service or discontinue their service during the period covered by their term of service commitment. GCI considers it a discontinuance of service when a customer is terminated by GCI for non-payment.	
	A customer who has ordered a term of service commitment but who discontinues service before expiration of agreed upon term must pay a termination amount equal to the prior 12 months of credit, or if termination occurs before the end of 12 months, equal to the total credit applied to their account under this plan.

57. SPECIAL CONSTRUCTION – Copper Valley	
57.2 <u>UNUSUAL CONSTRUCTION CHARGES</u>	
A. <u>General Conditions</u> Special construction is involved where, at the request of a customer the Company constructs facilities:	
 A. where facilities are not presently available, and there is no other requirement for the facilities so constructed, B. of a type other than that which the Company would normally utilize, C. involving a route other than that which the Company would normally utilize, D. in a quantity greater than that required to serve the customer's immediate facility needs, E. on an expedited basis, F. on a temporary basis until permanent facilities are available, G. involving abnormal costs, H. in advance of normal construction. 	
 B. Changes from Aerial to Underground Facilities When a customer desires that existing aerial facilities be replaced by underground facilities, the change is made subject to the following: Underground trench, special backfill, and/or conduit is provided and maintained by or at the expense of the customer. The cost of dismantling and removing the aerial facilities is charged to the customer. The cost of the cable, including its installation in trench is borne by the Utility. Such cable is maintained and replaced at the expense of the Utility, provided such maintenance and replacement is not caused by the negligence of the customer, his employees or representatives, and provided the cable is placed by the Utility.

C. Constru	action on Private Property
desi cons a. b. c. 2. Mol a.	idential and Commercial Structures - Where underground construction is red where aerial facilities would ordinarily be provided without a struction charge, the following applies: Where cable is laid in conduit, the conduit is constructed and maintained at the expense of the customer. Such conduit will be constructed to specifications furnished by the Utility. Such underground construction, as specified above, shall be for the exclusive use of the Utility. Where direct lay cable is installed, the owner will provide at his expense, the trench and the special backfill and the Utility will place the cable and associated plant. Solle Home Parks and/or Courts Aerial - the owner of the mobile home park or court is required, at his expense, to provide, install and maintain the poles and anchors necessary for the Utility to run its facilities to the individual customers located in the park or court. The owner of the mobile home park or court will provide the Utility with an easement of not less than five (5) feet wherever the facilities of the Utility are placed. The individual customer living in a mobile home is required, at his expense, to provide, install, and maintain a pole or rise in accordance with the specifications of the Utility's service representative. Underground - The owner of the park or court at his expense digs and backfills a trench to each mobile home space in the park or court, in accordance with Utility specifications. The owner of the park or court at his expense provides, installs and maintains a stub pole or riser at each mobile home space in the park or court.

57.2 <u>UNUS</u>	ONSTRUCTION — Copper Valley EVAL CONSTRUCTION CHARGES (Cont'd) Instruction on Private Property (Cont'd) Substruction on Private Property (Cont'd) Tariff Reference 3.5 Underground Construction in Subdivisions in Advance of Service Types of Subdivisions — Where underground distribution plant would normally be provided at the option of the Utility, no construction charges are applicable. Subdividers and developers frequently request the installation of underground distributing plant and service entrances where aerial plant would normally be provided by GCI, in subdivision in advance of telephone service. In connection with such requests, subdivisions are generally classified as follows: Type 1 — Subdivisions that are laid out and houses built on every lot by the developer on a mass production basis. Type 2 — Subdivisions that are laid out by the developer, who builds houses on a few select lots or sells lots to prospective owners or contractors. Type 3 — Subdivisions that are laid out by the developer and lots sold individually to prospective owners or contractors. In all three types of subdivisions, the subdivider or builder must agree to: a. Furnish rear and side lot easements as required, and b. Provide a semi-finished final grade for the entire width and length of the easement at such time as it is necessary to install
	the distributing cable, and

Subdivider or developer digs and backfills trenches for distribution cable and all service entrances. All trench and backfill requirements will be at no cost to the Utility (applies to Type 1 and 2 subdivisions only), and	Tariff <u>Ref</u>	
d. Adhere to the provisions of the National Electrical Safety Code and Utility specifications.		
In subdivisions of Types 1 and 2, the subdivider or builder must agree to provide a semi-finished final grade from the distribution cable to each foundation or house built by the subdivider at such time as the service entrance is to be installed. Should the semi-finished final grade provided ultimately prove to be unusable, the subdivider or builder will provide any and all changes to the original grade, at his expense. In some instances the Municipality may enter into a "Subdivision Agreement" with the developer covering all utilities i.e. water, sewer, electric and telephone. In these cases the terms of the "Subdivision Agreement" will govern the installation of the Utility's facilities.
