

O. Equity Term Promotion

This promotional offering is for customers who undertake a term of service commitment under the Equity plan, Section 3.1.5(N), between and including May 6, 1998 and September 30, 1998. If the customers do not switch any portion of their Interstate traffic to another carrier, block Interstate service or discontinue their Interstate service during the period covered by their term of service commitment, the following benefit will apply.

For customers with a one-, two- or three-year term commitment, they will receive a credit in their first month of service.

The credit that will be applied to the customer's account will be in an amount equal to their bill for their first month of service, exclusive of taxes, monthly recurring charges, non-recurring fees and any calling plan fees. The maximum credit that will be applied to the customer's account will be \$500.

A customer who has ordered a term of service commitment but who discontinues service before expiration of the agreed upon term must pay back all credits as a termination liability.

The customer may discontinue a term of service commitment prior to the expiration of the applicable term without liability when notice of cancellation is received before the due date of the order for the term of service commitment. Discontinuance of service occurs when a customer is terminated by GCICC for nonpayment or when the customer notifies GCICC that it wished to stop service and does not wish it to be transferred to another main billed account. This promotion cannot be combined with other promotions unless such a combination is permitted in that promotional offering.
