New and existing Business Customers who meet the eligibility requirements described herein, may elect to enroll in this Plan by completing and returning an enrollment form provided by the Company, or by requesting enrollment during the Business Customer's contact with a Company customer service or marketing representative.

1. ELIGIBILITY

- a. Customer must have all its access lines pre-subscribed to Company-provided long distance service, and interstate telecommunication service. Internet Plan I may not be combined with the Clarity Plan when the customer is enrolled in Promotion II, Level 3 in section 3.2.A.T.

The monthly recurring charges for each "GCI BizNet" account include the following internet services: one access account, two e-mail accounts, one web account, one page listing on "alaska.com", and technical support 24 hours a day, 7 days a week.

Under this Plan, provided the Customer continues meeting the eligibility requirements stated above, Business Customers may upgrade any of their internet accounts, from "GCI BizNet" to "GCI Internet Business Builder", for an additional \$16.99 per account per month.

"GCI Internet Business Builder" includes: one dial-up account with unlimited access, one customized web site, GCI Business Web Hosting, "Alaska.com" domain name service, five e-mail accounts, and phone and on-line technical support 24 hours a day, 7 days a week.

- c. If a Business Customer becomes ineligible for this Plan, the Business Customer may continue receiving Company-provided internet service, and the Customer will be charged the prevailing monthly recurring charges associated with "GCI BizNet", or "GCI Internet Business Builder", as applicable.
- d. Business Customers enrolled in the "Internet for Business Plan" under Company's tariff for Local Services are not eligible to enroll in this Internet Plan I.
