

F. Residential Internet Option

Residential Customers, who subscribe to the Company as their primary interexchange carrier, may enroll in this Option. Under this Option, Customers will receive a discount of \$5.00 per billing cycle on their Company provided dial-up internet service. This discount will be applied on the first full billing cycle after enrollment and will continue until the Customer changes to another primary interexchange carrier or stops receiving Company provided dial-up internet service.

EFFECTIVE: August 1, 2001
