

STREAMING SHOWS

With your TiVo DVR, you can easily stream shows to your iOS® device (iPhone®, iPad®, or iPod Touch®) using the TiVo app. (Streaming means watching a video directly from another device; there's no need to wait for the video to transfer or download before watching it.)

You can also extend your TiVo experience into other rooms in your home with the TiVo Mini. The TiVo Mini lets you watch live TV and stream recorded shows from your TiVo DVR.

THE DISCOVERY BAR AND TIVO SUGGESTIONS

MAY WE MAKE A SUGGESTION?

TiVo is the only entertainment experience that understands what you like because only a DVR with the TiVo experience keeps track of your programming likes and dislikes and make suggestions accordingly.

TIVO SUGGESTIONS

You can rate any show — whether it's live, recorded, or listed in the program guide — by pressing the THUMBS UP® or THUMBS DOWN® button on your remote. You can give a show up to three Thumbs Up (great!) or three Thumbs Down (terrible!). TiVo Suggestions uses these ratings to create a list of shows you might like. The more shows you rate over time, the better TiVo Suggestions will get at finding interesting shows for you.

THE DISCOVERY BAR

The Discovery Bar appears at the top of most TiVo screens. What you'll see in the Discovery Bar depends on you! Often, the Discovery Bar displays ideas for shows you might like based on what shows you record and mark as your favorites. The Discovery Bar also displays lots of other great viewing options: popular shows or sports events that are playing on live TV, items from your My Shows list, TiVo Suggestions, new video on demand shows, and more!

QUICKMODE™

IT'S NOT FAST-FORWARD, IT'S QUICKMODE!

QuickMode lets you watch a show 30% faster, while also letting you hear what everyone is saying! No chipmunks allowed.

QuickMode is available while you're watching a recorded show, or if you're "behind" live TV (for instance, if you have rewound a show that's airing live). Just press PLAY to bring up the status bar, then SELECT to start QuickMode. Press PLAY and SELECT again to watch at normal speed.

ONEPASS™

YOUR TICKET TO LIMITLESS ENTERTAINMENT.

OnePass gathers every episode of a series available anywhere and adds them all right to your My Shows list. Now you can watch a series from beginning to end, or start on any episode or season you want. If it's not available on TV or video on demand, OnePass fills in the gaps with episodes from providers like Netflix, Hulu, HBO GO, and Amazon.

To create a OnePass, find a show you want to watch, then choose "Create a OnePass."

FIND. WATCH. REPEAT.

All of your recordings and streaming videos appear in the My Shows list. To get to the My Shows list from any menu screen or from live TV, just press the TiVo button twice. (Just press it once if you're already on the TiVo Central screen.)

The My Shows list includes categories that make it easy to find what you want to watch fast. Want to see all the kids' shows you've recorded? Select Kids. Or lists of TV shows or movies that don't include kids' shows? Select TV Series or Movies. Plus, 'Video Providers' takes you right to all of your video on demand options!

EVEN MORE COOL STUFF YOU CAN DO...

BRING ALL YOUR ENTERTAINMENT TOGETHER.

Get all your shows, movies, and more from one simple and easy-to-navigate menu. Just click the TiVo button on your remote and a world of entertainment is at your fingertips.

SEEK AND YOU SHALL FIND!

Only the TiVo experience offers fully integrated search. No other device instantly scans across all TV programming, available on-demand libraries and the web to find exactly what you want. It's like an entertainment search engine presenting you with a list of great options, so there's almost nothing you can't start watching in seconds!

Search by show title, episode title, show description, or person name (actor, director, etc.). The TiVo service searches upcoming TV shows and movies and video on demand offerings all at the same time. You can even search for a particular channel by its network name or call sign (e.g., ABC or ESPN).

TAKE A SHORTCUT TO GREAT SHOWS.

So many channels, so little time! TiVo's "What to Watch Now" immediately presents you with the programming you most enjoy without surfing channels or browsing a guide.

"What to Watch Now," helps you sort through your viewing options by showing you what's available right now in an easy-to-use format. Choose from popular TV shows currently airing on live TV, to live sports events, to movies, to TiVo Suggestions, and more! Just select "What to Watch Now" from the TiVo Central screen to get started!

TIVO IS ALL ABOUT PLEASANT DISCOVERIES.

Finding the things you love is a snap with a WishList® search. Have a subject, title, actor or director you're curious about? Just set up a WishList search and your TiVo box will search all your programming 24/7/365 and record it for you.
